Happy Summer Friends & Members of the Costa Mesa Libraries.

We are at the beginning of summer and it’s time for us to GROW. This topic has me thinking of the different ways we can expand and GROW. It began when a Donald Dungan patron reminded me of the importance of trying something new. He had given a generous donation to Friends to purchase books and audio books of author John Scalzi’s Old Man’s War series for the Donald Dungan Library. He enthusiastically recommended reading books in the sci-fi genre; since it’s always a good idea to try something new and to look at the world through a new lens. I gave this some thought and checked out audio books in the Young Adult genre. It was time for me to explore new authors and new voices, and so I checked out The Partition Project by Saadia Faruqi and Warrior Girl Unearthed by Angeline Boulley. Each story involved two teenagers trying to navigate through their lives with all the current demands of teenagers, social media, class, culture and family influence. The books traversed through Native American life, Pakistani traditions, history, and current bigotry, shame, confusion and desire.

For me, each story was a glimpse into history and the weight of a family’s ancestors’ experiences impacting their children, our children, today.

I encourage you to read a new genre. Look at the world through a new lens.

Libraries have so much to offer. They are a grand institution that give so much. Take advantage of all the books, computer access, and programs at your local library. Explore something new to help you GROW this summer.

Kind Regards,
Cheryl Fletcher

Help Save Library Funding!

We need your help to restore the California State Library's FY2024-25 budget for online tutoring services and Lunch at the Library.

Without your help, critically important services could end. The Lunch at the Library program uses public libraries to address summer hunger among the 2 million Californian children who qualify for free or subsidized meals.

HelpNow Online Tutoring provides 24/7 live homework assistance across all core subjects, offers bilingual support, and bridges the educational gaps in all communities, especially underprivileged ones.

Although these programs have an incredibly impactful impact, the California State Assembly is considering eliminating them.

Please send an email to your Assembly Member and State Senator to reverse these proposed cuts.
