The Cultured Stone® collection of manufactured stone veneer products is engineered to meet or exceed specifications for all major code approvals, including AC-51. They're also virtually maintenance-free and backed by a 50-year limited warranty.

Only genuine Cultured Stone® brand products have a CSVO® indicia embossed on the edge.

The product colors you see are as accurate as current photography and printing techniques allow. We suggest you look at product samples before you select colors.

CULTURED STONE®

A **BORAL**® Brand

EXCELLENCE FROM TRADITION.

LEGACY FROM INNOVATION.

For more than half a century, Cultured Stone® has produced premium manufactured stone veneer, created by the finest master craftsman. As we embrace the strong practices of excellence and artistry that define our heritage, we look ahead to create solutions that offer greater flexibility in design, meeting the design needs of today, and tomorrow.

Eleanor Roosevelt once said, "The future belongs to those who believe in the beauty of their dreams." We believe in offering products that help you achieve your dreams, beautifully.

You are not just a building professional, and these are not just products. You are a visionary, and these are the tools with which you are able to shape your future. Bring incomparable design to reality through the finest manufactured stone veneer available in the industry. The past has shaped us, but the future is ours to define.

Echo Ridge® Country LedgeStone

A FIRST IMPRESSION SET IN STONE.

Remember how you felt the first time you walked into your dream home? That excitement and pride never goes away when you enhance the exterior of your home with our Cultured Stone veneers. Whether pulling into your driveway or catching a parting glimpse in the rearview mirror, the character and charm of a Cultured Stone exterior makes a bold and lasting impression. Realtors call it "curb appeal." You'll call it utter perfection.

BLEND TO MIX, MATCH
AND MESMERIZE.

The menu of color choices in our Country LedgeStone and Southern LedgeStone textures were made to pair beautifully with our Dressed Fieldstone. The resulting blends—in whatever proportion you deem perfect—create something truly enticing that accentuates any setting or surface. Better still, they were all thoughtfully designed to complement everything from stucco and brick to wood and vinyl.

CELEBRATING

THE SPACES IN BETWEEN.

While our gorgeous Cultured Stone veneers tend to be the center of attention, it's often the grouting styles in between that can really make a difference. Creating the right mortar joint for a project is a matter of choosing not only the perfect color, but also the right width—a choice that naturally affects the total square footage. And while a standard mortar joint is typically 1/2" in width, some stone textures allow for a dry stacked, tight-fitted joint to achieve a clean, tailored appearance.

A PAST REMEMBERED.

A FUTURE IMAGINED.

Historically, artisan stonework has been used to dramatically define indoor settings—from prominent stacked-stone hearths to meticulously crafted mosaic floors. With Cultured Stone veneers, an exciting new era comes to life inside the home with cleverly designed interior creations that transform simple backsplashes, accent walls, columns and fireplaces into stunning works of timeless art.

THE ART

OF RENEWAL

We strive to meet today's building needs without compromising the future. Cultured Stone veneers are designed to not only beautify spaces but also take care of our shared environment along the way. To that end, our closed-loop recycling system allows us to reuse water during manufacturing, which proves especially important in California's drought-prone environment.

Cultured Stone veneer products contain an average of 58% recycled content.

FROM CHESTER TO NAPA.

(AND EVERYWHERE
IN BETWEEN.)

While the heart of Cultured Stone operations can be found in Roswell, Georgia, the lungs that breathe life into our work can be found in our two plants. Strategic locations in Napa, California, and Chester, South Carolina, have allowed us to create one of the largest distribution footprints in the US and Canada and globally into Europe, Asia and Australia. For the builders who rely on easy access to our materials, this convenient presence provides an invaluable resource.

The skilled hands of our masters at both plants make it possible for Cultured Stone to offer quality stone products that are proudly made in America.

WARRANTY

50-YEAR TRANSFERRABLE EXPRESS LIMITED WARRANTY

Cultured Stone® manufactured stone veneer products carry a 50-year transferrable express limited warranty subject to the terms of the warranty. The warranty is limited, in manufacturer's sole discretion, to either (i) repair or replacement of covered, nonconforming products or (ii) a refund of the price paid for such products. Labor costs for removal or installation of such products are not covered under the warranty. The warranty may be transferred to subsequent purchasers of the applicable home or building subject to the transferability and coverage terms set forth within the warranty.

Complete warranty information is available on request.

INSTALLATION

Cultured Stone veneer can be used on most structurally sound wall surfaces. It is light weight and quick adhesion allows for fast, easy installation without additional footings or wall ties. Each piece of Cultured Stone veneer is applied individually with Type N or Type S mortar and attaches permanently to the wall surface

BE SURE TO READ THE CULTURED STONE FULL DETAILED INSTALLATION INSTRUCTIONS. GET A COPY FROM YOUR CULTURED STONE® DEALER, AT WWW.CULTUREDSTONE.COM OR BY CALLING 1.800.255.1727.

