

## Product Information

Haf-Pynt  
Adjuvant/Surfactant

### **Quantity:**

4x1  
265 gallon tote  
Bulk

### **Functions and Benefits:**

- Contains no nonylphenols and is a non-ionic ethoxylate formulation
- Contains excellent antifoam for even the toughest high foaming products
- Enables coverage of twice as many acres as traditional 80/20 surfactant
- Improves pesticide efficacy using only half the rate of standard 80/20 surfactants

### **Rate:**

$\frac{1}{2}$  pint per 100 gallons of spray solution  
 $\frac{1}{4}$  pint in fungicides

Haf-Pynt is a superior, biodegradable formulation of 80/20 surfactant that provides excellent wetting and spreading at a half pint rate.
