**Meet Prakhyath Jagadish Iyer, a dynamic, dedicated, and strategic leader with a remarkable 20-year journey in the realm of global business. With an extensive background in digital transformation and security solutions. As the founder of Srivathsa Enterprises Home Automation, Prakhyath's leadership is a testament to his ability to navigate complexities and drive transformative change. His hands-on approach, coupled with an innate understanding of the industry, allows him to steer the company towards unparalleled success.**

**Srivathsa Enterprises**  
**+917700005347**

## **MEET THE PROPRIETOR**

**Meet the proprietorship behind Srivathsa Enterprises, a true pioneer in the realm of intelligent living, Sumanth SP. Hailing from a background rich in Diploma in electronics and communication, Sumanth possesses a profound understanding of how intelligent systems can elevate the way we live, work, and interact within our spaces. With a keen eye for detail and an unyielding drive to redefine the very concept of a "smart home," Srivathsa Enterprises is not merely crafting solutions; we are shaping experiences that bring the future of intelligent living to your doorstep.**

# Tempered Glass

A thoughtfully designed tempered glass panel with rounded edges that is twice as strong as normal glass, withstands high level of heat and is safe to use. It resists smudges and allows for easy removal of fingerprint grease. The glass panel cleans very easily, keeping it looking brand new

**Scratch Proof**

**Easy to clean**

**Heat Resistant**

**Damp Proof**

**Srivathsa Enterprises**  
**+917700005347**

# Mobile App

Use our mobile app to control your  
lights and fans from anywhere.  
Wherever you go, your home is in your  
control.

**Intuitive Interface**

**Easy to Install**

**Scheduled On/Off**

**Srivathsa Enterprises**  
**+917700005347**

# Remote Control

**An IR remote control, that works at about 22 feet, bring maximum convenience to your finger tips**

**Srivathsa Enterprises**  
**+917700005347**

# Voice Control

**Our Touch Switch allows you to use Amazon Alexa or Google Home to control your devices using voice control. Group and name your devices as per your convenience to control multiple devices at once.**

**Device Grouping**

**Routine Setup**

**Srivathsa Enterprises**  
**+917700005347**

# IFTTT

IFTTT is a web service that allows users to integrate different products and easily program responses based on commands received. So, IF "light turns on" THEN "send an sms" or IF phone "receives an SMS" THEN "turn off the fan". Our products are integrated with IFTTT allowing users to take advantage of a connected ecosystem.

# Smart Wifi Switch Board with 7 x Switch & 1 Fan Module

- Colour - Black
- Item Dimensions - LxWxH  
24.7 x 8.8 x 4.3 Centimeters
- Item Weight - 500 Grams
- Control Method - Remote

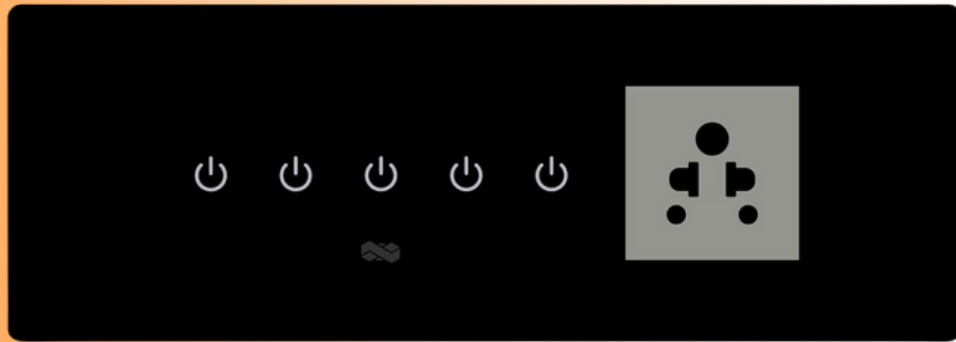

# Smart Wifi Switch Board with 8 x Switch Module

- Operation Mode - ON-OFF
- Current Rating - 6 Amps
- Operating Voltage - 240 Volts (AC)
- Contact Type - Normally Open
- Connector Type - Plug In

# Smart Wifi Switch Board with 4 x Switch & 1 Smart Plug Module

- Operation Mode-ON-OFF
- Current Rating-6 Amps
- Operating Voltage-240 Volts (AC)
- Contact Type-Normally Open
- Connector Type-Plug In

