## LETTER FROM COMMODORE DAVE MONK

---

Ahoy WCYC members,

Well, we actually felt that we had returned to the “Old Norm” this month as we set off for a great WCYC Cruise in Newport Beach! The cruise report is in the Binnacle with all the stories to share but I did want to thank those who joined us making for a well needed fabulous weekend WCYC cruise!

I also wanted to provide an insight into the management of the club and the work that the flag officers and the members of the board have been addressing during this season. We have been meeting monthly reviewing the club business as well as discussing the management of cruise schedule and also looking into the future in 2021. Although overused, we are living in unprecedented times, and as such, we have had to take steps to ensure not only compliance, but also to ensure the continued safety of the members.

As we move forward as a cruising club we are working diligently supporting our remaining schedule while complying with both the authorities (Avalon and Long Beach Yacht club). We have sent out the invitations for the Avalon cruise after confirming the moorings and town are open, respecting social distancing and the wearing of masks while in town – the Fiorillos and the Stones have put together an exciting cruise event schedule – hopefully we will see many of you there!

We have also been working with LBYC and at this time they are unable to host a cruise event as they are still in a “lock-down’ mode. Good news is that Christie and Chip have found an alternate dock close to LBYC to host the event – more to come on that when we send out the invitations!

In closing, it has been great to see all of our members both enjoying the harbor but also arranging their own cruise events and sharing their love of boating.

Stay Safe and Healthy,

Fair Winds and Following Seas  
David Monk, Commodore

## LETTER FROM FLEET/PORT CAPTAIN DAVE STANCIL

### TRUST but VERIFY!

We have probably all heard the adage *"Trust but Verify"*. I just went through this exercise this week and I must tell you it felt incredibly good. As captains of our personal boats, we all are probably trusting of our skills as a skipper in safe use of our boats and safety of our family and friends aboard. However, completing and passing a Vessel Safety Check conducted by our WCYC's Steve Fiorillo of the USCG Auxiliary verified that our boat, Juliet, is in full compliance with all Federal and State boating laws and regulations.

To be honest, it had been at least 5 years since Juliet had a VSC and completing this VSC in the world of COVID is not as easy as the Examiner hopping on board and completing the inspection as in the past. Since under COVID rules USCG AUX Examiners are not allowed on your vessel, Steve had specific requests for pre-examination photos to speed up the process.

You are probably thinking right now that taking all these photos and sending them to Steve would be a royal pain. It turned out to be a great exercise. I went down the list Steve provided and inspected and photographed each item. Items photographed were: Life Jackets, Fire extinguishers, distress signals and battery covers, just to name a few. During this process, I realized that my engine room fire suppression system needs to be inspected in June of 2021. No doubt I would have missed this deadline.

On the day of the examination, Steve inspected just a few items such as my CF numbers are in the correct format, bilge blower, horn, and navigation lights all work. Steve went through a checklist of general safety items that many of us may take for granted.

Steve stayed on the dock and was on and off in less than 30 minutes. Juliet now has a new VSC sticker and we verified that she meets all the current State and Federal regulations. I am confident that in an emergency I will have all the necessary equipment to save a life or summon help.

I highly recommend that you contact Steve and schedule your VSC.

Dave Stancil, Fleet Captain

## LETTER FROM MEMBERSHIP MINDY SICARD

---

Thank you to those who have helped with membership in recruiting and bringing in new prospective members to our wonderful yacht club.

If you have a friend or know of a dock neighbor who would be interested in joining our club, please let me know and I can send them an application.

By now you should have received your current 2020 WCYC Membership stickers. If you have not and feel like you should have, please contact me: Mindy Sicard 949-412-2276.

Looking forward to seeing you at our upcoming events!

Mindy Sicard  
WCYC Membership

## LETTER FROM BINNACLE EDITOR STEVE FIORILLO

---

Hello All:

I'm always looking for content for the Binnacle, so anything you'd like to share with the membership that's boating related please send it my way.

