# Letter from the Editor

It was clear to our Editorial Board from the beginning that there was a need to create a comprehensive resource that would be used over-and-over again. A need for one location that contained the answers to all the questions collected over the years from nearly 30,000 people passing through the Chamber Visitor Center. Thus this edition of the Hot Springs Village Area Chamber of Commerce 2019 Comprehensive Guide and Directory was created as that most important information-packed resource. We hope this magazine meets those expectations, and that readers will help us keep it current year after year.

In some ways the magazine represents a painting that captures the Hot Springs Village community with a broad brush as a place to live your dreams and “dip your toes” into what many call “paradise”. In other ways it’s a community yearbook, reveling in the events, relationships, and growth throughout last year. To many it may be a survival guide, for assistance and support in finding ways to carry out business and to get things done. Whatever it

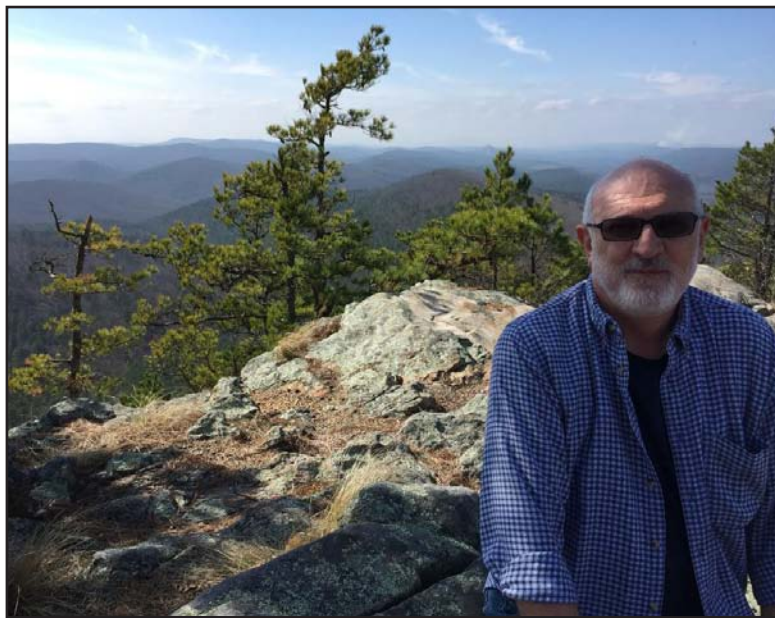

appears to be, the most important thing is that people use it. It’s important for all to know they can fold the corners, write in the margins, and even tear out the trail maps. It’s important to keep one in your car, one in your home, one in your camper; and to share copies with your friends, your church, your guests, your classmates, your neighbors, and your family. This is its true purpose and it would be a waste for it to only sit idly on someone’s coffee table.

So many have contributed so much to this edition, giving it the distinction of being the only guide endorsed by the Area Chamber of Commerce. Led by Coach/EAST Facilitator, Devry Rhodes, Fountain Lake’s Charter High School played a big part in a community partnership by creating the trail maps with 2D and 3D perspectives, providing photos, and meticulously detailing a caricatured area map of business landmarks all hand-drawn. Our thanks goes to students, Andrew Overton-Cartoon Map Developer, Joseph Florini-Mapping Trails, Bre Williams-Trails Analyst, and Aleks Johnson-Trails Writer for their talent and dedication. Even a Chamber’s past high school intern, Brock Rigsby, returned from college in Dallas to help organize photos and write magazine copy. Our Visitor Center Volunteers also contributed in many ways, adding their own personal touch through their stories. And in The Birds of HSV section, The HSV Audubon Society share their passion for birding and display outstanding original photography by their members.

This magazine’s Editorial Board was comprised of Susan Clark, Marian Crowder, Jill Fitzgerald, Marcy Mermel, and Joe Stewart, who worked many months on preparation, planning, and execution. They were phenomenal in their ideas, commitment, and inspiration. Each one had a vision for this first edition, understanding the joy it would bring, and the many needs it would meet.

The advertisers you find in this comprehensive guide made it all possible. Their support and the many interactions throughout this process spoke a lot about the way they run their companies and treat their customers. Please make a point to support them, and all our Chamber members, whenever possible. They can be found throughout this edition, on the area map within, in the Advertisers Index, and in our Member Directory. We are very thankful to have their support.

Finally, if you’re a visitor to the area, search your browser for the state song, “Arkansas (You Run Deep in Me)” by Wayland Holyfield (found on YouTube here: [https://www.youtube.com/watch?v=6Za-NCXPe\\_c](https://www.youtube.com/watch?v=6Za-NCXPe_c)). Now travel the Scenic 7 Byway to the National Parks and Forests that neighbor the scenic Hot Springs Village area, and experience the beauty of the state’s west-central region. Scenic vistas, quarries of natural crystals and gems, clear-water lakes, thermal springs, buried diamonds, and then...without even knowing how it happened...you’ll find you’ve fallen in love with Arkansas!

## Hot Springs Village Area Lake Life

### Hot Springs Village Lakes

With 11 recreational lakes, Hot Springs Village is a community of lakes surrounded by land. Amenities include three swimming beaches, two covered pavilions and two full-service marinas. The lakes offer a variety of fun activities like fishing, swimming, kayaking, boating and skiing.

The Hot Springs Village lakes are:

Lake Balboa ( 944 acres), Lake Coronado ( 380 acres), Lake Cortez (245 acres), Lake Estrella (21 acres), Lake Granada (54 acres), Lake Isabella (25 acres), Lake Maria (27 acres), Lake Pineda ( 62 acres), Lake Segovia ( 11 acres), Lake Sophia (36 acres).

**Sunset Cruises:** Balboa Marina (480 Ponce De Leon): call 501.922.3435 to reserve your tour, \$20.00 per person. Enjoy the beauty of HSV. Bring a snack and drink. No pets please.

### Lake Ouachita

Lake Ouachita, the largest lake (40,100 acres) located entirely within Arkansas, is renowned for its scenic beauty and clear waters. Created when Blakely Mountain Dam impounded the waters of the Ouachita River near Hot Springs, the lake is virtually surrounded by the Ouachita National Forest and has one of Arkansas's most pristine shorelines at some 970 miles. The 40-mile-long lake is a favorite of sailors for its vast stretches of open water. Scuba divers enjoy the clear waters.

Recreational boating, water skiing and other water sports are also very popular on Lake Ouachita, which boasts more than 100 uninhabited islands for primitive camping. Available rentals include houseboats, sailing crafts, fishing rigs and more. Contributing to make the lake one of Arkansas's finest outdoor destinations are Lake Ouachita State Park (with cabins), commercial marinas and resorts, and more than 400 U.S. Army Corps of Engineers' campsites.

Lake Ouachita boasts an unusual feature, created by the U.S. Army Corps of Engineers. It is the Geo-Float Trail, a marked route that can be followed by boaters guided by a brochure that details prominent geologic features to be seen on the lake. Hot Springs, near the east end of the lake, is Arkansas's leading tourist destination and home to Hot Springs National Park and many other attractions. At the lake's western end, Mount Ida is famous for its rock shops and quartz crystal mines, many of which are open to the public for a fee.