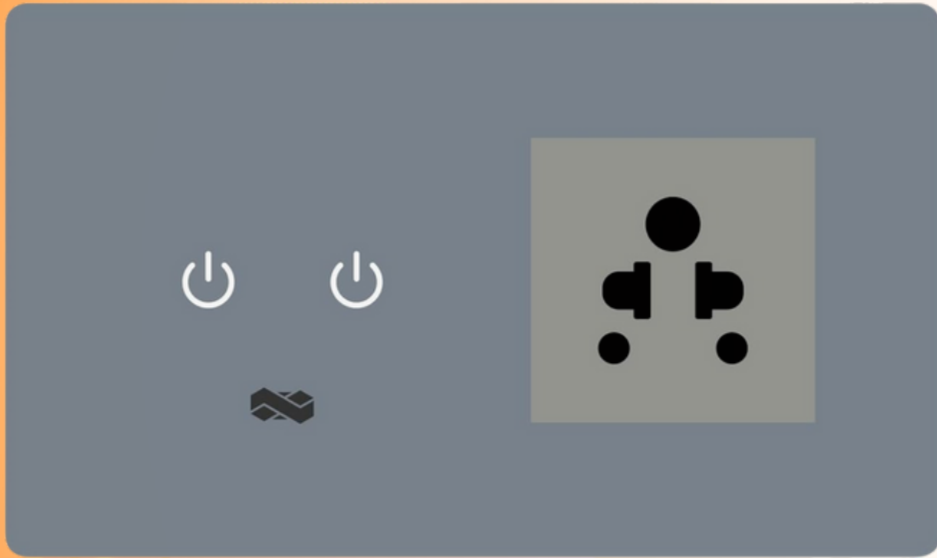

## 4 Gang Smart Wifi Switch Board. 3 x Lights Switch and 1 x Fan switch

- Operation Mode-ON-OFF
- Current Rating-6 Amps
- Operating Voltage-240 Volts (AC)
- Contact Type-Normally Open
- Connector Type-Plug In

# Smart Wifi Switch Board with 1 x Switch & 1 Smart Plug Module

- Operation Mode - ON-OFF
- Current Rating - 6 Amps
- Operating Voltage - 240 Volts (AC)
- Contact Type - Normally Open
- Connector Type - Plug In

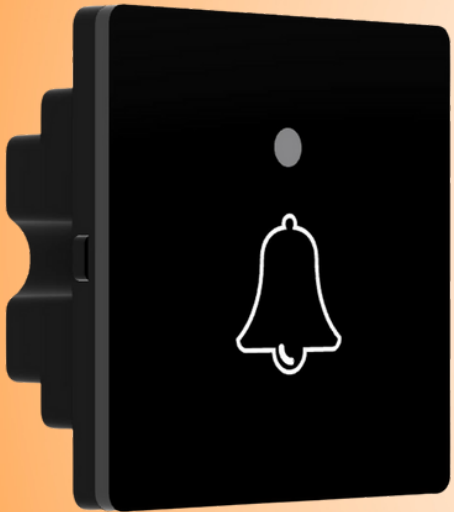

# 4 Gang Smart Wifi Switch Board. 4 x Switch Module including 1 x High Load (AC/Geyser) switch

- Operation Mode - ON-OFF
- Current Rating - 6 Amps
- Operating Voltage - 240 Volts (AC)
- Contact Type - Normally Open
- Connector Type - Plug In

# Touch Door Bell Control (Black Variant)

- Operation Mode - ON-OFF
- Current Rating - 6 Amps
- Operating Voltage - 240 Volts (AC)
- Contact Type - Normally Open
- Connector Type - Plug In

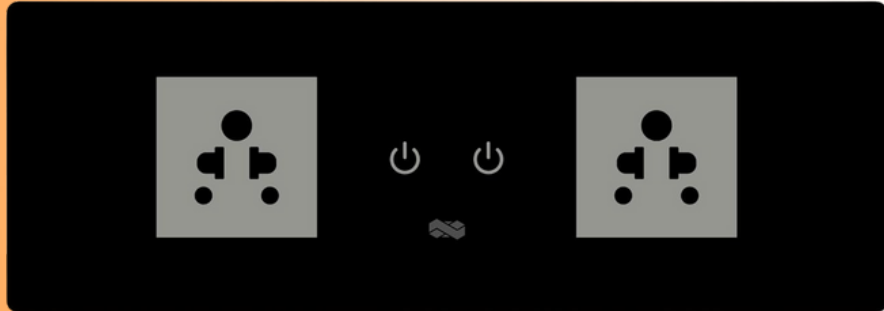

## 2 Gang Smart Wifi Switch Board

- Operation Mode - ON-OFF
- Current Rating - 6 Amps
- Operating Voltage - 240 Volts (AC)
- Contact Type - Normally Open
- Connector Type - Plug In

# Smart Wifi Switch Board with 2 Smart Plug Module

- Operation Mode - ON-OFF
- Current Rating - 6 Amps
- Operating Voltage - 240 Volts (AC)
- Contact Type - Normally Open
- Connector Type - Plug In

