Dear parents and guardians,

We are excited to share designs of our school's upcoming upgrade project with you all! After consulting with our community last year, we, along with the Victorian School Building Authority (VSBA), have now developed detailed designs for the project.

Have a look at the attached site plan to see artist's impressions of the new build and site maps of the project - which will provide our school with a new state-of-the-art 3-storey building with collaborative learning, outdoor learning, science and technology spaces, as well as new staff and administration facilities. The plan also highlights the new landscaping and outdoor play areas included in the project.

We have also included a map of our school during the build to help parents, carers and kids understand what the site will look like throughout construction. This includes how existing facilities will be temporarily repurposed during the build, and the new school entrances that will be in place while construction is taking place.

We thank our school community for their continued interest in this project and look forward to sharing more updates as the build progresses.

To stay up-to-date on our exciting upgrade please visit the VSBA webpage.

<https://www.schoolbuildings.vic.gov.au/schools/Pages/Preston-South-Primary-School.aspx>

I would like to take this opportunity to thank Nanne Mitchelson (School Council President), Liz Naumoska (School Council Vice President) and Miryana Ristovski (Assistant Principal). They have provided the VSBA and the architects with their time, guidance, support to ensure our school needs are met.

I am keen to hear your thoughts, ideas and questions so far. The responses/feedback from this will help me create a 'frequently asked questions' information sheet, for our community. Please click in this link.

I look forward to hearing your thoughts.

Sincerely,

Leon Leonidas

Principal
