To the Presidents of International Groups of the MCC

Dear friends,

We are sending you the first issue of the **OMCC BULLETIN 23-27**.

This publication aims to provide information on the reality of the Cursillo Movement worldwide, based on the contributions of the OMCC (World Organization of Cursillos of Christianity) and the International Groups, reflecting activities carried out, ongoing projects and various proposals for reflection and formation.

I ask you to promote its diffusion, through the National Secretariats and trying to reach all the realities of the Movement: Diocesan Secretariats, Schools of Leaders, Ultreyas, groups and all the Cursillista family of the dioceses.

Ultimately, the main purpose is to enable mutual knowledge and sense of belonging, closeness, friendship and unity at all levels of the Cursillo Movement.
