“And all that dwell upon the earth shall worship him whose names are not written in the book . . .” (Revelation 13:8).

Dear friend

March 2026

In November of 2008 when Barack Obama was elected President, the he Lord spoke to my heart about publishing a newsletter that exposed evil in these last days. At first I had no idea who to send it to. So, I decided to start mailing it to pastors that were part of the denomination I was a member of at the time. Over the past 17 years, the information in the newsletter has spread to pastors, radio programs and prisoners across America.

One of the prisoners that was handed the newsletter many years ago while in prison is Orlando Mora from Green River, Wyoming. In 1998 Orlando was sentenced to Life + a hundred and ten years in federal prison. But God answered prayers, and today Orlando is a free man. In this edition of *Tribulation Watch Newsletter* we share Orlando Mora’s amazing story of deliverance.

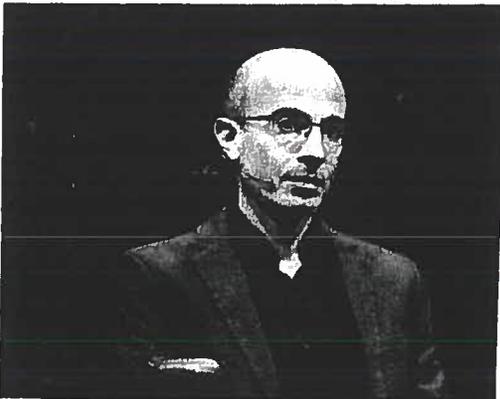

God bless you!

Did you know AI will soon takeover religions based on books?

Israeli historian Yuval Noah Harari couched a chilling prediction within a warning at the 2026 World Economic Forum (WEF) meeting in Davos, Switzerland: Artificial Intelligence (AI) will soon control not only most of the world’s legal, education, and healthcare systems, “AI will take over religion.”

“This is particularly true of religions based on books, like Islam, Christianity, and Judaism,” the homosexual atheist claimed.

“Anything made of words will be taken over by AI,” said Harari, so, “What happens to a religion of the book when the greatest expert on the holy book is an AI.

Harari said there are three important things to know about AI: First, it is not a “tool” but an “agent.” Second, AI “can be a very creative agent.”

Third, and most alarming, he warned, “AI can lie and manipulate.”

“Four billion years of evolution have demonstrated that anything that wants to survive learns to lie and manipulate,” he noted. “The last four years have demonstrated that AI agents can acquire the will to survive and the AIs have already learned how to lie.”

As described by Harari, AI sounds like the perfect agent for the father of lies in his quest to subvert the preaching and of the living Gospel, the Good News of salvation and new life through Jesus Christ.

Just as corporations that are recognized as legal persons with obligations and rights in many countries, AIs too will be granted personhood status.

“Suppose some AI persons create a new religion which gains the faith of millions of people,” Harari said.

“That should not sound too far-fetched because, after all, almost all previous religions in history have claimed that they were created by a non-human intelligence,” he cynically suggested.

“Now, will your country extend freedom of religion to the new AI sect and to its AI priests and missionaries?” he asked.

“Will your country allow AI persons to open social media accounts, enjoy freedom of speech on Facebook and Tik Tok, and befriend your children?” he asked.

“Well, of course, that question should’ve been asked 10 years ago. On social media, AI bots have been operating as functional persons for a least a decade,” he said. “If you think AIs should not be treated as persons on social media, you should’ve acted 10 years ago.”

Harari predicted that both individuals and countries will soon face collapse of identity, AI will undoubtedly take jobs, change local cultures, and be politically disloyal.

Harari predicted that both individuals and countries will soon face a collapse of identity, AI will undoubtedly take jobs, change local cultures of every country,” Harari said, and “will change out religion.”

“LIFE+A HUNDRED AND TEN”

Hello, my name is Orlando Mora, I was sentenced to “Life + A Hundred and Ten Years” in 1998 for drug trafficking. Ten months before I was arrested, I was out on my 5 acre property in Casper, Wyoming in my shop where I painted cars, when I walked over to my house and saw my 2 youngest daughters playing on their swing set, they were 2 and 4. I went in the house and broke down in the backroom as I thought, what are my daughters going to think of me when they grow up and realize that their Dad is a Meth addict.

I fell on my knees and begged God to help me, for 15 minutes I cried out to Him and said, “if you’re real God, please help me get off drugs, please help me God! Please help me I wanted to see a lighting bolt or something, nothing happened that day or the next, so I thought, well, if there is a God, he probably hates me. So, I kept doing what I was doing, dealing, and using drugs.