The park has 93 campsites (58 Class AAA, 23 Class D, and 12 walk-in tent sites), some right on the water. There are eight fully-equipped cabins with kitchens and the comforts of home, most of them overlooking the lake. Four camper cabins are an affordable option and are right in the campground. They include one room sleeping for four, screened porch, picnic table with grill and lantern hanger, heat/air. A family style bathhouse nearby (one large private room that has a shower, sink, and toilet) is perfect for families with small children. Bring your own linens, cooler and

cooking supplies. They are dog-friendly. Other facilities include Caddo Bend trail, picnic tables, swimming areas, and a marina with boat and kayak rentals, bait, and supplies. Historic Three Sisters' Springs is in the park. There are also exhibits and a gift shop inside the visitor center. Interpretive programs such as guided hikes, eagle cruises, and kayak tours are offered year-round. The state park is near Hot Springs and Hot Springs Village.

Springs Village. An Arkansas fishing license is required for all HSV lakes. The lakes in Hot Springs Village are stocked with bass, catfish, bluegill and sunfish by the Arkansas Game and Fish Commission. The fish population is monitored by Game and Fish biologists and additional stockings are done if needed. In addition to the Hot Springs Village POA's specific regulations, all U.S. and Arkansas fishing and boating regulations apply to HSV lakes. HSV Temporary Usage Tag or an Annual Boat Decal from the POA or one of the marinas is required for all boating. Call 501-922-5556 for more information.

## **Fishing at Lake Ouachita:**

Arkansas's largest lake, Lake Ouachita offers 40,000 acres of clear, clean water surrounded by the scenic Ouachita National Forest. Swimming, skiing, scuba diving, boating, kayaking, and fishing are enjoyed here. Bream, crappie, catfish, striped bass, and largemouth bass can be caught in open waters or quiet coves. Choose from a wide variety of day-use areas and overnight accommodations. Contributing to make the lake one of Arkansas's finest

outdoor destinations are Lake Ouachita State Park (with cabins), commercial marinas and resorts, and more than 400 U.S. Army Corps of Engineers' campsites.

Bassmaster Magazine selected this lake as one of the country's Top 100 Bass Lakes (May 2012). For anglers, Lake Ouachita is well-known for its prolific fishing opportunities, especially for striped bass and largemouth bass fishing. It consistently ranks in the top 10 nationally for largemouth bass fishing. Mark Davis, 1995 B.A.S.S. Angler of the Year, spends a great deal of time on the lake. Fishing guides are available. Ouachita's acres are at normal pool level, with a crooked, rugged shoreline and an abundance of islands, especially in the lower (east) end of the lake. There are also many shallow areas that provide excellent feeding and holding places for bass, with deep-water escape just a few fin strokes away. Bass fishermen do well around these islands and shallow areas using surface lures, spinnerbaits, crankbaits, jigs and plastic worms. Deep, crystal-clear, with a floor of rocks, trees and other cover, and plenty of baitfish, Ouachita is ideal for big stripers. One of the most popular methods for catching

them is trolling with downriggers along the river channel from near the dam to where it is joined by the Little Blakely and Big Blakely creek channels. In May, many stripers also congregate in the upper end of the lake, especially in the area around the Ark. 27 bridge

## RE/MAX of Hot Springs Village “Trust the Market Leaders”

**Village Voice Reader's Choice  
Award - BEST Real Estate Agency  
for 7 years & Hot Springs Village  
Chamber of Commerce Business  
of the Year 2018**

RE/MAX of Hot Springs Village, the community's real estate market leader for over 20 years, was started in 1991 by Charlotte Hitchens; a local Realtor who quickly rose through the ranks at Cooper Communities. In May of 2006, Jeff Hollansworth acquired RE/MAX from Ms. Hitchens, and, Clara Nicolosi purchased RE/MAX from Jeff Hollansworth January 1, 2015.

In 2017, RE/MAX of HSV, currently home to over 30 full-time agents and staff, established a record for Gross Sales Revenue by the Agency amounting to \$132 million dollars – a 9 million dollar increase over last year's previous record sales through its 24 licensed Realtors according to CARMLS, Inc. Call RE/MAX for all of your Real Estate Needs!

The Village's RE/MAX office expanded into the Long-Term Property Management business in 2005 and now serves well over 175

rental homes. And, recently they expanded the Property Management division into Vacation Nightly Rentals.

As a proud member of the Hot Springs Village Chamber of Commerce since its inception, RE/MAX of HSV has had numerous employees serving as Chamber Board Members, sponsored many events and fundraisers, and currently, one of the company's top producers, Karen Mallonee, is serving as an Ambassador, and, Clara Nicolosi serves as the Board of REALTOR Liaison for the HSV Area Chamber Board. **Trademark Real Estate, Inc.**, has proven to be the #1 leading firm in the real estate industry in Hot Springs since 2002. **Trademark Real Estate, Inc.**, has dominated the Hot Springs real estate market with total volume of sales exceeding \$2.5 billion in property sold.

**Trademark Real Estate, Inc.**, and branch office Trademark Real Estate Hot Springs Village offices are full service real estate companies that attribute their tremendous success to the quality and experience of the REALTORS® affiliated with the firm. For the past fifteen years, Trademark Real Estate, Inc. has continually ranked among the top real estate agencies in Arkansas according to "Arkansas Business."

**Trademark Real Estate, Inc.**, has over 50 of the most qualified and productive agents in Hot Springs and Hot Springs Village. This group of experienced REALTORS® are focused on the real estate needs of Hot Springs and the Hot Springs Village community. Specializing in all areas of the real estate market including city/suburban residential, new construction, lake homes, lake condos, lots/ acreage, and commercial/investment. Servicing Hot Springs, Hot Springs Village, Fountain Lake and surrounding areas.

The marketing strategies that Trademark Real Estate has set into motion have proven to be a success in touching all types of buyers and sellers. In addition to providing the "Trademark Gallery of Homes" and specialized local advertising, Trademark embarks on setting technology at the top of the game for the advertising of their listings. The website at [www.TrademarkRealEstate.com](http://www.TrademarkRealEstate.com) offers buyers a complete listing inventory of not only Trademark listings, but also the Hot Springs MLS system and CARMLS (Central Arkansas Regional Multiple Listing Service.) The website provides hundreds of virtual open houses, along with Buyer and Seller information through online video and printable brochures. Listings are distributed to a resource of on-line services including Realtor.com, Zillow, Trulia, Tour Factory, Yahoo, and hundreds of listing databases.

In addition to listing & selling real estate, Trademark recognizes the local community is the backbone to making our company a success and acknowledges that we have an obligation to give back to the community. With over \$100,000 raised for our local community, we pledge to continue the same professional, personalized, exceptional service that made us the #1 real estate office in Hot Springs.

## Meet The Taylors of Taylor Realty Group HSV...

David and Kimberly Taylor grew up in central Mississippi. Kimberly was raised in Raymond and David in Jackson but met at Mississippi State University. They have lived here in the Hot Springs Village area since 1999 with their two children, Zachary and Hannah.

Kimberly was licensed to sell real estate at 18 years old and was an active Realtor for about two years before pursuing a degree in Education. After teaching school for 15 years, in 2005 decided to go back into real estate! David graduated from MSU in Industrial Technology and had been in sales for 20 years when in 2012, decided to join Kimberly in her growing business! They now have a daughter-in-law and grandson!

