“And all that dwell upon the earth shall worship him, whose names are not written in the book . . .” (Revelation 13:8).

The world is in much turmoil. The war between Israel and Hamas continues to rage on sparking major protests on college campuses across America. People are angry about what is taking place with all the bloodshed on both sides. And it seems like there will be no end to this war until one side destroys the other. Nevertheless, Bible prophecy teaches there will be an end to this conflict.

During His earthly ministry Jesus Christ mentioned an event called the Abomination of Desolation that would take place just “prior” to His Second Coming and the end of the world (see Matthew 24:15). This event will take place on the Temple Mount in Jerusalem. With the Lord’s help, in this edition of *Tribulation Watch Newsletter* we explain this important end-time event with not only words but also with artwork.

God bless you!

Bro. Matt Tiemann

“...and none of the wicked shall understand, but the wise shall understand.” (Daniel 12:10)

Did you know priests in Israel are preparing to sacrifice a red heifer?

The reason for the “October Al Aqsa Flood” Hamas attack on Israel has everything to do with the “five perfectly red heifers” that were announced a month prior in September 2023.

Many people do not realize this, but the five cows that have not yet born calves—all genetically engineered (GMO), by the way—come from Texas and meet Israel’s requirement for sacrifice. Using the ashes, Israel will then rebuild and inaugurate a third temple along with animal sacrifices, paving the way for the Jewish messiah, also known as the Antichrist, to take over.

Once the red heifers were publically announced, Hamas reportedly responded with claims that the ashes would be used to “Judaize the holy mosques,” adding that the “Al Aqsa [the mosque on the Temple Mount] is in danger,” hence the subsequent Hamas attack.

Hamas’ Abu Obeida cited the heifers as the reason for the attack, declaring their arrival an act of “aggression against the feelings of the entire nation in the heart of its Arab identity,” not to mention what Muslims see as a major act of disrespect against Mohammed, their prophet.

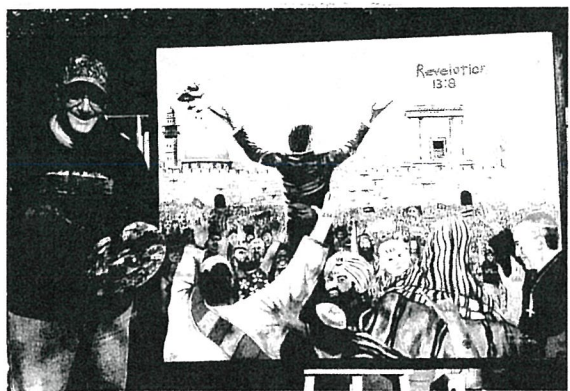

Adding Fuel to the Fire

“Lacking a red heifer has left all of Israel ritually impure and unable to properly perform many other commandments,” reported *Israel 365 News* about how the Jews are looking for the heifer rather than Jesus Christ to purify them of their sins.

In order to even perform the ceremony, a priest has to be purified using the prepared ashes (see Numbers Ch. 19), which is now possible once the chosen heifer is slaughtered and burned in accordance with Judaism.

Once the red heifer has returned, which it apparently has, the time to reinstate the Jewish Temple will have arrived. And with the new temple will also come the arrival of the Jewish messiah known as Antichrist, whom they will worship instead of Jesus Christ during the time of Jacob’s Trouble (The Great Tribulation).

“These red heifers can bring world peace!” *Israel 365 News* blasphemously reported. “The Bible teaches us, that the key for building the “Third Temple (the House of Prayer for All the Nations) is purifying us with the red heifer in Jerusalem.” In other words, the red heifers come first, then the Temple, then the Antichrist who will rule with a one-world government. —Ethan Huff, *Natural News*.

The Abomination of Desolation

By Matt Tiemann

Editor's note: In the Spring of 2018, I finished the above painting which I named “Worshipping the Beast.” The painting is also my visual interpretation of the Abomination of Desolation that Jesus wants all of us to understand in these last days in which we live (see Matthew 24:15).

Nearly two thousand years ago, Jesus Christ sat down with His disciples on the Mount of Olives outside of Jerusalem. As they all gathered around, our Savior went over many different signs that would take place “prior” to His Second Coming and the end of the world. Jesus told His disciples that in the last days people should watch for false prophets, wars, rumours of wars, famines, pestilences (diseases), Christian persecution and great earthquakes in different places of the world (see Matthew 24, Mark 13, Luke 21).

The honest seeker after truth would have to admit the end-time signs that Jesus shared with His disciples in the Gospels are now coming to pass in these last days. However, there is one sign that Christ mentioned that has not yet come to pass, and that is the ABOMINATION OF DESOLATION.

