

Woodpie AB shall conduct its operations in a manner that has the least possible negative environmental impact.

ENVIRONMENTAL POLICY

POLICY FOR Woodpie AB: as a consumer of forest raw materials and with the wood processing industry, we shall work to ensure that the business is conducted in the most gentle manner possible, for the environment and for the employees.

We shall comply with applicable legislation and follow PEFC (PEFC/05-32-7/V940) and FSC® (FSC-C089427) -requirements and intentions, and as far as possible, ensure that the raw material does not come from illegal or socially unauthorized logging, key biotopes, forest areas where traditional or civil rights are violated, forests where high conservation values are threatened, genetically modified trees or natural forest that has been logged for the purpose of using the area for plantations or non-forest land use.

Follow the ILO core conventions regarding:

- Child labor*
- Forced labor*
- Workplace discrimination*
- Join the union, and collective bargaining agreements*

The operations shall be conducted and improved in such a way that any negative impact on the environment is reduced.

The raw material shall, to the greatest possible extent, come from environmentally friendly certified forestry.

Woodpie AB shall work to increase this volume.

We shall responsibly fulfill our commitments to employees, society, the environment and contractors.

The staff must be trained and informed so that they can meet the above requirements and intentions.