David is the Broker of Taylor Realty Group HSV, active Realtor, and serves as Vice-president of the HSV Board of Realtors. He is a private pilot and loves every aspect of flight. He is currently working on a Van's RV 12 home build! David also volunteered as Golf Coach at Christian Ministries Academy for seven years.

Kimberly enjoys photography, design, landscape, traveling, and spending time with her family. Her last twenty years in the community have been spent volunteering with local charities, churches, and schools!

David and Kimberly's daughter, Hannah, is an honors student at University of Arkansas with a Biology major and purposes to be a Neonatologist! She has travel in her heart and will start her study abroad this summer in Barcelona, Spain. She also aspires to work with Doctors Without Borders and other similar

programs.

Their son, Zachary, is married to Stacey and has a 19-month-old son, Ezekiel! Zachary attended University of Arkansas and now is a third generation Realtor with TRG. He completed the Taylor Trio when he became licensed in 2016. He shares his dad's love of flight, along with hunting and fishing! Zachary has served as an EMT in the community, but now is in real estate full-time. He is also a gifted pianist. Stacey has attended National Park College and is a stay at home mom. She loves crafting and outdoor activities! The newest addition to our family has been a life changer! Ezekiel has brought joy and excitement to each of us. He's full of energy and happiness that shows every day! He loves music and learning!

A few things we all have in common is active involvement in our church and the love of family. We love to travel and have had the opportunity to visit several other countries including Israel, Mexico, Sweden, and several Caribbean islands. We have covered quite a few places in the US as well with a Christmas trip to Breckenridge Colorado this past year! The Taylor girls will soon be adding to their list Switzerland, Germany, France, and Italy.

With almost fifteen years of real estate experience in the HSV community, In August 2017 the Taylors were able to create their new agency, TAYLOR REALTY GROUP HSV! They now have a team of Real Estate professionals who believe in the highest level of customer service.

Their office is located at 2382 North Highway 7. "We always let people know it's the long brick red house! People then tend to know right away where it's located!" Taylor Realty Group HSV's office is situated on nine beautiful creek side acres and features fabulous pines in the backyard! We also have a lovely Villa on site that can be rented on Air BnB and Vrbo. com. They have had the opportunity to host people from across the United States! "It's truly a privilege to be able to introduce people to our beautiful Hot Springs Village area! We love our community and are excited about all we have to offer!"

The Taylor Trio is a multi-faceted, Double Diamond award winning team. The Taylors welcome first-time home buyers, those who are experienced and relocating, building a dream home, or selling to move forward to the next phase of life. All the TRG agents and staff can walk clients through the purchase process from start to finish offering guidance and expertise! They are grateful for the amazing opportunity to continually work with loyal clients! "It's our privilege to meet new people that quickly become a part of the Taylor Realty Group HSV real estate family!"

Taylor Realty Group was voted first place 2018 Reader's Choice Best Business Owners and second place Best Real Estate Agency. Feel free to stop by TAYLOR REALTY GROUP HSV and see for yourself what makes this more than just another real estate agency!

## How Clamps Came to Be

Hard work and faith in God helped Joey and Lynn Clampit get through cancer, start a life together and open Clampit's County Kitchen. They are giving back to the community that has welcomed them with open arms.

Joey's career love is the meat industry but started his career as a counselor. One day in 2002, he noticed a lump on the side of his neck and saw a doctor who happened to be a friend. She gave him antibiotics and sent him home. The lump got bigger so Joey made a trip to Pine Bluff for a needle biopsy. Joey was a big, strong guy in his early 30s, healthy with no history of cancer other than an uncle who had skin cancer.

The test came back inconclusive. The doctor agreed to see him in his office after hours, as Joey didn't have health insurance. After a couple of hours of digging around under local anesthesia, Joey had enough. He was admitted to Jefferson Regional Medical Center, where a good tissue sample was obtained. A week later this tissue sample showed different results. Joey was referred to UAMS, where he had the tumor removed from his neck. It was diagnosed as non-Hodgkin's lymphoma, stage 2. He drove himself for his chemo treatments every other week for a few months and then radiation five times a week for a month. He was working the night shift so that he could get treatments during the day and care for family. Joey had lost his father, stepmother and sister in a car accident a few years prior and was helping care for his grandmother, who had dementia, during this time.

The treatments would knock Joey down for a day or two but he would rebound. He had a hard time eating and swallowing but is thankful most of the feeling came back. His medical care was more than \$125,000 and he lost his house. He moved to Hot Springs, where he had grown up, and got back into the meat industry.

Joey was active in his church and loved motorcycling. His life changed again as he was heading home from church and was hit broadside by deer and knocked off his motorcycle. He had to learn how to walk again and take care of himself. Soon after, he met Lynn, who became his wife.

Lynn loved life and her family. On Dec. 25, 2000, Lynn was 34 years old when she found a lump in her breast. Since she worked in the medical field, she was able to get a mammogram and ultrasound and was told the lump was nothing to worry about.

However, a needle biopsy a few months later confirmed that it was a solid mass. Lynn had surgery to remove the tumor on April 6, 2001, and when she woke up, was told she had cancer and had a partial mastectomy. Her cancer, invasive DCIS (ductal carcinoma in-situ) another procedure was done to remove the sentinel and five surrounding lymph nodes. This day was the day of her grandmother's funeral. Since Lynn was so young and had a 5-year-old daughter, she opted for the strongest chemo therapy, knowing that she would never be able to get pregnant again. After her port was put in, Lynn started chemo treatments.

Each treatment began with an anti-nausea medicine but she still struggled with severe nausea. Lynn's mother came to help care for her and her daughter for the first week after her chemo. Lynn worked between chemo rounds throughout her

treatment.

Due to the buildup of toxins from the chemo in her body, Lynn became very ill after her third round of chemo and she was hospitalized for the fourth round. She then started eight weeks of radiation, which she completed in October 2001.

Lynn's hair had begun to grow back, she was starting to eat and getting back her sense of smell when, during a follow-up with her oncologist in November 2001, her doctor found a spot on her back that looked suspicious. The spot, along with several others, was biopsied and the result, Melanoma. The tumor was removed and the pathology report showed margins to be free of cancer and no further treatment was necessary.

In January 2002, Lynn had an ovarian cyst, the size of a grapefruit, removed from her right ovary. Good news, no cancer this time.

Lynn's mother was diagnosed with breast cancer while Lynn was receiving radiation therapy for her breast cancer. Several years later, Lynn's mother was diagnosed with lung and brain cancer so Lynn left her job to care for her mother.

She moved her mother back to Arkansas so she could be close to her sisters and she soon began hospice care to help keep her comfortable. Lynn found a job in Hot Springs, where she met Joey. Joey proposed to Lynn at her mother's bed before her mother died on June 10. Joey and Lynn were married on Sept. 15, 2013.

Lynn didn't dwell on her cancer but reiterated that it was a blessing to care for her mother and that God sent Joey to be in her life. Joey said, "Be good stewards of blessings received." God has blessed them and their business and they are adamant about giving back to the community that has blessed them.

They both believe in supporting cancer research as the money helps develop new therapies and alternatives such as immunology treatment.

## National Park Medical Center

National Park Medical Center, a 166-bed full service acute-care facility, is a community leader in health care services complete with 24-hour emergency services and private patient rooms. With more than 100 health care service providers on staff, and a commitment to increasing access to the best quality of health care services to the community, NPMC is proud to offer a comprehensive range of world-class health care services. NPMC also maintains a clinic just outside the Village's west gate. In addition to family care, this clinic features cardiology, urology and orthopedic specialists throughout the week.

