

TRUE BLUE™

Lake and Pond Dye

Lakes and ponds look best when they are clean, clear and naturally pleasing. TRUE BLUE™ aids in beautifying golf courses, parks, corporate campuses, campgrounds, retention ponds and farm ponds. Composed of both yellow and blue dyes that reduce sunlight penetration, TRUE BLUE turns water naturally blue and is safe and nontoxic to fish, birds and animals.

- Long lasting
- True, natural-looking color
- Easy-to-use
- Nontoxic
- Highly concentrated
- Odorless
- Economical
- Harmless to fish and wildlife

Use Rate: 1 qt per acre sq ft

Application Interval: Apply in early spring and throughout the season, depending on the desired level of color intensity

Packaging: One-gallon, easy-to-use and pour containers, which treat up to four acre feet each

Use Rate: 1 Pak per acre-foot or 325,000 gallons

Application Interval: Apply in early spring and throughout the season, depending on the desired level of color intensity

Packaging: Quick-dissolving EZ-SoluPaks are protected by a waterproof, foil-lined overpack to prevent accidental staining while handling. Each SoluPak treats up to one acre foot. Six 5.25-ounce packets per box and four boxes per case.
