SUMMARY

EMOR, Inc. was founded in December 1999 for the purpose of providing mobile risk and asset management services to the U.S. Government and Private Insurance Industry. It was inspired by a vision to provide federal, state, quasi-governmental, and private agencies alike with seamless service process offerings for all matters relating to insurance. Believing in the business theories of quality control, synergy, and economy of scale to be paramount in such product renderings; a team comprised of only the most motivated and experienced professional staff and subcontractors was assembled. In this manner EMOR, Inc.'s innovative consultative approach to the insurance industry was created.