NPMC is also home to several Centers of Excellence committed to the latest healthcare advancements and highest level of care in addition to the various services and technologies provided at the hospital. These include the Bone & Joint Institute and the Breast Center with the very latest in digital mammography and stereotactic breast biopsy technology. In addition, the recently built, state-of-the-art Heart and Vascular Center of Central Arkansas,

is the first and only Heart Hospital in Central Arkansas that integrates Inpatient, Outpatient, Emergency and Critical Heart Care all in one center connected to a full-service acute care hospital. The center features 4 cardiac catheterization labs, an 8 -bed CVICU, cardiac rehabilitation and outpatient therapy services as well as a 12-bed pre and post procedure area. The Heart

and Vascular Center is just above the 25-bed Emergency Department and partners with LifeNet to improve ER throughput times to the cath lab through the RescueNet 12-Lead STEMI protocol, allowing the EMTs to obtain a 12-lead EKG then alert the Emergency Department to assemble the cath lab team prior to their arrival. NPMC also partners with Survival Flight, where it is home-base for Survival Flight 10, a medical helicopter which helps to increase access and decrease travel times for patients in outlying areas. The Heart and Vascular Center of Central Arkansas has expanded services offered in the cardiac cath labs, and created a more streamlined, efficient experience for every heart patient that comes through the doors.

NPMC also offers Surgical Services, Inpatient Rehabilitation, Outpatient therapy services, Senior Care Geriatric Behavioral Health and much more.

## Fountain Lake School District

### Supporting Every Student Every Day For Success

Fountain Lake Schools are located in Garland County in the south central region of Arkansas, more specifically in the Ouachita River Valley. The district encompasses 188 square miles of mountainous terrain.

The Fountain Lake School District is not located in the incorporated town of Fountain Lake, but acts as the focal point of a widely dispersed population. The district can best be characterized as semi-rural. The major industries of the district are forestry natural spring water bottling, crystal mining, and tourism. Approximately 2/3 of the 25,000 acres in Hot Springs Village lie within the Fountain Lake School District borders.

All of the Fountain Lake School District operations are located on one campus located on Highway 5 & 7 North, five miles to the north of Hot Springs, Arkansas. The enrollment of the district is 1414, with 545 students enrolled in Pre-Kindergarten through 4th grade, 411 Middle School students in grades 5 through 8, and 458 students in grade 9 through 12.

Arkansas' United States Representative Bruce Westerman is among notable Fountain Lake graduates. Westerman began crafting his leadership skills in the hallways and playing fields of Fountain Lake as a student, and later, as President of the district's Board of Education, before serving in the Arkansas Legislature, and now representing Arkansas in Washington D.C.

The Fountain Lake School District has as its vision: "The Fountain Lake School District joins with our community to inspire, motivate, and prepare every student to be a confident, productive, knowledgeable, goal-oriented citizen."

The growth and development of Hot Springs Village has been mirrored within the Fountain Lake School District. For the past thirty years, Hot Springs Village residents

and the Fountain Lake School District have endured growing pains, but have enjoyed a relationship that has improved the educational opportunities for Fountain Lake's students. Throughout the years, Hot Springs Village residents have served on the Fountain Lake Board of Education, working to help to drive the progress of the district.

Additionally, Hot Springs Village residents have tutored, mentored, provided educational opportunities and experiences to Fountain Lake students. A long-standing example of Hot Springs Villager's commitment to the students can be seen in the relationship between the Great Hot Springs Village Kiwanis Club and the Fountain Lake Charter High School Key Club. For more than twenty-five years, the Kiwanis have sponsored hundreds of students as Key Club members, promoting leadership through service to others. For years, a highlight of the interaction was the Ice Cream Social, held in conjunction with a concert at the Woodlands.

Fountain Lake Elementary School starts students on their academic career. The district funds two pre-school classes, bringing four-year-olds on campus as the youngest "Cobras". After following the progress of students enrolled in Fountain Lake preschool classes in the early-2000's, the Board of Education chose to fully-fund the pre-school opportunity to give students a jump-start to education. That jump-start mindset continues throughout the elementary experience as students visit college campuses to get an early taste of college life. Teachers in the elementary utilize

Classroom Dojo has a communication and behavior monitoring tool to provide parents real-time feedback on the student's day and classroom activities in the form of text messages and notifications on the Dojo app.

Alongside the core instruction of reading, writing, mathematics, and science, elementary students enjoy exposure to music, art, and physical education. To encourage positive peer interaction and to grow interpersonal skills, in 2018, Fountain Lake Elementary adopted the "Choose Love" curriculum that focuses on becoming a force for good in one's life. In today's culture of conflict, "Choosing

Love" has proven to be a valuable course of study and behavior for the students.

Fountain Lake Elementary students have the opportunity to extend the school day by an additional two hours in the afternoon by participating in the F.A.C.E.S. (Faculty and Community Enriching Students). This program is a joint venture with The Paul Bewie Boys' & Girls' Club, Walnut Valley Baptist Church, Living Hope Worship Center, and the Fountain Lake community, to offer free academic and enrichment activities for elementary students. The primary purpose of the 21st CCLC program is to establish learning centers that operate during non-school hours. It is designed to assist students in meeting state and local academic achievements standards in core academic subjects. Fountain Lake's after school program has been very successful in meeting these goals. The first hour of F.A.C.E.S. is dedicated to academic enrichment with homework help, extra practice, and small group instruction. The second hour features an activity program ranging from arts and crafts, horseback riding, swimming lessons at the HSV Natatorium, woodworking with the Village Woodworkers, jewelry making, and Nifty Nutrition. Each student has the opportunity to select a different activity each quarter.

Fountain Middle School Gobra Digital Prep Academy operates as a district conversion charter school through an agreement with the Arkansas Department of Education. This agreement allows the district to "do school differently". As the first public conversion charter school in Garland County, the Cobra Digital Prep Academy was established upon four supporting pillars to its approach to education: Character Education, Career Exploration, Project Based Learning, and Personalized Success Plans. Serving the 5th through 8th grade population of the district, the Digital Prep Academy begins each day with an advisory period, during which a small group of students are assigned a staff advisor. Advisory groups are maintained throughout the four years in the building. Students and staff work together during

that time to build a team and to establish an adult-student bond for supporting the student. During advisory and throughout the day, Stephen Covey's "Leader in Me" program is integrated to drive the character pillar of the charter and to aid students in developing and practicing the "soft skills" for which today's employers are searching. Interpersonal communication, the ability to work together, and thinking "Win-Win" are among the skills practiced in the middle school building.

Beginning in 5th grade, students explore a range of careers through career speakers, as well as through project classes. The project classes allow students to dabble in a variety of careers. If a student has an interest in the medical field, architecture, or robotics, teachers within the school have participated in extensive training to facilitate learning

experiences in those areas. Envision a roomful of 10- and 11-year-olds wielding scalpels on lamb's brains or using industry-grade software and equipment to digitally reproduce a building. Music production, public service, digital photography, and broadcasting are also opportunities to which students are exposed as they rotate through the experience class each quarter or semester.

