→ 1st Quarter	06		
→ 2nd Quarter	07		

Overview

Conservation districts engage people with voluntary actions that keep our air, water, soil, habitats, and farmland healthy for all.

Districts are community-based hubs of natural resource expertise and funding.

Conservation districts are staffed and led by locals who understand the needs of landscapes and fellow community members that they serve.

NACD Urban Ag Grant

Planning and documenting progress

In 2024, CCCD applied for and was awarded a \$10,000.00 planning grant to address food insecurity in our community. Our continued progress in planning for the larger grant involves a small-scale trial community garden located at Cartmell Elementary.

Looking Forward

As we look to the future, Carroll County Conservation District plans to apply for the larger NACD implementation grant addressing food insecurity in the larger Carroll County area.

Year-long Programs
