

Product Information

Agrotain Plus
Nitrogen Stabilizer

Quantity

30 pound bags

Functions and Benefits:

- Controls nitrogen loss above and below the surface (2 stabilizers in one)
- Reduces loss from volatilization, leaching and denitrification.
- Most effective when periods of wet weather are possible after application
- Urease & Nitrification inhibitor
- Can be used on any crop that uses applied nitrogen
- For use in UAN and Manure
- Mechanical incorporation unnecessary

Rate:

15 lbs per ton of 28 or 32% UAN
3-5 lbs per acre in manure