The Personalized Success Plan (PSP) serves as a digital portfolio of a student's performance and accomplishments and as a guide book for the pathway upon which a student intends to travel. While not carved in stone-the pathway can, and does, change often-the PSP provides students with a centralized location to assemble the record of the journey. Student-led Conferences allow students the opportunity to share a recap of their journey with parents.

Increased student engagement and improved academic achievement encouraged the Arkansas Department of Education to renew the Digital Prep Academy's charter for an additional five years.

Fountain Lake Charter High School, in its fourth year as a conversion charter high school, continues to assist each student on his/her individual quest toward the next step. Regardless of what the future holds

for a Fountain Lake High School student, a pathway has been created within the school to facilitate that journey. On- and off-campus career-focused programs provide "real-world" experiences. Concurrent enrollment college courses assist students in building a college transcript before high school graduation. Extra-curricular and co-curricular activities and organizations further add to students' options for being a contributing member of a community and for building skills and developing talents and tenacity to see a commitment through to completion.

In cooperation with National Park College, many Fountain Lake students spend a portion of their junior and senior years taking classes in a high school program of study that eventually leads to industry certification and/or further higher educational studies. Medical Professional Education, Criminal Justice, Graphic Design, and Auto Mechanics are among the programs in which students participate. Family and Consumer Science, Agricultural Education, and Introduction to Teaching are options for students to complete on campus. Many of these programs lead students to enroll in the school's Internship program, which awards high school credit for workplace experience.

Students may enroll in pre-Advanced Placement and Advanced Placement courses in the core content areas--math, science, English, social studies--and in music theory and art. Concurrent enrollment courses that garner dual high school and college credit include College Algebra, College Composition I and II, and Spanish.

The Fountain Lake Cobra Marching and Concert Band and the Cobra Choir are award-winning programs that allow students to grow and develop their musical skills. The Fine Arts Department annually stages a Broadway

musical. The Music Man, Grease, and Hello Dolly! are among the many productions performed in the past.

Student athletes compete in Arkansas Activities Association-sanctioned events in Football, Volleyball, Girls' Basketball, Boys' Basketball, Golf, Tennis, Baseball, Softball, Cheer, and Track. Fountain Lake sponsors PeeWee athletics in football and basketball for 3rd-6th grade students as well. Students also serve as team managers, trainers, statisticians, and broadcasting team members.

A wide array of clubs and activities are available to Fountain Lake students. Senior Beta and Junior Beta Clubs, National Honor Society, Key Club, Builders Club,

Student Lighthouse Team, Quiz Bowl, Future Community and Career Leaders of America, Future Farmers of America, and student-generated clubs for almost every area of interest are all options to augment the students' experience.

Fountain Lake boasts a caring committed staff. From bus drivers, custodians, and secretaries, to paraprofessionals, nurses, counselors, teachers, and administrators, each day finds the staff striving to meet the social and emotional needs of each student. After those needs are addressed, each student is challenge to do his or her best, to achieve more, to be more than he or she was the day before. While not a huge district, Fountain Lake attempts to find a way to meet the interests, needs, and dreams of each student, to live out its mission of supporting every student, every day.

## Southern Floor Co. & Interiors

As a small, family-owned business, Southern Floor Co. & Interiors is dedicated to providing quality craftsmanship, and honest, dependable customer service. Its showroom offers the latest flooring, such as hardwood, luxury vinyl plank, tile, carpet, and GrassTex for outdoor options.

The business continues to grow rapidly, expanding into new areas every day to better meet the needs of the community. Customer service is the primary focus of the work model, and every purchase and installation is performed as a custom job to meet this highly valued objective. Regardless of whether you are looking for flooring for a small project or a whole new construction, Southern Floor Co. & Interiors is ready and able to meet your needs - and exceed your expectations.

As recipients of sub-par customer service over the years, exhibited by un-retuned phone calls, missed appointments, and inferior work, the owners of Southern Floor Co. & Interiors made it their mission to form their business culture around a service model that strives to meet every customer's needs. Promptness, politeness, efficient service, and professionalism are the cornerstones of Southern Floor Co. & Interiors.

Clint Edrington, co-owner, brings his experience of construction building, product knowledge, and business management to the proverbial table, ensuring that Southern Floor Co. & Interiors provides the latest quality products, and all installations are performed by

licensed professionals. He and his wife, Leana, also own CLE Homes, LLC, constructing new homes across the state. Clint and Leana have deep roots in Arkansas, and strive to provide quality experiences without breaking your bank.

Steven Murray, co-owner and general manager, brings to Southern Floor Co. & Interiors his experience in management, customer service, and human resources to ensure that every customer is fully satisfied with their new flooring project. While not busy in the showroom, Steven stays busy with his wife, Nicole, and their furry friends, three dogs and two cats.

Southern Floor Co. & Interiors has provided flooring to everyone from homeowners, to businesses and municipal buildings, to state parks, and even schools.

We have a combination of over 30 years of experience in the flooring industry and we are eager to help you make your home come alive with new flooring construction, remodels, or updates for your home!

Please call 501-623-3000 or email [southernfloorhsv@gmail.com](mailto:southernfloorhsv@gmail.com) to schedule your no-cost estimate today!

## Hot Springs Village Arts Council

The Hot Springs Village Arts Council, a non-profit organization formed on January 8, 2008 is an umbrella organization whose mission is to promote and support the visual, performing, and other creative arts organizations of Hot Springs Village and the surrounding area, and whose purpose is to provide a central source of information for the numerous arts organizations within the Hot Springs Village community, coordinate their activities, and ensure continued promotion and increasing funding for the future of the arts in HSV.

We are currently representing 33 organizations covering many and diverse artistic venues where we promote artistic opportunities for participants and patrons of the arts. For more information, and for a complete listing of upcoming events involving our member organizations, please visit [www.hsvarts.org](http://www.hsvarts.org).

Members of the HSV Arts Council who are also members of the HSV Area Chamber are:

### Arkansas Learning through the Arts

(ALTTA), serving the students across Arkansas by providing high quality arts programming (workshops and residencies) in regular and specialist classrooms.

### Brush Strokes

The fine art club for Hot Springs Village artists. Its goal is to encourage and enable members to enjoy and improve their art through education programs and workshops, exhibit opportunities, interaction with fellow artists, and art-related community service.

### Crystal Chimes Chorus

A member of Sweet Adelines International Region 25, the Heart Of America. These ladies have been singing acapella 4-part harmony for over two decades. They sing in and around Hot Springs Village and Hot Springs, AR,

raising funds to help fund scholarships for students studying music in college.

### Hot Springs Community Band

Established in 1975, the award winning Hot Springs Concert Band has grown from twenty local residents into a 70-member band – the largest community band in Arkansas, rehearsing and/or performing year round. Its members come from seventeen communities in Central Arkansas, and range in age from teenagers to octogenarians. This age diversity brings to the band a wealth of talent and performance experience, from eager amateurs to currently working or former professional musicians and educators.

### Hot Springs Jazz Society

Founded in January of 1992, this organization's mission is to perpetuate, preserve and promote the original American art form -- jazz music. The mission is partially accomplished through a scholarship program that sends qualified music students to the summer jazz camp at the University of Arkansas –Monticello, and is further accomplished by providing jazz music events in the Hot Springs area, most notably the free outdoor JazzFest concert held every September.

### HSV Symphony Guild

Incorporated in 1986, this Guild has

grown to be one of the largest in the nation. Although it offers its membership entertainment programs, it is primarily a philanthropic organization, providing support for the Arkansas Symphony Orchestra and promoting music education in schools located in Garland County and helping students master their craft.

