08. A WORD FROM THE CEO

Fadi Raad CEO

The journey has just begun...

Al Zaid Trading was established in Sultanate of Oman with a burning ambition to succeed. With limited resources, we knew that we could not beat the competition in terms of products, prices or other shows of force.

With a never-say-die spirit along with complete confidence in **Sultanate Of Oman**, we were convinced that we could strengthen our position in the market through our superior services and high level of customer satisfaction.

When I look back, it gives me immense pleasure and pride to note that we have achieved amazing results – having won and executed many prestigious projects for blue-chip corporates, signed dealership agreements with the world's most renowned manufacturers and above all, retained and expanded our most important asset – our human resources!