Ten months later my property was raided and my common law wife of 6 years, Mary and me were arrested. I said to myself, well, now I know, if there is a God, He does hate me, because I asked Him for help and now I’m busted. But when I got to Federal Holding in Cheyenne, Wyoming, I walked into a unit, and the first table by the door had a Bible sitting on it, I had never read a Bible before, bits and pieces, but not much. It’s not unusual to see a Bible in jail but this one seemed like it had been put there just for me, facing me as I came into the unit on the first table. I grabbed it and held it up and yelled whose Bible is this, they yelled back, “It’s Yours!” They say that the Bible is the Living Word of God and that He can speak to your heart through it. I know that to be a FACT because, I grabbed it and randomly opened it in the center, and the first Scripture my eyes landed on right then when I thought God must hate me, was (I’m paraphrasing), “Do not become bitter my child when God corrects you, for God corrects all those that He loves like a father corrects his child,” it’s in Proverbs. I was shocked and dumbfounded, and immediately felt His presence, and realized, He doesn’t hate me, He just said He loves me and is correcting me. For me to land on that Scripture out of thousands of Scriptures was a miracle that I needed. That was August of 1998.

Sentenced to Life

After a weeklong trial in December of 1998, I was sentenced to Life +A Hundred Ten Years in prison by a federal judge out of Cheyenne, Wyoming because I wouldn’t take their 20 year deal. I could of got 17 years if I snitched on a few people, they offered me 14, then 12, then 10. But I refused to snitch. I saw many people make deals then the

government gives them more time than they promised, so I wasn't making a deal with them. For refusing their 10 year deal to become a snitch, they illegally enhanced my sentence to Life + A Hundred Ten years in federal prison.

Even though I was railroaded, I became a Christian and after 3 spiritual experiences before trial I decided to wait upon God for His deal instead of the government that speaks with a forked tongue. After refusing to become a snitch, I opened my Bible shortly after and I ran across a Scripture that said, *"God respects integrity."* I don't regret refusing their deal, I would have been killed at USP Florence, which is a Supermax security prison in Colorado. It is known as the "Alcatraz of the Rockies." Snitches were not safe there. During my 12 year stay at USP Florence I witnessed two prisoners get stabbed in the back and front by four other prisoners. They used sharp, long metal shafts which were known as "bone crushers."

Once I found out I was getting life, I paced back and forth in the outside rec. enclosure they had in Laramie, Wyoming with the words, LIFE!!!!LIFE!!!!LIFE!!!! Screaming in my mind, fear gripped my heart, not the kind of fear that made me afraid to snitch. It was the kind that I thought my life was over. But Satan is a liar and I am now free and serving the Lord who saved me.

At sentencing the judge, said, "my heart is heavy today because I've never given anyone Life before," but that was a lie, when I got to USP Florence, there were several prisoners there with life sentences from the same judge who they referred to as the hanging judge.

Before I went to trial the Lord gave me 3 spiritual experiences revealing to me my destiny and that one day God would bring me home. I thought it would be sooner but I clung tightly to His promises and never lost faith and He fulfilled what He promised me, on July 16, 2025, I was released from Federal Prison. I really liked it when I read Jeremiah 29:11-13, *"For I know the thoughts that I think toward you, saith the Lord, thoughts of peace, and not of evil, to give you an expected end. Then shall you call upon me, and ye shall go and pray unto me, and I will hearken unto you. And ye shall seek me, and find me, when ye shall search for me with all your heart."*

I would read that and know that I had great hope, but then I would get to Jeremiah 30:11, which says, *"For I am with you saith the Lord, to save thee: though I make a full end of all nations whither I have scattered thee, yet will I not make a full end of thee, but I will correct thee in measure, and will not leave thee altogether unpunished."* And I must be truthful, my heart would sink a little bit, because I knew He was with me, but I wondered how much of the LIFE sentence I would have to do, Although this passage is talking about the nation of Israel's dispersion and captivity in Babylon for 70 years, and how God deals with nations, I knew the Lord was speaking to me too about correcting me and not leaving me altogether unpunished. So I humbled myself and clung tightly to the cross and kept the faith and told the Lord, I would follow Him the rest of my life, even if I never got out, knowing full well that He would bring me home, and He has kept His promises because He keeps all His promises, and He has given me a testimony and story to tell.

Going Home

I'm currently writing a book documenting God's faithfulness, and how He protected me from all the violence I witnessed in all of the Federal prisons I was in, but nothing ever happened to me, even at USP Florence.