### HSV Community Foundation

Founded in 1983 after local leaders joined together to create an organization that would enhance residents' quality of life in surrounding communities. Over the years, it has promoted philanthropy throughout the Village and established more than 30 funds that will provide ongoing support, forever, to local causes.

### HSV Concerts Association

A member-only, non-profit organization with the purpose of bringing the best entertainment that membership fees and donations can obtain to the Woodlands Auditorium.

### Kiwanis Club of GSV

The local branch of the Kiwanis International, a service member organization that is dedicated to improving the community in all ways.

### Lifelong Learning Institute of HSV

This organization partners with both

# Our Community

Henderson State University and area organizations to encourage "Lifelong Learners" in Hot Springs Village to continue their educational journeys. It offers customized educational programs focusing on the arts, culture, and history.

## Ouachita Speaker Series

This group brings inspiring and stimulating guest speakers to Hot Springs Village several times a year. It offers open, thought-provoking forums for intellectual and educational enrichment and the exchange of ideas to adult and student audiences in Arkansas.

## HSV Players

Officially launched in June of 1978, the HSV Players is proud to have presented 141 productions since it began and to be celebrating its 40th anniversary of entertaining audiences with professional quality theatre

## The Village Choral

An auditioned mixed chorus offering singers who love music an opportunity to sing and improve their vocal skills in an encouraging and friendly environment

## Treble in the Village Quartet

A Sweet Adeline Registered Quartet in Region 25, and a member of Top of the Rock Chorus, Little Rock. They sing in four part harmony barbershop style.

## Village Writers' Club

A gathering of writers from Hot Springs Village and surrounding areas who come together to encourage, nourish, and support one another as they strive to reach our individual writing goals. Our various levels of experience and expertise, from the novice writer to the published author, help to enrich the quality of the club's interaction and successes. All genres from poetry to fiction to nonfiction to

play and screen writing, to lyrics are part of our club's accumulated repertoire.

## Voices Rising

A select group of vocalists that performs all styles of music with an attention to detail and musicality. The result is a sound that is enjoyable and awe-inspiring for audiences. Musical selections, range from classical to jazz to Broadway to inspirational, and showcase their professionalism and flair.

## Wilson Entertainment and Consulting

Provides video production, presentation services, audio recording services, video conversion and entertainment services to the HSV area.

## Succeed in Your Space!

## Taxes

### Arkansas State Tax Information:

Arkansas state tax returns are due April 15, or the next business day if that date falls on a weekend or holiday. Tax Booklets containing appropriate forms are available at the County Revenue Offices or by writing to the State Income Tax Office at P.O. Box 3628, Little Rock, Arkansas 72203-3628

### Arkansas State Income Tax Office:

1-800-882-9275

Go to <https://www.arkansasedc.com/why-arkansas/business-climate/tax-structure/personal-income-tax> to learn more about Arkansas Tax Laws.

### Important County Tax Information:

Personal Property and Real Estate must be assessed each year before May 31 (without penalty). Taxes are due to be paid by October 10 of the following year.

You can find your local assessor by calling 501-324-9240.

Arkansas homeowners may receive up to a \$300 property tax credit on their homesteads. Eligibility for the credit is confined to a homeowners' principle place of residence. Nursing home or retirement center residents who own a home are also eligible for the credit, as are people who have deeded their homes to others while retaining a right to live in it (a life estate). Contact your local assessor's office for details.

In certain cases, disabled veterans are exempt from all state taxes on real and personal property. This tax exemption also is available to widow or widowers who do not remarry. More information is available from the Arkansas Department of Veterans Affairs Website, or by calling: 501-370-3820.

### Tax Help Available:

AARP Foundation Tax-Aide offers free, individualized tax preparation for low- to moderate-income taxpayers -- especially those 50 and older. This service is available to everyone, regardless of

age or income. They do not need to be an AARP member to take advantage of this program. AARP and the Internal Revenue Service sponsor this program, which provides confidential income tax preparation, and e-filing for both federal and state returns.

All returns are prepared by trained, IRS-certified AARP Tax-Aide volunteers based on the 2017 tax law.

**The AARP Tax-Aide service at the Garland County Library, 1427 Malvern, will be open from 10 a.m. to 2 p.m. Monday through Friday, and 3-7 p.m. Tuesday, Wednesday and Thursday Feb. 1 through April 17.**

Additional AARP Tax-Aide site in Garland County: CHI St. Vincent McAuley Senior Center, 5010 Highway 7 north, Hot Springs Village, 8:30 a.m. to 12:30 p.m. Monday through Friday. When visiting an AARP Tax-Aide site, people need to bring:

- Picture ID of them and their spouse (if filing a joint return).
- Original Social Security card (or original Social Security statement) for everyone listed on the tax return.
- Income related documents: 1099s, W-2s, SS statements, brokerage statements, income such as self-employment and any other information related to income.

- Expense-related documents: taxes paid, mortgage interest, property taxes, medical, charity and any other information related to expenses.
- A copy of last year's tax return.
- For direct deposit of refund, a check or documentation of bank routing and account number printed by the banking institution.

Volunteers will begin preparing returns that have a 1099B (sale of stocks, bonds, mutual funds) after March 5. Program volunteers will not prepare returns of other states other than Arkansas. The exception to this is if there is a small amount of royalty from another state. The tax software provided by the IRS will not allow the volunteers to prepare a complete and accurate other-state tax returns. All customers are helped on a first-come, first-served basis.

## Voting Information

### **Voter Registration:**

Voters may register to vote at the County Seat (Hot Springs for Garland County; Benton for Saline County).

Voters may also register to vote at local drivers' license offices while renewing their drivers' license. The drivers license clerk enters into the computer whether the driver would like to register to vote. The data is transmitted to the resident's county clerk. It is checked, verified, and a

confirmation is mailed to the driver.

Registration is normally valid for four years; however, the registration is automatically renewed each time an individual votes. Thus voting at least once in a four-year period will assure continued automatic renewal.

### **Voting Locations: Garland County**

The 2 most recent voting locations for Garland County Residents living in Hot Springs Village are:

**Village Bible Church, located at**  
100 Ponderosa Way: 501-922-0404

**Village United Methodist Church,**  
located at 200 Carmona Road:  
501-922-1030

### **Garland County**

All residents living in the Saline County portion of Hot Springs Village usually vote at the Balboa Baptist Church located at 415 Ponce de Leon Drive: 501-922-0155

**Note: Polling places, if changed, will be announced in the Village Voice newspaper.**

those receiving the alerts.

To be included in Lily Alert email list, send your email address and we will add you to the list [lilyalert@hsvawl.org](mailto:lilyalert@hsvawl.org).

**Stray or Found Pets:** These pets are admitted to Animal Control or rescued through other community sources and may be someone's lost pets. Their photos are posted on the HSV Police Department Facebook page, so please contact Animal Control if you may be the owner or have information that may help reunite a pet with its owner: 922-6547. Stray or found cats and dogs should be reported directly by a resident to POA Animal Control at 922-6547, not by someone else with second-hand information. If an animal needs to be trapped, Animal Control must obtain the homeowners' permission to set a trap on their property. AWL strongly recommends that those concerned about pets roaming on or near their

property, first try to see whether the pet belongs to a neighbor before calling Animal Control.

