

## Overview Instructions for using Kahoot

1. Using a Computer, Smartphone or other device such as an iPad (one per team) either
  - a. Using a browser, go to the site “kahoot.it”
  - b. Download and install the Kahoot App (it is free).

2. When you start Kahoot, you will be provided with the following screen:

3. When we are ready to play, The Video Conference Content Screen will show the Game PIN number. Please enter that PIN and press the Enter button. Note that the PIN is randomly selected and will not be available until we start the game during the presentation.

4. After Entering the Pin, it will prompt you for your name.

5. When finished, press “Ready to join” Your info will show up on the content screen (but may scroll off due to so many joining).

6. Get ready....the game will start soon and will be controlled by the presenter.

7. Each question and the answers will ONLY show up on the Conference Content Screen. You will then have 60 seconds to answer.

8. On your screen, you will only see four places to tap or click to select the proper answer (there will not be any words present). Click or tap on the correct answer that corresponds to the information on the content screen.

9. Follow-along with the presenter through each of the questions, where the material and game status will be reviewed.

10. Remember, while we all like to be competitive, the goal is to have fun and learn!
