Keeping Bees Since '93

www.downthelanefarm.com
203-619-3976

To our bee-utiful customers,

Thank you for choosing Down the Lane Farm. Our customers mean as much to us as our honey bees. And we love our honey bees!

We invite you to stop into our seasonal shop (May through November), pick up some unpasteurized, Connecticut honey, and talk honeybees with us. We look forward to sharing our observation hive again with you this year. There's something magical about watching honeybees work together in harmony. You'll have to check it out for yourself.

Our products are made with you and the honeybees in mind. We pair natural, clean ingredients with honey and/or beeswax to create a little magic of our own. We measure and stir, heat and pour while adding plenty of love to the mix. We are super excited about what our customers have been saying and take each comment and suggestion to heart.

Please let us know how we're doing. Find us on social media, visit our website, and if you are buzzing with joy, shout it out with a Google Review. We appreciate you!

Thank you for being our loyal and most wonderful customers.

In peace and honey bee love,

Greg and Maureen Alfiero

Prices subject to change without notice.

GIFTS FROM THE HIVE

Raw, Unpasteurized Honey

Our honey is filtered and unpasteurized. It's color can range from golden yellow and clear to a dark amber - always with a delicate flavor. When our harvest sells out, we love supporting other beekeepers by purchasing their honey. It's a win, win!