**DeSoto Dog Park:**  
**<http://hsvpoa.org/recreation/desoto-dog-park/>**

The DeSoto Dog Park is a gated, off-leash park for well-behaved and healthy dogs. The site is approximately 1.5 acres of level open area and divided into two sections for use by large and small dogs. The park contains benches, watering stations, waste receptacles and shade pavilions. By entering the park, you agree to abide by the posted rules. All users of this park do so at their own risk and are responsible for any situation caused by their dogs. To use the dog park, you must first register at the Property Owners' Association Administration building by signing a waiver and paying a small registration fee per dog. After registration,

residents will access the park using their community card; guests will be issued a gate card good for this amenity only. Open dawn to dusk. Located off DeSoto Park Lane.

**Hot Springs Village Rules for Pets:**

Pets shall be under owner control at all times, so as not to be a nuisance or hazard to others. No owner of, custodian of, or person of authority or control of any dog shall allow, permit or authorize that dog to run at large within the boundaries of Hot Springs Village.

Pets must be registered at the POA Administration office. The registration fee includes an identification tag for your pet at the Property Owners' Association Administration building by signing a waiver and paying a small registration fee per dog. ### Directions to HSV

<http://hsvpoa.org/directions/>

#### GPS Coordinates near

**the West Gate:** 34.65528,-93.056476

#### GPS Coordinates near

**the East Gate:** 34.62126,-92.853748

Hot Springs Village is located in West Central Arkansas in the Ouachita Mountains. We're located 15 minutes from Hot Springs and an hour from Little Rock, the capital of Arkansas. There are two manned gates and five card-access only gates. The directions below are for the two manned gates.

#### GETTING HERE FROM LITTLE ROCK

Take Interstate 30 West to Exit 117. Take Highway 5 at Benton towards Hot Springs Village. Follow Highway 5 approximately 18 miles and arrive at the East Gate entrance to Hot Springs Village just past the community of Owensville. Turn right onto DeSoto Boulevard. The entrance gate is approximately 1/4 mile up DeSoto Boulevard.

The Highway 5 East Gate is manned from 6:00 a.m. – 12:00

a.m. each day. Access between 12:00 – 6:00 a.m. is through gate proximity cards. Visitors and property owners without proximity cards must use the Highway 7 West Gate after hours.

#### GETTING HERE FROM HOT SPRINGS

Follow Highway 7 North. Where Highway 7 and Highway 5 meet, turn left onto Highway 7 North. Follow Highway 7 North approximately 8 miles to the West Gate entrance to Hot Springs Village. Turn right onto DeSoto Boulevard. The entrance gate is approximately 1/8 mile down DeSoto Boulevard.

The Highway 7 West Gate is manned 24 hours a day.

There are five additional entrance gates to Hot Springs Village. They are not manned however, and require a proximity card to access. Many online and GPS mapping systems will use these gates as access points for Hot Springs Village. Please use caution. Only those directions which take you through the Highway 5 East Gate or the Highway 7 West Gate provide entrance to property owners and visitors without proximity cards.

### Hot Springs Village Gate Access

Hot Springs Village has two manned access gates. The remaining five gates are accessed through electronic card readers or proximity card readers. The West Gate is located on Highway 7 North and is manned 24-hours per day by Public Relations Officers. The East Gate is located on Highway 5 and is manned from 6:00 a.m. until 12:00 a.m. After 12:00 a.m., the gate can be accessed with a proximity gate card purchased from the Property Owners' Association. The same proximity card allows access through the Balboa, Balearic/Danville, Cortez and Glazier Peau gates.

Property owners who live near the DeSoto/Goosepond gate must purchase a special electronic key card from the Department of Public Safety to use this construction entrance gate. Members may now authorize visitors to enter the East or West manned gates by entering information directly into system. There is no longer any need to call gates prior to guests' arrival.

Members may add guests to visitor log anytime up to ten days prior to arrival. As both gates share information, only one entry is required.

To report visitors, please sign on to the Member Login and complete the gate access form. A member portal users guide and first time login instructions are located at the top of the HSVPOA home page.

## ANNUAL AWARDS BANQUET

### CELEBRATING THE YEAR'S ROARING SUCCESSES

Every year, the Chamber of Commerce dedicates a night to recognize the outstanding work its members are doing in the community. Businesses are recognized for their unique talents, some receiving recognition as the Business of the Year, the Non-Profit Organization of the Year, the Entrepreneur of the Year, or for Excellence in Customer Service. On February 20, 2018, the Hot Springs Village Area Chamber of Commerce hosted its 10th Annual Awards Banquet at the Coronado Community Center. The theme for the evening was "Roaring Success," recognizing the many successes Chamber members had throughout the previous year, and Ken Goodman served as the master of ceremonies.

The Business of the Year award was sponsored by Cedar Mountain Boys and Girls Club. Clampit's Country Kitchen, Community Connect, Ike Eisenhower State Farm Insurance, Re/Max of Hot Springs Village, and Village SCAT were nominated for the award, and Re/Max of Hot Springs Village was named the Business of the Year.

The Non-Profit Organization of the Year award was sponsored by Bank of the Ozarks. Abilities Unlimited of Hot Springs, Altrusa International of Hot Springs Village, Garland County Habitat for Humanity, the Hot Springs/Hot Springs Village Symphony Guild, the Rotary Club of North Garland County/Scenic 7, Teen Challenge, the Village Chorale, and Village

Loan Closet received nominations for the award, and Garland County Habitat for Humanity was named the Non-Profit Organization of the Year.

The award for Excellence in Customer Service was sponsored by Community Connect. Receiving nominations for the award were Ike Eisenhower State Farm Insurance, Lake Balboa Marina, Jennifer Milroy of Relyance Bank, Michelle Perry of Hot Springs Village Real Estate, Susie Burns of Re/Max, Tony Russo of Alan Springer Allstate Insurance, and Village SCAT. Ike Eisenhower State Farm Insurance won the Excellence in Customer Service award.

The Entrepreneur of the Year award was sponsored by Southern Floor Co. Clampit's Country Kitchen, Community Connect, and Lake Balboa Marina were nominated to win, and Clampit's Country

Kitchen was named the Entrepreneur of the Year.

In addition to these awards which recognize businesses in the community, the Hot Springs Village Voice presents its Citizen of the Year award at the Banquet. Nominees for that award were Bruce Caverly, Susan McCarty, and Jack Wells. Susan McCarty was named the Voice Citizen of the Year.

The Committee members for this event were Summer Benedict, Jennifer Allen, Stephanie Highfill, Linda Mayhood, Joe Stewart, Donna Hoffman, Carol Omohundro, Deb Seibert, and Jill Fitzgerald.

The Chamber takes great pride in the achievements of all its members. Our shining stars set the bar high for businesses anywhere in the country.

## Visitor Center Volunteers

### Chuck Miller

When I visited Hot Springs Village during a 50-week, 50-state driving golf tour of the U.S., I was amazed at what the Village was all about. Nowhere during the eleven and one-half months on the road had I observed a location that was not only beautiful but had so much to offer.

I found out the Village had nine golf courses, eleven lakes for swimming, boating and fishing, a community center with an indoor pool and fitness center, miles and miles of walking trails, over 150 clubs and organizations, fun casual restaurants, affordable homes, a low cost of living, churches of almost every denomination, tennis, pickleball, bocce ball and lawn bowling courts, and a 654-seat auditorium that featured local, national and international entertainment at very reasonable prices.

