Shadow Weave – escalator Janet W.

Sofa pillow cover. The warp is cotton rug warp;  
the weft is Linnay (50% linen, 50% rayon). Donna W

Photo of a recent rug: This rug was influenced by Bauhaus artist, Laszlo Moholy-Nagy. I wove it for a photographer's studio. He wanted dark colors that wouldn't reflect light. Most of the time he will have the dark side face up.

Finished this vest in July as a test knit.  
It's called Tasca and has a unique construction -- and pockets!! Rebecca S.

Ready to take my rag rug off the loom, I'm in love with this pattern♥ Cindy R.
