

ShowerGuard Lifetime Limited Warranty

Guardian ShowerGuard® glass is warranted to the original end-user customer to be free from visible staining, corrosion or discoloration under normal use for as long as the original end-user owns the residence or other property at which the shower enclosure is installed. The warranty is in effect when registered as required below, installed as part of an indoor shower enclosure and regularly maintained according to Guardian's recommendations based on to water type.

To obtain coverage under this limited warranty, original end-user customers must register their purchases online at www.ShowerGuardGlass.com within 90 days of purchase, except where state law prohibits registration. Customers should retain a copy of the online purchase registration page along with their invoice. Although registration is recommended for all purchases to insure best customer service, purchasers in California and elsewhere where requiring registration is prohibited by law are not required to register to obtain warranty coverage and failure to do so will not diminish their warranty rights.

 Indicates an eco-friendly product

Avoid the following with ShowerGuard glass:

- Abrasive cleaners such as Ajax, Comet, rouge and cerium oxide.
- Hydrofluoric and phosphoric acids.
- Abrasive brushes, razor blades and other sharp objects which may scratch the coating or glass.

Cleaning tips:

- A soft cloth or wet sponge and approved household cleaners can be used for general cleaning.
- A clean water rinse should follow the use of any cleaning product used on ShowerGuard glass.
- Follow cleaning product's instructions for use.
- Please note: some cleaning products may not be safe for all shower surfaces.
- Use a squeegee after showering to reduce cleaning frequency.

Water Spot Removal	Recommended Cleaner	Recommended Cleaning Frequency
Water spots are not removed by soap and water	Any glass cleaner, e.g. Windex	As needed
Water spots are removed with vinegar	Any acidic glass cleaner, e.g. 50 / 50 water and vinegar solution	Approximately once every 15 showers
Water spots are not removed with vinegar	Cleaners with mild abrasives, e.g. Soft Scrub Lemon Cleanser	Approximately once every 10 showers

Recommended cleaning frequencies are guidelines only. Actual frequency will depend upon humidity, water hardness, shower temperature and other variables.

Your ShowerGuard glass enclosure will look like new using these simple care guidelines and recommended cleaning products. Unlike ordinary glass, it won't stain or dull over time, so your cleaning routine is continually rewarded with clear, beautiful results.