If you're not aware, we also have a Facebook group that's been active for several years, <https://www.facebook.com/groups/448832008534519>. This is a private group for members only, so if go to this page and request membership I'll add you in ASAP. Or you can send me your Facebook account and I'll do it that way.

This group, as with the Binnacle, can be used to share your photos, trip journals, etc, but also any suggestions for contractors (upholsterers, boat cleaners, mechanics, etc), as we're all looking for "that guy".

Any contribution to the membership that is more real-time should be posted to our FB group so we all see in a timely manner.

Please let me know if there's any questions or concerns.

Regards,  
Steve Fiorillo

# August Cruise Report: Newport Beach, 8/14-16

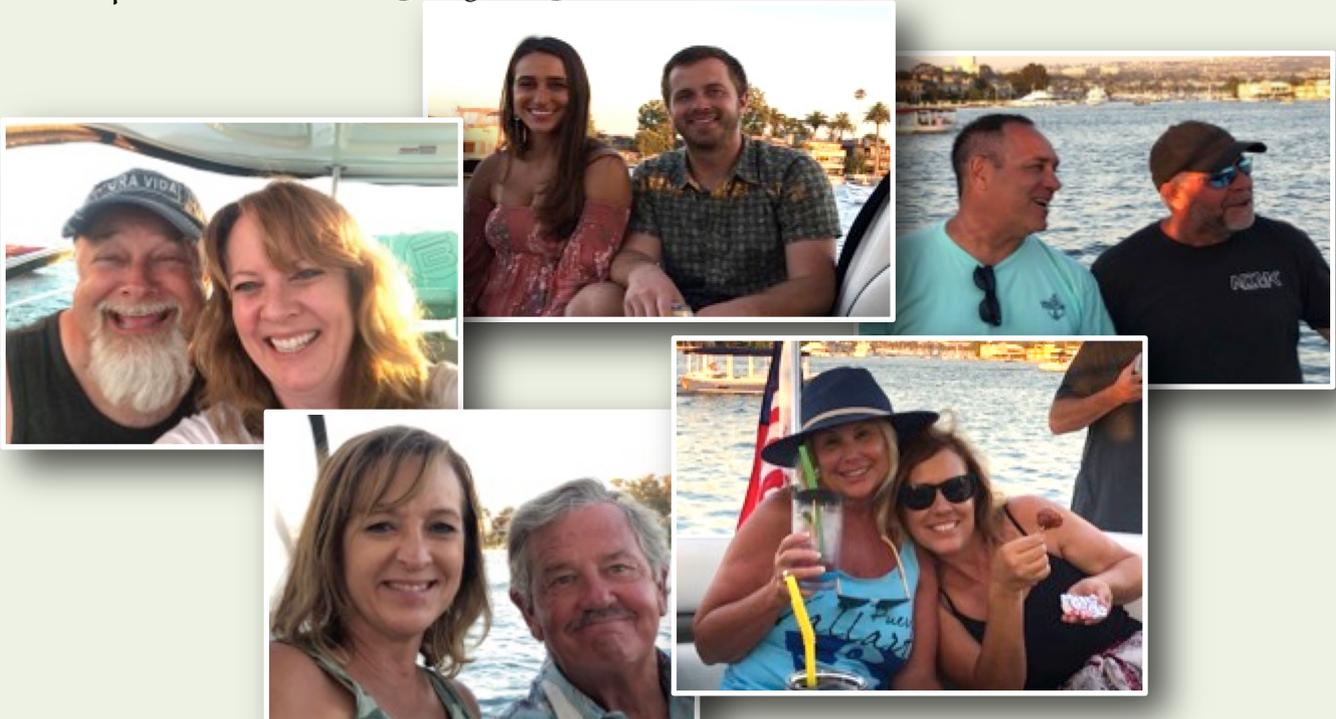

## Attending boats and Members:

David and Monique on Reel Nauti Too; Christie and Chip Threlkeld on Panacea; Tom Rasulo and multiple guests on Genty Lee; Dell and Barb on Patina; Mike and Sherry on Sandbar along with Future Members Rod and Tammi on (a fabulous Cat) and Kevin and Linda on Hail Yeah!

