

**EAGLE OUTDOOR SPORTS, INC.**

**COMMERCIAL GUIDE EMPLOYMENT APPLICATION**

*Most of our seasonal summer hiring is completed by March 1. We accept applications year-round. If next season positions have been filled, we appreciate you completing an application for the following season and completing the credentialing process at your convenience. If you are an experienced whitewater oarsman/oarswoman but without experience on these river sections, you will need to complete onboarding to incorporate a completed trip for each river section in addition to verifying the certification requirements below. This may require you to complete a river trip in advance of the season in which you are applying to guide.*
