Special Guest Performance

We were absolutely thrilled to have the incredible Dr. Bruce D. Cheson as part of our event last year! Not only is he a world-renowned expert in lymphoma and blood cancers, but he also has a passion for music which makes him even more inspiring. He performed with the amazing Kimberley Dahme, who is an American rock/country musician, best known as the first female member of the rock band Boston. Their collaboration was absolutely phenomenal! Get ready to be motivated, inspired, and entertained again at Harmony4Hope 2025.

Harmony4Hope Music Festival is an incredible initiative that seeks to bring people together through the universal language of music, all while raising crucial funds for lymphoma research. By uniting hearts and voices, this community-driven event aims to inspire hope and make a tangible impact in the fight against this devastating disease. Through the power of unity and support, we can bring about meaningful change and help improve the lives of those affected by lymphoma and other blood cancers.
