

PRECISIVE™

Nonionic Surfactant, Drift Control Agent And Deposition Aid

PRECISIVE™ is a new, high-load nonionic surfactant with built-in deposition aids and drift reduction technology.

The unique APE/NPE-free formula provides a high level of crop safety, making it ideal for fungicide applications in corn.

PRECISIVE reduces the risk of off-target movement and delivers more spray solution on-target for improved canopy penetration and leaf surface coverage.

Product Information

Functions and Benefits:

- Unique APE/NPE-free formulation for improved crop safety
- Built-in drift reduction technology reduces the risk of off-target movement
- Creates more “right-sized” spray droplets to increase canopy penetration and dwell time
- True 90% surfactant load, which is practically unparalleled in the market today
- CPDA approved
- Labeled for aquatic use

Use Rates:

- Ground: 1–4 pt/100 gal (0.125-0.5% v/v)
- Aerial: 2–4 pt/100 gal (0.25-0.5% v/v)
- Drones / UAVs: 4 pt/100 gal (0.5% v/v)

Packaging:

- 2 x 2.5 gallons per case
- 275 gallon mini bulks
