## Christmas Kick off & 4 month Blocks of the Month

**Come in Monday morning to learn about this fun new sampler quilt project. We'll also be previewing a number of our Holiday projects and providing inspiration for you to get started on those Christmas projects.**

Join our BOM (Block of the month) to make this Trees-A-Plenty sampler quilt. For just a \$15 registration fee you will receive the patterns, and most of the fabric for the blocks. This is a 4 month program so you will be able to have your quilt completed by the Holidays.

This is a demo only project. You come to a monthly meeting to show off your completed blocks and collect your next set of patterns and fabric. You will sew at home.

As an added bonus this group will be offered a monthly discount on some products and will have first access to new sale items! And, a perfect attendance award.

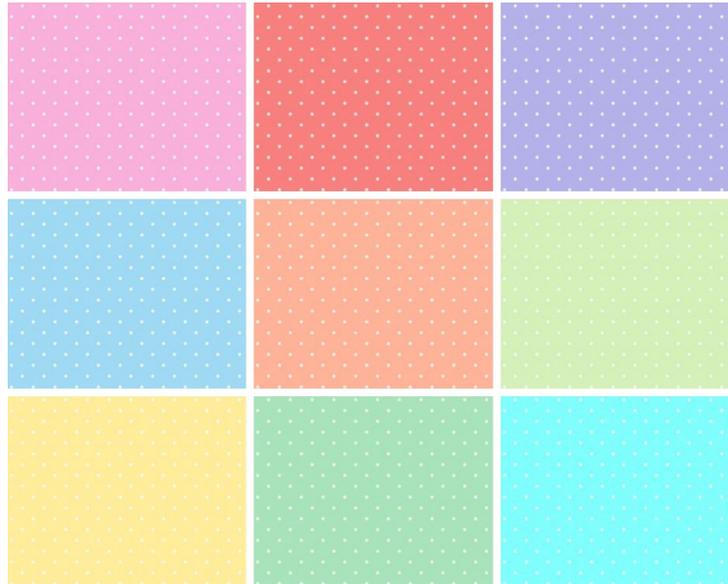

You'll get the rest of the details on this project at the FREE demo on Monday.

Monday, August 19th, 10 AM in Studio B.

Please call to Register! 920-892-4751 \*\*\*\*

## Join our Stash Builders Club

Back by popular demand . . .

Would you like a FREE Yard of Fabric every month for a year?

It's yours if you join our Stash Builders Club. Here's the scoop:

Anytime during the week of August 19 - August 24th, make a single purchase \$175 or more of regular price fabric (*cut yardage, pre cuts not included*) and *receive 1 free yard of fabric each month for 1 year!*

Monthly free yard up to \$13.99/yard, excludes cuddle and wide back.

### FUN IDEAS:

- \* Collect coordinating fabrics and make yourself a "Free Quilt" at the end of the year
  - \* Collect a style or type of fabrics - batiks, backgrounds, seasonal favorite color
  - \* Plan for certain projects - 2 months (yards) = a tote bag, 3 = a runner etc.
  - \* Use to make charity quilts
-

**Thanks so much for your support & friendship.**

We look forward to your next visit!

Sheryl, Elayne and The Sewing Basket team.

Like our [Facebook page](#) and join our [Quilting Group](#) and/or our [Embroidery Group](#). See what everyone is making and learn from one another.

You'll also see our tips from the WyseGuys here.