Given the Covid restrictions our raft-up permit was revoked (very nicely). In further conversations with the Harbor Master, he said we could anchor up with two boats on one anchor ("its allowed but not encouraged"). As cruise captains, Genty Lee and Reel Nauti Too created the smallest raft-up in WCYC Newport Beach Raft-Up history – two boats!

Friday evening's "pot-luck" consisted of delicious appetizers served on Reel Nauti Too and accompanied by beverages of choice. The music was played at a very circumspect level (NOT) – it was a good time for everyone to get together and catch up without catching anything!

# August Cruise Report: Continued

On Saturday morning we noshed on bagels with a range of cream cheese schmears, various muffins and freshly cut fruit – all serviced with champagne and mimosa's on the host boats. Chip made a great galley chef by managing the multiple toasters. Full relaxation commenced with all of the toys in the water (a Yoga Board - 4X6 floating dock – the floating Relaxation Station but the big hit of the cruise was the new [BOTE Aero Chairs](#). If I had brought 10 more with me, they would have all been sold – everyone wanted one! They fit on the swim deck or on the floating docks!

In the afternoon, the troops rallied for a very enjoyable dinghy cruise down the backwaters of Newport Island with only a few minor nautical infractions. (Kevin spinning out the Commodores dinghy into the bridge!).

# August Cruise Report: Continued

Saturday night was “Movie Night” on Reel Nauti Too with excellent Pizza from “Gina’s, popcorn and retro-candy complete with a newly commission movie screen on the swim deck! It worked really well with standing room only for the “Pirates of the Caribbean”! Definitely an event for future cruises as everyone really enjoyed it!

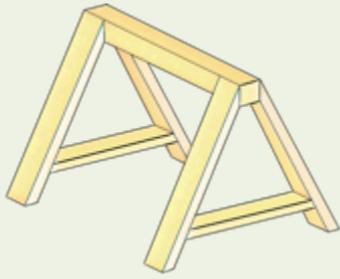

Sunday morning all (14) went over to the Lighthouse Café for Brunch. Despite being told there was a 2 to 3 hour wait, our guest Kevin pulled some magic and we were sat immediately (definitely improving Kevin’s chances of becoming a new member!).

I provided the Commodore’s cruise report for the breakfast group with call outs to our guest’s attending the cruise; Kevin and Linda (first event), Rod and Tammi (second event), Cami and Martin – Monique’s sister and boyfriend and Lauren, Zack and Joseph from the Sandler’s clan. We celebrated the August birthdays including George, Gina, Crezlun, Suzanne and Maggie. There were no past commodores in attendance this time.

# August Cruise Report: Continued

We had a couple of Sawhorse nominations with one being awarded to Chip for being towed home on his dinghy because his electric motor battery was dead. However, it transpired in the morning that the reason for the power failure was the key to the motor was not engaged!!

We added two other categories for awards....

First, MOB – failure to negotiate swim decks and floating docks plus staying in dinghy's – we had multiple winners who ended up with unplanned swimming with wallets, keys and phones.

The second was Floating Dock Dancing – again an unintentional event caused by the unexpected lack of stability on the floating dock – Rod was a clear winner with multiple other “worthy mentions”! (Improving his chances of becoming a new member!)

We did have a major nautical event. A 100ft yacht Argonaut (Eggplant purple) in the anchorage decided on a cruise around the harbor. On re-entering the anchorage, they lost their bow thrusters and decided to kiss Sandbar's bow – frantic work on Argonaut's and Sandbar's crew using their huge fenders to avoid damaging both boats. We definitely witnessed questionable seamanship by their captain (a huge sawhorse contender) as he could not maneuver his yacht either to miss the collision but then disengage himself! Damage we believe was limited to the WCYC Flag Pennant Rail Mount which was bent! Mike Sandler left his handprints on the bow of Argonaut to remind them of their error!

