18th Annual

TITLE
SPONSOR

April 15, 2023 ★ 8AM ★ Heritage Park

CASA of the Coastal Bend would like to announce the 18th annual CASA Superhero 5K Run/Walk. We are asking the Superheroes of the Coastal Bend, like you, to show support for children in foster care by sponsoring this major fundraising event. The battle against child abuse can be long and hard, but with your support, we can ensure every child's voice is heard.

Justice Wallace knows firsthand the challenges of foster care and the significance of having a positive adult relationship during this time. During her youth, Justice spent a total of four years in foster care but was eventually placed with her Grandmother.

In August 2020, Justice became a Court Appointed Special Advocate (CASA) volunteer. She wanted to get involved as a CASA to advocate for children, like her, who feel alone in the system. She felt like no one was hearing her, no one was speaking up for her, and she does not want other kids to feel that way.

Justice is currently serving on a case of an LGBTQ youth, Paul. Justice is also a member of the LGBTQ community. Foster care can be isolating for youth, especially LGBTQ youth.

Paul's parents have relinquished their rights, and Justice is attempting to find permanency with relatives or adoptive families. She has spent hours herself connecting with Paul by phone, ZOOM visits and taking him on outings. He likes the place that Justice would take him to for a "fly" haircut, so she made it a special thing they would do together. On one occasion, she spent the night in an emergency room holding Paul's hand for hours, because she was the only person he would trust.

Justice and her wife have two children. Justice also works for Communities in Schools, spending her professional and personal time serving the young people in her community.

CASA volunteers bring children who are victims of abuse a strong voice and healing heart. 100% of the 5K proceeds ensures we strive to have a CASA for every child.

Being a Sponsor of our CASA Superhero 5K provides an opportunity to bring positive change to the lives of vulnerable children. Sponsorship also provides numerous benefits including reaching new target audiences, increasing stakeholder loyalty and making a social impact in the communities where you do business. Please consider joining our 5K and help us give children a fighting chance.

With a thankful heart,

CASA of the Coastal Bend