There has been much confusion in the church world over the years when it comes to understanding what or who the Abomination of Desolation is. Nevertheless, it is important that we do understand it because Christ put a special emphasis on it. Let's read: ***“When ye therefore shall see the Abomination of Desolation, spoken of by Daniel the prophet, stand in the holy place, (WHOSO READETH, LET HIM UNDERSTAND) (Matthew 24:15).***

The Man of Sin

The Abomination of Desolation has been taught in the past by prophecy teachers as being Antiochus Epiphanes, the ruthless pagan king of Syria, who sacrificed a swine on the alter before the temple in Jerusalem, 165 B.C. Other theologians seem to think it was a Roman pagan house of worship that was constructed after the Jewish temple was destroyed, 70 A.D. However, the word *Therefore* that Jesus used in (verse 15) is a pivotal word that brings the reader back to the original subject which was of the end-time signs. With this in mind, the Abomination of Desolation that Jesus said to watch for is simply that, an end of the world sign.

Jesus did give the end-time generation some help when it comes to understanding the Abomination of Desolation when he referred to the prophet Daniel. ***“But when ye shall see the Abomination of Desolation, spoke of by Daniel the prophet, standing where it ought not, (let him that readeth understand,)...” (Mark 13:14).***

In the book of the Daniel the Abomination of Desolation is mentioned twice. The first time it is mentioned, it replaced the *daily sacrifice* which we will explain later. ***“And arms shall stand on his part, and they shall pollute the sanctuary of strength, and shall take away the daily sacrifice, and they shall place the abomination that maketh desolate” (Daniel 11:31).***

With a close study of Daniel chapter 11, you will find that the word *HE, HIM, and HIMSELF* are used over twenty-five times starting from v.31 to the end of the chapter. In simple English language, the word *HE* is referring to a single individual male figure.

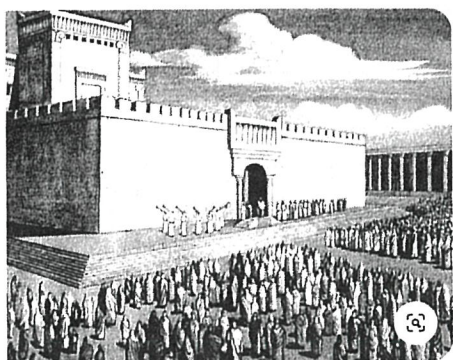

There are also other proofs that the Abomination of Desolation is a man. He has many different character traits found in Daniel chapter 11 that can only point to this conclusion.

1. He is a man of flattery ***"And such as do wickedly against the covenant shall HE corrupt by flatteries..." (Daniel 11:32).***
2. He is a corrupt, violent person who makes war against the saints of God. ***"And they that understand among the people shall instruct many: yet they shall fall by the sword, and by flame, by captivity, and by spoil, many days" (Daniel 11:32).***
3. This individual will be so lifted up in heart, that he will claim to be greater than God. ***"And the king shall do according to his will; and HE shall exalt himself, and magnify himself above every god, and shall speak marvelous things against the God of gods, and shall prosper till the indignation be accomplished: for that is determined shall be done" (Daniel 11:36).***

Final Siege of Jerusalem

It is not a secret that orthodox religious groups in Israel are planning to build a third temple on the Temple Mount in Jerusalem. With modern day equipment, the building of a third temple would probably only take a year or two to build. After it is finished, no doubt Jewish priests will begin the ancient practice of animal sacrifices. This will anger the world, especially the Muslim world.

One key end-time event that Christ mentioned to His disciples is that the city of Jerusalem would suffer one last siege and be trodden down by outside hostile forces. ***"And when ye shall see Jerusalem compassed with armies, then know that the desolation thereof is nigh" (Luke 21:20).***

While in exile on the isle of Patmos, the Apostle John through the Revelation of Jesus Christ, witnessed the final siege on Jerusalem. With detailed accuracy he gives an explicit time period to the conquest. ***"But the court which is without the temple leave out, and measure it not; for it is given unto the Gentiles: and the holy city shall they tread under foot forty and two months." (Rev. 11:2).***

The important thing to understand about John's vision of the destruction of Jerusalem is that it was written around 96 A.D. The Romans destroyed the city in 70 A.D, so John could not have possibly been talking about that battle.

Once more, the prophet Zechariah prophesied against Jerusalem. The prophet gives a haunting picture of the final desolation of God's holy city. ***"For I will gather ALL nations against Jerusalem to battle; and the city shall be taken, and the houses rifled, and the women ravished; and half of the city shall go forth into captivity, and the residue of the people shall not be cut off from the city (Zechariah 14:2).***

The city of Jerusalem is extremely important to get a clear understanding of end-time Bible Prophecy. The city is God's special place on earth. It is so special to Him, that He stamped His name there forever (see Jeremiah 25: 29).