All these things caught my attention; plus, everyone I met spoke about how much they enjoyed the Village's relaxed yet active lifestyle. That is why I moved to Hot Springs Village.

### Dianne Bielanski

My husband, Vincent, and I spent the better part of a decade exploring various parts of the United States looking for the ideal spot to retire – literally from sea to shining sea. In 2004, we received

an offer of a complimentary visit to Hot Springs Village. So, we decided to make a trip down from the Chicago area to see what the Village was all about. We were immediately impressed as we drove in the main gate. We were greeted by rolling hills, lakes, and forest – reminiscent of Wisconsin or New England. After a realtor tour on that trip, we purchased a lot. That trip was "love at first sight".

We then continued to visit a total of three weeks annually as non-resident property owners. Each trip, we made it a habit to golf, walk the miles of trails, fish, use the fitness center and library, sightsee, and go to Oaklawn Racetrack and Gaming. We also investigated various other retirement aspects of Arkansas life and looked at existing homes during those visits. We purchased a home on Lake Coronado and relocated from Illinois in 2006.

During our twelve years as full-time residents, we have taken advantage of joining several of the 200+ clubs and organizations, fishing the 13 area lakes, and golfing on the nine affordable Village courses. Also, we have been extremely pleased with the low cost of living, access to sporting and cultural events, and availability of quality medical care. In a typical month, I volunteer for five organizations, golf, play Mah Jongg, participate in book clubs, and attend cultural and sporting events. Vince and I also enjoy visiting with our many Village friends at numerous area restaurants and in each other's home. This is certainly living the good life!

### Mary Orman

I fell in love with the Village on our first visit. The beauty of the four seasons, the ability to easily make friends, and all of the activities available for our enjoyment are just a few of the reasons we love it here.

### Maureen Morgan

I moved to HSV with my husband Colin in 1993. He was ready to retire, and even though I am several years younger than he, I was ready to "retire," too. I had relatives already living in the Village, so after several years of visiting we had a nice group of friends to welcome us to our new life.

I had worked for major financial institutions in Chicago, and as a younger retiree, my Chicago friends were sure I would be working again within a very few months.

But we both embraced HSV life fully, and I soon knew that there would be plenty to interest me and stimulate me without seeking traditional employment. I renewed my interest in bridge, took some refresher lessons, started playing duplicate bridge, enjoyed playing with many partners (and still do), and became a Life Master. I took line dance lessons – very popular in the mid-90's – and within a couple of years became a line dance teacher. I enjoy health and fitness, and became a volunteer at our fitness center. My husband is an avid golfer, which was the driving force to our decision to move to HSV, but I had never played. I slowly learned to play, and although I will never be very good I can hold my own with friends and other couples. As a non-golfer I found it very easy to play here with strangers. No one is judgmental so you don't need to worry about your skill level. I had done some choral and solo singing in my youth, but never anything seriously. I found myself with the opportunity to sing

# Chamber of Commerce

in several musical performances with our HSV Players group, I joined our community chorus and the Village Chorale, became a leader of song at our church, and I am now the "girl singer" for the Village Big Band! I have the time to volunteer and serve in organizations that are meaningful, such as the HSV Chamber and Visitor Center, the HS/V Symphony Guild, and HSV Community Foundation. Who would have time for even a part-time job!

And the people! From all parts of the USA and abroad. Friendly, generous, interesting. When we first moved here we would take long walks around our neighborhood. Drivers passing us would always wave and we would wave back. That hadn't been a common occurrence in Chicagoland! We look out for each other and take care of each other in a way that makes it easy to live away from your children and your other family.

And the services! Abundant doctors, service companies, tradesmen, lawyers, financial institutions, and hospitals within a reasonable driving distance.

And the amenities! Golf, tennis, trails, lakes, a theater offering professional and local productions, and now even pickleball! If you have an interest that you don't immediately see happening, you can start it up and it will take off.

I have loved every minute of HSV life, and could never think of living anywhere else.

## Melanie Pederson

My husband and I received a complimentary golf package to Hot Springs Village AR and decided to take advantage of it in 2001 after our annual monthly trek to Florida. My husband loved the idea of living in a community that had more than a couple championship golf courses within a

15 mile radius. I enjoyed walking the trails and the library. In 2003, we bought a lot and three years later, we built our home on the east end. Since my husband retired in 2000, he was ready to move when the house was finished in 2006 while I stayed in WI to work. I moved after my retirement but found myself missing my children and

at that time, granddaughter. A friend told us about a faith based Newcomers Class at Village Bible that helped me with the transition. I made new friends and learned all kinds of stuff about the Village. One of my first volunteer opportunities was at the Chamber of Commerce Visitor Center since I enjoy meeting and visiting

with people. My job was to greet visitors, tell them about the Village and give them information. I soon found plenty of ways to volunteer and before long, became a “professional volunteer” serving and helping with several different non-profit organizations and groups in the Village. I also schedule time to be in Wisconsin to visit my family three to five months out of the year.

The people in the Village came from all over and it is fun to attend the annual WI picnic where we meet Wisconsinites. We have made many friends and now call Hot Springs Village home. We are happy and “Living the Dream.”

## Valerie Derryberry

What I like best about the Village is how easy it is here to make new friends. Everyone moved here from somewhere else, so we readily welcome and include

newcomers into our Village. No matter what your hobby or interest, there is a club or organization here to meet your needs. The Village is well located close to Hot Springs and Little Rock and it's easy to get to large metro areas such as Dallas, Memphis or St. Louis. Travel is easy from here – and we don't have six lanes of traffic everywhere we go in the Village.

2018 Partner Up meetings were held on the last Wednesday of every month, featuring food from member restaurants and a panel of experts in fields such as Banking/Finance, Arts/Entertainment, and Energy/Utilities. These panels gave an overview of what it is like to work in their fields, and provided an in-depth look at how their fields affect our members. All members are invited to attend these meetings in 2019 to network with other Chamber members.

## 2018 Hats Off Event

The Chamber's annual "Hats Off to Women" Celebration entered its third year in 2018. On August 25, over 200 attendees enjoyed a champagne brunch, guest speaker, style show, shopping at vendor booths, and door prizes. A portion of the proceeds from the event were donated to Safe Haven Shelter for Women. The 2019 event will be held on August 24th.

## 2018 Business EXPO

The 2018 Business Expo was presented by National Park Medical Center with a theme that was out of this world. "May the 4th: Return of the Business Expo" showcased 77 area businesses, complete with free samples and door prizes, and had hundreds of local citizens in attendance, some dressed as their favorite "Star Wars" character. Every year, the business expo brings together businesses, non-profits, and other organizations from the community to present their products and services in one of the best networking opportunities the Village and galaxy have to offer. Regular attendees noted increases in attendance over the last few years, and Jill Fitzgerald, Chamber Executive Assistant, even said 2018

"[beat] all past records." We hope you'll join us on May 3rd, 2019 for another record-breaking year.

Committee members for Business Expo 2018 were DeeDee Autry, Stephanie Highfill, Summer Benedict, Donna Hoffman, Deb Seibert, Karen Mallonee, Jennifer Allen, Joe Stewart, Jill Fitzgerald, and Michael Dollar.