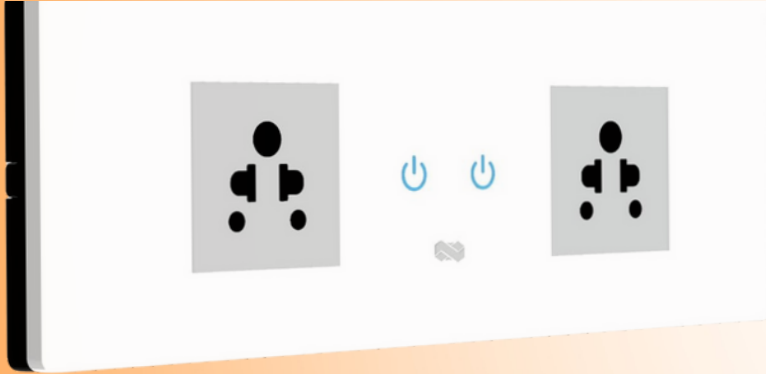

## 2 Gang Curtain Control Smart WiFi Touch Switch

- Operation Mode - ON-OFF
- Current Rating - 6 Amps
- Operating Voltage - 240 Volts (AC)
- Contact Type - Normally Open
- Connector Type - Plug In

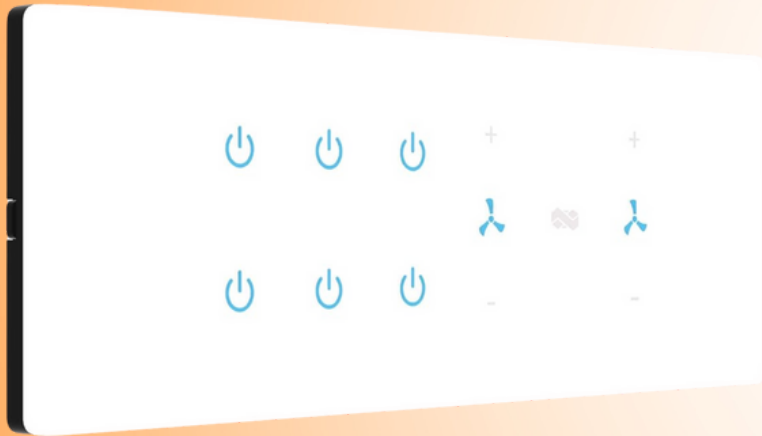

# Smart Wifi Switch Board with 2 Smart Plug Module

- Operation Mode - ON-OFF
- Current Rating - 6 Amps
- Operating Voltage - 240 Volts (AC)
- Contact Type - Normally Open
- Connector Type - Plug In

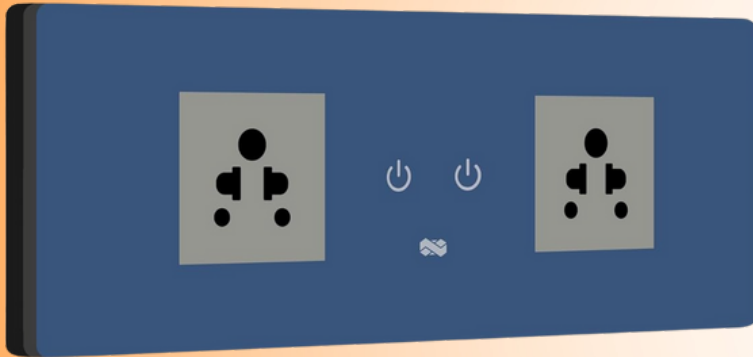

# Smart Wifi Switch Board with 6 x Light Switches & 2 Fan Switches

- Operation Mode - ON-OFF
- Current Rating - 6 Amps
- Operating Voltage - 240 Volts (AC)
- Contact Type - Normally Open
- Connector Type - Plug In

# Smart Wifi Switch Board with 2 Smart Plug Module

- Operation Mode - ON-OFF
- Current Rating - 6 Amps
- Operating Voltage - 240 Volts (AC)
- Contact Type - Normally Open
- Connector Type - Plug In

# Smart Wifi Switch Board with 3 x Switch, 1 Fan & 1 Smart Plug Module

- Operation Mode – Smart Switch
- Current Rating – 6 Amps
- Operating Voltage – 240 Volts
- Contact Type – Normally Open
- Connector Type – Plug In

# Smart Wifi Switch Board

- Operation Mode - ON-OFF
- Current Rating - 16 Amps
- Operating Voltage - 16 Volts (AC)
- Contact Type - Normally Open
- Connector Type - Plug In

# Smart Door Lock LA16

- 360° Fingerprint sensor - 0.4 sec. unlocking speed || Register upto 100 fingerprints in the lock.
- Bluetooth Mobile APP. - This lock completely operate through mobile application. Add/Del. any user.
- DIY Installation : This lock is very easy to install, any normal carpenter can install the lock with the help of our customer care online support via video, calls and Video calls