Since Jerusalem belongs to God, naturally Satan wants it! This is a spiritual battle between light and darkness. The devil is no quitter, he has been working overtime for many years now in the hearts of wicked men to capture Jerusalem for himself. When the Antichrist rises to power, there's little doubt that he will not have his eyes on Jerusalem and the Temple Mount that is in the midst of the city. Jerusalem sits between the Dead Sea and the Mediterranean sea. This is the precise place where the Bible says the "Man of Sin" will build his palace. ***"And he shall plant the tabernacles of his palace between the seas in the glorious holy mountain:..." (Daniel 11:45).***

Since Israel's rebirth in 1948, she has suffered attack after attack from the Muslim countries that surround her. These countries have one desire, and that is to see this tiny Jewish nation wiped off the face of the earth.

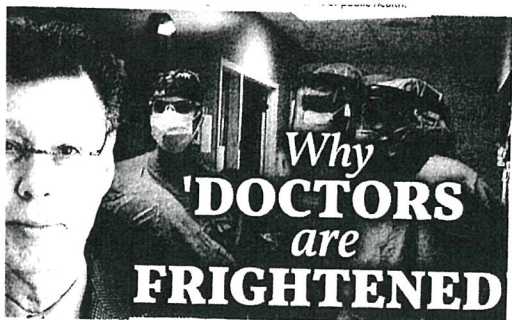

Since their modern existence, the United States has been Israel's friend and ally. However, this trend has been changing over the last few decades. There has been great pressure placed on Israeli leadership by the Clinton, Bush and even the Trump administrations, to trade land for peace with the Palestinians. However, these peace talks have proven to be unstable and ultimately ended in failure!

It is getting clearer as the days go by that an outside force will be the ultimate decision maker in the Middle East conflict. The United Nations have proven over and over down through the years. that they are not Israel's friend but

in the past Israel has allowed UN peace keepers to gather on their northern border. It is very possible they will have to do it again in the near future which could lead to their ultimate doom. But will fulfill the Prophet Zechariah's prophecy of ALL nations coming against Jerusalem (Zechariah 14:2).

Victory over the city will set the stage for the "Man of Sin" to make his ultimate declaration that not only Christ and Daniel spoke of, but also the Apostle Paul. ***"Who opposeth and exalteth himself above all that is called God, or that is worshipped: SO THAT HE AS GOD SITTETH IN THE TEMPLE OF GOD, SHEWING HIMSELF THAT HE IS GOD" (2 Thess. 2:4).***

Conspiracy Alert!!!

A professor emeritus of epidemiology in the Department of Epidemiology and Public Health at the Yale School of Public Health and the Yale School of Medicine is speaking out about the horrors he and his colleagues are witnessing in patients who were previously "vaccinated" for the Covid-19 virus.

Dr. Harvey Risch says that the number of "turbo cancers" is skyrocketing ever since the launch of Operation Warp Speed, a Trump administration scheme that fast-tracked COVID jabs into production and released them *en masse* under the guise of a "public health emergency."

Many of the people who were jabbed in obedience to both the Trump and Biden regimes now suffer from fast-moving cancers, Dr. Risch revealed in the interview with Epoch TV's American Thought Leaders" program. Because of how many "fully vaccinated" people now have turbo cancer, the next available appointment times at a major oncology clinic in New York extend months into the future rather than weeks.

Dr. Risch admits that it is somewhat difficult to observe the true cause of someone's cancer since cancer cells typically take awhile to develop into detectable tumors. It can take up to 30 years, or perhaps as little as just a few years, for cancer to form depending on the type.

"What clinicians have been seeing is very strange things," Dr. Risch stated. "For example, 25-year-olds with colon cancer, who don't have family histories of the disease-that's basically impossible along the known paradigm for how colon cancer works-and other long-latency cancers that they're seeing in very young people."

In other words, the types of cancer that Dr. Risch and his colleagues are seeing do not follow the normal path of cancer development. Everything changed after Operation Warp Speed, and now speculation is growing among many that perhaps COVID injections are to blame. "There has to be some initiating stimulus to why this happens," Dr. Risch said.

In normal, healthy, unvaccinated humans who eat right, get rest, stay hydrated, and avoid as many cancer-causing stimuli as they possibly can, cancer has almost no chance to form because cancerous cells are easily destroyed by immune cells. In someone who is fully jabbed, it is a completely different story.

"That's the mechanism I think is most likely here," Dr. Risch explained. "We know that the COVID vaccines have done various degrees of damage to the immune system in a fraction of people who have taken them."

Another example Dr. Risch provided was breast cancer, which normally takes several decades to reoccur after surgical removal. However, in fully vaccinated women, the re-manifestation of breast cancers is occurring much more quickly over a much shorter period of time.

"Those are the initial signals that we've been seeing, and because these cancers have been occurring in people who were too young to get them, basically, compared to the normal way it works, they've been designated as turbo cancers," Dr. Risch explained.

"Some of these cancers are so aggressive that between the time that they're first seen and when they come back for treatment after a few weeks, they've grown dramatically compared to what oncologists would have expected for the way cancer normally progresses."

God bless you friend. Stay close to Jesus. Keep your eyes of Jerusalem!
