Arches Pergola

This piece is designed to be a simple but exceptional addition to your backyard. Installed on a pressure treated patio base(optional) or concrete, tile floor. Made of common (knotty) Cedar unfinished or oil finish. It has a stunning, rich texture, that gets a gray/green color when weathered. It has the classic look as all cedar siding and roofing has after years of exposure. It is great exterior, weather proof material. The Base is 2"x6" pressure treated pine, covered with 5/4" thick treated decking (optional) and painted with transparent oil finish. The canopy covers over the arch design gives excellent shade and protection on a strong sunny day.
