

Firing line:

NEVER SHOOT FROM ANY POSITION FORWARD OF THE FIRING LINE.

Fire only from the firing point that lines up with your target.

Fire only from behind the firing line.

Do not stand in front of the firing line.

Moving forward of the firing line

Before anyone goes forward on the firing line, all firearms shall be made safe. All actions must be open and magazines must be removed.

DO NOT HANDLE FIREARMS FOR ANY REASON (EVEN TO CASE THEM AND LEAVE THE RANGE) WHILE PEOPLE ARE DOWN RANGE.

Targets:

Paper, cardboard or composite targets only.

Make sure targets are placed eye level from **where you are shooting from**

Do not hang targets on the upright posts.

Make sure targets are placed so all bullets impact the berm.

This means that you cannot place targets on the top of the berm, or on the ground.

Cans, plastic bottles, glass containers may not be used as targets.

The only METAL targets that can be shot are the permeant targets on the post.(NO personal steel targets may be shot!) NO exploding targets (Tannerite)!

Unacceptable firearms:

NO FULL AUTOMATIC OR RAPID FIRE SLIDE OR BUMP STOCKS TO BE FIRED ON RANGES !

Range berms are not approved for full auto and rapid fire weapons.

No shotguns with bird or buckshot. They wreck the target board. This is not the place to pattern a shotgun. We have a shotgun pattern board (Above the burn pit)

No .50 cal. or cannons.
