SCIFDOOR®

Built To Your Exact Specifications and Shipped In One Simple Package

Lockmasters' door packages include the door, frame, hardware and fasteners shipped to you in one convenient package. Our door packages are fabricated to your specifications.

Reduced Hardware Inconsistencies

Our door packages are pre-assembled, eliminating problems that often arise due to hardware inconsistencies. Our trained hardware installers mount your specified lock package during the door assembly process also assuring its compatibility with your door package and other hardware.

Consolidation of Customer Service

Your purchase of a Lockmasters' Door Package provides you with one central customer service center — Lockmasters. No need to deal with separate hardware vendors and hardware warranties. Our highly experienced staff is trained to handle all of your door package needs and on-going support.

Consolidated Installation Procedures Means Reduced Labor Costs.

Everything you need for installation arrives at your facility in one package, complete with detailed drawing and instructions. With the majority of the hardware installed. The need for multiple trades workers is greatly reduced. Down-times often encountered during a typical installations are no longer an issue when you choose Lockmasters' Door Packages.

Enhanced Functionality

Once your order is placed — the manufacturing begins. Fabricated to your exact specifications to fit the exact height and width of your door opening and to meet your security requirements, Lockmasters' Door Packages provide you with certainty of functionality upon installation.
