

Steps to Download Your Product

1. Download the zip file from the website.
2. Select the appropriate zip folder in the Downloads Folder.
3. Right-click and select Extract all and then hit the Extract button.
4. Double-click on the File Student Release Folder or File Pro Release Folder
5. Double-click on Install Application *
6. *A pop-up box may appear, such as Windows protecting your PC. Click on More Info and then click on Run Anyway
7. The Welcome to the SignalGen_Install Setup Wizard will appear.
8. Click the Next button.
9. You will get the Select Installation Folder Pop-Up Box
10. Click the Next button.
11. You will get a Confirm Installation Box. The installer is ready to install the software on your PC.
12. Click the Next button.
13. A Pop-Up Box will display that asks the User to allow this App from an unknown publisher to make changes to the device.
14. Click Yes/Okay/or Allow button.
15. Software will be installed.
16. Pop-Up Box says Installation Complete.
17. Click the Close button.
18. Wizard setup will close.

19. Now, go to the Folders icon on Windows Explorer, or go to C:\Program Files and select Program Files(x86) and then double click and then select the CarbajalAnalytics folder.
20. Click on the Software Folder, such as
OFDM_SignalGenerator_Student_Release or
OFDM_SignalGenerator_Pro_Release
21. Double-click the file folder to select the SigGen icon to run the application.
22. You can right-click and select Send shortcut to Desktop or select show more options and then select send shortcut to the desktop.
23. The shortcut SigGen icon will appear on the desktop.
24. You may rename the icon if you wish.
25. Click to open the application.
26. If it is first opening, a Software Activation Key Wizard will appear.
27. In the lower left corner, select Buy Now.
28. A Purchase Link will open.
29. You can pay with PayPal or with a Credit Card.
30. Once you buy the license, you will receive an Activation Key via the email address you provided during the purchase process.
31. Go to your email address and open the email with the activation key code.
Copy it and go back to the License Key Wizard.
32. Select Activate Your License.
33. Select Activate Online.
34. Paste the license key code in the prompt box or enter the key code manually with the dashes between the characters.
35. Click the Activate Button.
36. Software gets activated, and the screen says "Your License is Activated."
37. Close the Wizard by hitting the Finish Button.
38. Reopen or Click on the Signal Generator Application Icon to open it.
39. The software will open, and you can use it now.
