

HENO D™

GLYPHOSATE ACTIVATOR ADJUVANT - AMS REPLACEMENT, DEFOAMER AND DRIFT CONTROL

PRINCIPAL FUNCTIONING AGENTS

Proprietary blend of drift reduction polymers, ammoniated ions, water conditioning agents and antifoam 100%
All ingredients are approved for use under 40 CFR 180

KEEP OUT OF REACH OF CHILDREN WARNING

PRECAUTIONARY STATEMENTS

Causes skin irritation and serious eye irritation. If medical advice is needed, have product container or label at hand. Read label before use. Do not breathe the mist, vapors or spray. Wash protective equipment and work clothes thoroughly after handling. Wear personal protective equipment. Specific treatment is given in the First Aid section on this label or on the SDS. Store in a closed container. Dispose of contents/container to disposal plant in accordance with federal, state and local regulations.

Personal Protective Equipment (PPE)

Applicators or other handlers of this product should wear: splash-proof chemical safety goggles, chemically impervious gloves, long-sleeved shirt, pants, socks and shoes. Consult the SDS for further information.

FIRST AID

If Swallowed: Rinse mouth. Have person sip a glass of water if able to swallow. Do NOT induce vomiting, unless told to by a poison control center or doctor. Do not give anything to an unconscious person. Call a POISON CENTER/doctor or INFOTRAC if person feels unwell.

If In Eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice or attention.

**If On Skin:
(or hair)** Take off immediately all contaminated clothing. Rinse skin with water or shower. Wash affected area with plenty of soap and water. Use tepid water if available. If skin irritation occurs: Get medical advice or attention. Wash contaminated clothing before reuse.

If Inhaled: Move person to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER/doctor or INFOTRAC if person feels unwell.

GENERAL INFORMATION

HENO D is a convenient, low-use-rate, activator adjuvant premix that combines water conditioning agents, drift retardants and ammonium ions in an easy-to-use formulation. HENO D sequesters antagonistic hard water ions, provides additional ammonium ions for improved herbicide uptake and reduces drift risk to ensure optimum performance of glyphosate-based herbicides.

FOR USE WITH PESTICIDES REGISTERED FOR AGRICULTURAL, FORESTRY, INDUSTRIAL, MUNICIPAL, NONCROPLAND, RIGHTS-OF-WAY AND OTHER APPROPRIATE USES.

DIRECTIONS FOR USE

Always mix and apply this product in accordance with the instructions found on the pesticide label regarding adjuvants. In

the absence of specific instructions follow the application and mixing guidelines below.

USE RATES

Using the guidelines below, apply HENO D at 1-4 quarts per 100 gallons or 1-4 liters per 400 liters of spray solution (0.25% – 1.0% v/v).

Use the higher use rates when any of the following conditions exist:

- Nitrogen responsive weed species, such as velvetleaf, are present or weeds are under weather stress conditions.
- Additional drift control is desired due to weather conditions, nozzle selection or application technique.

Use the lower use rates when visual inspection indicates excessive reduction in the appropriate overlap of the spray pattern.

MIXING

In the absence of specific mixing instructions found on the pesticide label, fill the spray tank with at least 50% of the desired finished carrier volume. When premixing in a mixing vessel or inductor, fill with at least 20% of the desired finished carrier volume. While the carrier is agitating, add tank mix ingredients in the following order:

1. Compatibility agent and/or antifoam, if needed
2. AMS, dry formulations (WP, DF, WDG, SP), and dry drift retardants
3. Dry soluble and suspension fertilizers / micronutrients
4. Liquid drift retardants and flowable formulations (F & FL)
5. Liquid concentrates, suspension and microencapsulated (LC, SC, ME)
6. Emulsifiable concentrates (E, EL or EC)
7. Solutions and soluble liquids (S or SL)
8. Liquid micronutrients and fertilizers
9. Water conditioners and other adjuvants (COC, HSOC, MSO, NIS)
10. Finish filling to desired spray volume level and continue agitation

STORAGE AND DISPOSAL

Do not use, spill or store near heat or open flame. Protect product from freezing. If product freezes, warm to room temperature before use. Keep containers sealed when not in use. Store in original container only. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at www.acrecycle.org. Decontaminated containers and materials must be disposed of in a manner allowed by local, state and federal laws and regulations.

CONDITIONS OF SALE

Read the information contained herein before buying or using this product. If the stated terms are unacceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Heartland Ag, Inc. warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Heartland Ag's prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated hereon and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the Company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product shall be the purchase price paid by the user or buyer for the product involved.
