February 28, 2022

We are excited to bring the Camp Ignite Mentorship Program back to the lower mainland for another year. We emphasize that the continued success of this program is due, in large part, to the ongoing support we receive from the many fire departments, union locals, and private industry sponsors.

This year's program will take place August 4th to August 7th, 2022. We are very excited to be planning a three-day, three-night event for 24 high school girls to take part in this year's Camp Ignite. This is subject to change based on evolving public health directives.

We are streamlining the application process and all interested applicants will be directed to the www.campignite.com website in the "Join Us" section to fill out. We ask applicants to submit their application directly to info@campignite.com. We will then organize the applications into jurisdictions and forward applications to designated fire department representatives and/or fire department union local representatives for final selection from the eligible applicants within your municipality. Of course we recognize that many of your municipalities have long standing relationships with your local school districts and, as such, may continue with that. We simply wish for your municipality to wait on selection until we can provide you with the additional applications that may come our way through our continuing social media campaigns.

This year we are writing to you, not only to invite you to support a youth in attending, but to extend an invitation to host a day. To be inclusive of all municipalities we are looking for a department to host a day with an activity such as hazmat, rope rescue, CPR or any other activity your municipality is able to organize. We have several possible lesson plans and would love to work with a representative from your department to organize a fun filled day of activities. Please forward any expressions of interest to host to info@campignite.com, outlining how you can serve the needs of the program, and we will put these to a board vote. We would hope to finalize our host venues by the end of April to allow for adequate planning.

The applications will be made available on our website www.campignite.com in early March with a closing date in the first week of June.

Ignite your passion. Ignite the possibilities. Ignite tomorrow's opportunities!

CAMP IGNITE MENTORSHIP PROGRAM

If your department would like to confirm participant sponsorship or are interested in hosting a day, we asked that you email info@campignite.com by April 8th, 2022. Please include the contact information for your designated departmental representative elected to be the Camp Ignite liaison.

We are currently putting together the details for departmental sponsorship regarding costs and required provisions. We will email that information out to your representative as soon as it is available. Lastly, we would appreciate that you send us the email of your department's current Camp Ignite point of contact should this not be you.

We thank you all in advance for your continued support of the Camp Ignite Mentorship Program.

For more information about Camp Ignite please visit our website at www.campignite.com or email info@campignite.com

Sincerely yours,

The Camp Ignite Board of Directors