A second event was with Kevin and Linda on Hail Yeah (which they have owned a matter of weeks). Their Fire suppression unit was deployed after their gas-powered generator caught fire in their engine compartment! The fire suppression system did its job however their steering and transmission had issues, so they were towed home!

Many of the cruisers stayed late enjoying the Sunday afternoon and all had a safe and enjoyable cruise home.

Thanks to all for the participation, great food and great company!

- Cruise Captain and Commodore, Dave Monk

### Letter From Steve Fiorillo

Hello WCYC,

As you may recall, earlier this year we arranged for a club event to have the USCG AUX conduct Vessel Safety Checks for our vessels. However COVID got in the way and as you're well aware, all in person events were cancelled, and rightly so.

However, as with every other organization, the USCG and CG AUX have been working diligently on developing protocols and guidelines so we can get back out there and safely get the VSCs underway once again.

Effective as of August 1, 2020, new COVID guidelines have been published to conform with the current social distancing restrictions, keeping everyone as safe as possible while having the ability to perform VSCs in person as much as we can.

The new guidelines are a bit restrictive as the CG AUX examiners are no longer permitted onboard, so a little more prep work is required by the owner. All required equipment must be displayed in the open for the examiner to inspect either visually or remotely via FaceTime/Zoom/Skype/etc, and/or pictures taken of those items that cannot be easily displayed like mounted fire extinguishers, placards, holding tank seacock, etc. The VSC examiner is also required to submit orders at least 1 week in advanced, so some lead is needed. That said, once you've contacted the CG AUX for a VSC, you'll be assigned an examiner, and they will work with you to schedule the VSC, walk you through the new process, and make it as painless as possible.

You can find the current VSC Process posted on our new CG AUX Bulletin Board Page, which also includes the Public Education offerings(*which hopefully will be back soon via on-line classes*), and any other pertinent USCG publications we should be aware of.

I have completed two VSC's last week for both the Groves and Stancils, and I think they'll tell you it was pretty painless and completed in under 15 minutes.

So as before, I encourage everyone who hasn't completed a VSC in last few years to please do so. We should all want to ensure that our boats are safe for all those we have onboard.

Regards,  
Steve Fiorillo  
USCG AUX

### USCG Auxiliary Vessel Safety Checks Flotilla 68 – Dana Point

*The following are the current guidelines effective August 1, 2020, allowing the CG AUX to conduct VSCs while conforming with the current social distancing restrictions. However, as with all COVID restrictions they are subject to change.*

The new VSC guidelines include:

- Each VSC must also have prior approval by the CG AUX approximately one week prior to the exam
- One examiner per vessel
- Exam to be completed in 30 minutes
- No boarding of the vessel
- Examiner and boat owner are to wear PPE and maintain social distancing of at least 6 feet
- All vessel safety equipment (PFDs, flares, fire extinguishers, holding tank seacock, sounding devices, etc) must be available for either physical or virtual(FaceTime/Skype/Zoom/Pictures) inspection

The CG AUX also have several resources where you can conduct a virtual VSC and prepare your vessel for the safety check.....

- <http://wow.uscgaux.info/content.php?unit=V-DEPT&category=job-aid-kits>
- <http://wow.uscgaux.info/content.php?unit=V-DEPT&category=virtual-safety-check>

If you're interested in a VSC or have any questions about the process, please contact Debbie Allen([danapointuscgaux@gmail.com](mailto:danapointuscgaux@gmail.com)) or Steve Fiorillo([sfiorill@gmail.com](mailto:sfiorill@gmail.com)). You can also visit the [Dana Point Flotilla Website](#) or the WCYC VSC page.
