What We Offer

SoulSeare Art offers sacred, one-of-a-kind abstract memorial paintings—created using a small portion of your loved one’s ashes. Each piece is more than art—it is a **spiritual collaboration**, a channeling of energy, memory, and presence.

With every painting, I connect with your loved one’s spirit and allow their essence to guide the creative process. The result is a deeply personal tribute—infused with intuitive insight, healing intention, and vibrational love.

- Spirit-guided abstract art infused with ashes, or no ashes, whichever is your wish
- Psychic and intuitive connection woven into each creation
- Emotional and energetic healing through sacred artistic expression
- Art that becomes a spiritual keepsake and a living memory

Why Choose SoulSeare Art

- Every piece is **spiritually attuned** and created through intuitive connection
- A sacred alternative to traditional urns or static memorials
- Created with reverence, compassion, and soul alignment
- Designed to bring peace, presence, and energetic connection to those left behind

The Process

1. **Heartfelt Consultation**
You share stories, photos, and intentions. I listen deeply to feel the essence of your loved one.
2. **Spiritual Connection**
Through meditation and intuitive practices, I open myself to their energy—allowing spirit to guide the vision.
3. **Soulful Creation**
A small portion of ashes is gently embedded in the paint. Guided by energy and emotion, a unique abstract piece emerges. Ashes are not a requirement though.
4. **Blessing & Delivery**
The final piece is wrapped with love and includes a written reflection of the spiritual impressions I received.

Referral commissions available for collaborative partners.
