Preparing your Child for the Future!

Little Clarion International Preschool is a leading early childhood education institution in the Philippines offering internationally recognized Christian Montessori Method as its core academic curriculum.

Our innovative preschool program is tailored for each child as such, it emphasizes independence, student-initiated work, problem solving, flexible pacing and freedom of movement. Through mixed-age groupings, it encourages learning from each other and fosters cooperation. Moreover, it builds biblical foundation for children. Montessori curriculum consists of core areas in practical life, sensory, language and mathematics and culture (geography, science and art). An exciting exploration of a small society in Montessori classroom will be a great experience for each student to be happy and self-confident.