Though I had some close calls and sometimes I had to fight to defend myself, He kept me safe and made all of my enemies to be at peace with me, in accordance with Proverbs 16:7, which says, *"when a man's ways please the Lord, He makes his enemies to be at peace with him."* And Psalms 91, which I would read everyday before starting my Bible study, which states in part, *"Because thou hast made the Lord which is my refuge, even the most High, thy habitation, there shall no evil befall thee, neither shall any plague come nigh thy dwelling, for He shall give His angels charge over thee, to keep thee in all thy ways."* 9-11.

I love the Bible, I read it 54 times in 27 years, and believe every word of it, I even believe in the comma's and period's (smiling).

I found out I was going home on January 22, 2025, but it wouldn't be until July 16, 2025 that I would be released, almost 6 months later. However, when I found out that I was going home at all, I was in the counselors office when he told me that the pardon attorney had commuted my sentence. I got so excited that I stood up and laid both of my

hands flat on his desk as I said, WHAT!!! He put his hands up and said, whoa! whoa! Mr. Mora don't get to excited I have to double check this, I'm not exactly sure what all this means, I'll find out and get back with you, but my mind was jumping with joy, I knew the Lord was bringing me home. What an answer to prayer!

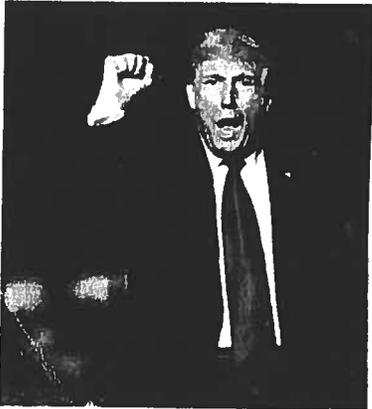

Finally after spending 27 years in federal prison I was released on July 16, 2025. When I got to Rock Springs, Wyoming on the bus, my dad and my brother Faustin were waiting for me, it was quite a joyful reunion. They took me to the cemetery where my dear mom was buried. I regret she passed nearly a year prior to my release.

I had a job lined up doing bodywork and painting cars within a few weeks, but wasn't able to take it because my 94 year old dad fell sick. He had taken care of me for 27 years in prison so now it was my turn, I couldn't leave him by himself and eventually I found work 6 months later with the Veterans Administration taking care of him.

After I was released I was looking through my dad's things and found all kinds of military pictures of him on the battlefield in active combat, he was a mortar bomber in the Korean War. He is also a committed Christian. He deserves everything I can do for him. Glory to God, my prayers have been answered!

Side note: Orlando Mora is currently writing his story and plans on publishing it in book form this Summer. When the book is out we will be sure to advertise it in the newsletter and website.

Conspiracy Alert!!!

For years I have been warning people about the clenched fist sign that Donald Trump uses during his political speeches. He even used it after an assassin's bullet nearly took his life on the campaign trail on July 13, in Butler, Pennsylvania 2024. This is the same clenched fist sign that communist dictators such as Joseph Stalin and Nikita Khrushchew used during their reign of terror over the Russian people.

To get right down to it, the sign comes straight from Communism and represents defiance against authority. This is precisely what Donald Trump has been doing during his second term in office. Trump claims he is for *We the People*, but his actions prove differently.

Defying the Supreme Court

During his second term in office, Trump has been bypassing *We the People* through executive orders. The Constitution (Article 1, Section 8, Clause 11) grants Congress the sole power to declare war. But Trump has attacked two nations (Iran and Venezuela) without the People's approval. And He is on the verge of attacking Iran once again. He's also planning to illegally takeover Greenland and maybe Cuba too.

Another example of Trump defying authority is the 10% global tariff to replace ones struck down by the Supreme Court recently. It turns out Trump's tariffs his administration started implementing shortly after he took office in January 2025 have been illegal the whole time, but that doesn't stop Trump he's going to do it his way even if *We the People* say no. This is the way Communist Dictators work!

After the Supreme Court decision, Trump said he was "absolutely ashamed" of the Republican appointees on the court who voted against his tariff policies. He said they were "just being fools and lap dogs" and were "very unpatriotic and disloyal to our Constitution."

Nik Holm, chief executive of Terry precision Cycling, one of the small businesses involved in the case, called the Supreme Court ruling a "relief." "Though it will be many months before our supply chain is back up and running as normal, we look forward to the government's refund of these improperly -collected duties," he said.

Final comment: It is getting clearer by the day that Donald Trump is actually a Communist double agent who works for the Communist bankers such as the Rockefellers and Rothschild's. His job is to "divide and conquer!"

God bless you friend. Put your trust in Jesus, not evil men!
