RE: High Plains Wast Water Disposal – Tracking Number 28468038

Dear Mr. Baiocchi:

Attached, please find the HPWWD response to your NOD email of October 16, 2023.

Enclosed, please find the following:

- 01 Correspondence Cover Sheet (Form TCEQ-20714)
- 02 This dated cover letter
- 03 Second NOD with added comments, responses, and location of each revision by reference to part, section, and page number
- 04 Copies of revised pages (1-redlined and 2-copies)
- 05 Copies of Figures on 11X17 sheets
- 06 A revised applicant certification (00650)

Please note that the entire applicant certification form (00650) was included as two or the contact names have changed (mayor of the City of Amarillo and Executive Director of the Panhandle Regional Planning Commission).

Additionally, the response from the PRPC is not complete. A letter was sent to the Executive Director dated March 1, 2023. No response was given at that time. When you requested a response, I began calling the new Executive Director. He was unaware of our request, so I resent the letter. He passed the request on to Ms. Daphne Morcom, Regional Services Program Specialist for the PRPC. I am currently working with her to provide the requested information, but a response will not be ready until after the due date of this NOD. As soon as I have a complete response from the PRPC, I will forward it to you.

An email containing the above submittals will be sent with three copies sent vis post.

Please feel free to call me at 806.679.9735 with questions.

Sincerely,

Jerry W. Andersen, PG
