

ENYA™ PLUS

Liquid Ammonium Sulfate/Drift Retardant Solution

PRINCIPAL FUNCTIONING AGENTS

Ammonium sulfate, polyacrylamide and dimethylpolysiloxane	34%
Constituents ineffective as a spray adjuvant	66%
TOTAL	100%

All ingredients are approved for use under 40 CFR 180

KEEP OUT OF REACH OF CHILDREN WARNING

PRECAUTIONARY STATEMENTS

Harmful if swallowed, causes skin and eye irritation. If medical advice is needed, have product container or label at hand. Read label before use. Wear personal protective equipment. Wash protective equipment and work clothes thoroughly after handling. Do not eat, drink or smoke when using this product. Specific treatment is given in the First Aid section on this label or on the SDS. Dispose of contents/container to disposal plant in accordance with federal, state and local regulations.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators or other handlers of this product should wear protective eyewear, chemically impervious gloves, long-sleeved shirt, pants, socks and shoes to minimize skin contact. Consult the SDS for further information.

FIRST AID

If Swallowed: Rinse mouth. Have person sip a glass of water if able to swallow. **Do NOT induce vomiting**, unless told to by a poison control center or doctor. Do not give anything to an unconscious person. Call a POISON CENTER/doctor or Chemtrec if person feels unwell.

If In Eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice or attention.

If On Skin: Wash affected area with plenty of soap and water. Use tepid water if available. If skin irritation occurs: Get medical advice or attention. Treat symptomatically. Take off contaminated clothing and wash it before reuse.

If Inhaled: Move person to fresh air. If person is having difficulty breathing, give oxygen. If not breathing, give artificial respiration.

GENERAL INFORMATION

Enya Plus is a convenient, highly active liquid ammonium sulfate and drift retardant premix. **Enya Plus** is formulated to enhance the performance of herbicides requiring the addition of ammonium sulfate.

DIRECTIONS FOR USE

The addition of adjuvants to some pesticides and/or fertilizers and their tank mixes may cause phytotoxicity to the foliage and/or fruit of desirable crops. The applicator or crops advisor must have experience with the pesticide combination, including **Enya Plus**, or must have conducted a phytotoxicity test prior to use. Do not use this product in a manner inconsistent with labeling. **Enya**

Plus increases the activity of many pesticides. Therefore, care must be taken when treating sensitive crops during periods of drought stress, high temperatures or high humidity.

SHAKE WELL BEFORE USING.

FOR USE WITH PESTICIDES REGISTERED FOR AGRICULTURAL, FORESTRY, INDUSTRIAL, MUNICIPAL, NON-CROPLAND, RIGHTS-OF-WAY AND OTHER APPROPRIATE USES.

USE RATES

Glyphosate and other tank mixes:

For 8.5 lbs. of AMS/100 gal., use at a rate of 2.5% v/v (2.5 gal./100 gal. solution).

For 17 lbs. of AMS/100 gal., use a rate of 5% v/v (5 gal./100 gal. solution).

MIXING

In the absence of specific mixing instructions found on the pesticide label, fill the spray tank with at least 50% of the desired finished carrier volume. When premixing in a mixing vessel or inductor, fill with at least 20% of the desired finished carrier volume. While the carrier is agitating, add tank mix ingredients in the following order:

1. Compatibility agent and/or antifoam, if needed
 2. AMS, dry formulations (WP, DF, WDG, SP), and dry drift retardants
 3. Dry soluble and suspension fertilizers / micronutrients
 4. Liquid drift retardants and flowable formulations (F & FL)
 5. Liquid concentrates, suspension concentrates, microencapsulated and capsule suspension (LC, SC, ME, CS)
 6. Emulsifiable concentrates (E, EL or EC)
 7. Solutions and soluble liquids (S or SL)
 8. Liquid micronutrients and fertilizers
 9. Water conditioners and other adjuvants (COC, HSOC, MSO, NIS)
1. Finish filling to desired spray volume level and continue agitation

STORAGE AND DISPOSAL

Do not allow to freeze. For optimum storage stability, store at temperatures between 40°F (5°C) and 90°F (32°C). Avoid contact with ironclad, copper and copper bearing materials. Do not store near oxidizing agents. Keep container sealed when not in use. Store in original container only. Do not reuse empty container. Rinse empty container thoroughly. Dispose of rinsate and container in accordance with local, state and federal regulations.

CONDITIONS OF SALE

Read the information contained herein before buying or using this product. If the stated terms are not acceptable, return the product at once, unopened. It is critical that this product be used and mixed only as specified on this label. Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied, with respect to the results from the use of this material. Buyer and user assume all risks of use and/or handling. Heartland Ag, Inc. warrants that this material is reasonably fit for use as specified on this label. No agent or representative is authorized to make any other representations concerning this material. Unforeseen factors beyond Heartland Ag's control prevent elimination of risks in connection with the use of its chemicals. Such risks include, but are not limited to, damage to plants and/or crops to which the material is applied, or lack of complete control and damage caused by drift to other plants or crops. Such risks may occur even though the product is reasonably fit for use as stated herein and even though label directions are followed. Follow directions carefully. Timing, mixture, method of application, weather and other conditions are influencing factors in the use of this product and are beyond the control of the seller. Except to the extent prohibited by applicable law, the exclusive remedy of the user or buyer and the limit of liability of the company or any other seller for any and all losses, personal injuries or damages resulting from the use of this product, shall be the purchase price paid by the user or buyer for the quantity of product involved.