THE NATIONAL CONCRETE MASONRY ASSOCIATION OFFERS A WEALTH OF INFORMATION AT WWW.MASONRYVENEER.COM.

MAINTENANCE

Cultured Stone and Cultured Brick veneers are virtually maintenance-free. If required, lightly wash to remove dust or dirt. Do not sandblast or wash with acid, abrasives or hi-pressure water. Damaged or graffiti-marred stones can be removed and replaced with matching materials.

*See actual warranty at www.culturedstone.com. Overhead, horizontal or sloped applications are not included in our building code evaluation reports or acceptances. These applications often require special approval/inspections by local building inspectors. Contact your architect or engineer for assistance designing these installations.

TECHNICAL DATA

Cultured Stone products are engineered to meet or exceed the specifications set by building code officials.

Unit Weight is approximately 8-12 lb/ft² (39-58 kg/m²) but not more than 15 lb/ft² (72 kg/m²)

Thickness 1 3/4" average. May vary depending on choice of texture.

Colorfast Colors become an integral part of the stone during casting. Existing applications show no undesirable change in color after years of weathering.

Noncombustible/Surface Burning Characteristics UL tested and listed. Cultured Stone products tested out with zero flame spread, zero smoke development.

Technical Support Complete copies of Cultured Stone research reports, approvals, tests, listings or acceptances conducted by independent testing agencies are available on request. Cultured Stone products meet or exceed all ICC-ES Acceptance Criteria #51, requirements for pre-case stone veneer.

Other manufacturers who claim to produce equivalent products should be asked to provide documentation of claims.

"We are over 115 years old and the oldest brick and block manufacturer in the Pacific Northwest. Cultured Stone is a great addition to our product line. We have been partners for 35 years."

Bill Houlahan, Jr., Mutual Materials, Bellevue, WA

"Innovation. New products. Just phenomenal."

Gordon Strout, Instone, Millstone Township, NJ

"We were part of the growth of an industry. When we started, there was not even a product category for manufactured stone, and now it's fully established."

Keith Polster, Mason Steel, Cleveland, OH

"Architects have leaned on us for many years to help fulfill their vision for their customer; time and time again, we get that done with Cultured Stone®."

Doug McCall, OldcastleCoastal, Tampa, FL

"Cultured Stone prides itself on the manufacturing process, the coloring process."

WE ARE CULTURED STONE

Born from great partnerships, Cultured Stone is a family affair. Rooted in our commitment to quality, a long-standing history of working closely with distributing partners, developing new products, textures and colors together - from the Southeast to the Pacific Northwest, we are Cultured Stone.

 CULTURED STONE.

ORIGINALITY

NEVER GOES OUT OF STYLE.

From cast to model, the entire Cultured Stone veneer production process is very much hands-on—down to the trademark CSV® (Cultured Stone Veneer) stamp that has been hand-applied since 1962, to each and every stone we craft. Only genuine Cultured Stone products have a CSV® indicia embossed on the edge, guaranteeing that you're getting the original, proven and preferred brand. After all, a master's touch is all in the detail.

Explore the endless possibilities of building with Cultured Stone veneer products by visiting our website at www.culturedstone.com. For more detailed information, please call **1.800.255.1727**.

LIVE YOUR DREAMS

Our homes are an expression of our true selves and the heart of our everyday activities. They shelter not only our material possessions, but also memories of the good times we share with family, friends and neighbors. Over time, our homes evolve as an expression of our tastes and the activities that fill our days. On the pages that follow, we invite you to explore Cultured Stone stone veneer and the many ways these unique design elements can help you transform your home into a tangible expression of your dreams.

Cultured Stone manufactured stone will not only enhance the beauty of your dream home, it will also add value and maintenance-free performance while helping to protect the environment. When you choose Cultured Stone for interior design elements such as fireplaces, kitchen backsplashes, and accent walls, you can expect the finest quality from the company that has led the industry in innovation for more than 50 years.

Performance and Value Well Beyond the Surface

What makes Cultured Stone the preferred stone veneer brand? We begin with the highest quality raw materials and implement superior quality control measures in our manufacturing processes. Our 63-point Circle of Quality inspection ensures that our products are consistent from box to box, flat to corner and plant to job site. Next, our products undergo stringent testing, which verifies their industry-leading durability, quality, reliability and consistency.

You'll appreciate how our products' performance translates into value. Once installed, Cultured Stone veneer is virtually maintenance-free, requiring only an occasional light washing to remove dust and dirt. Our veneers require no painting, coating or sealing and we back them with a 50-year limited warranty*. With more than 21 textures and 100 colors, plus a variety of shapes and sizes from which to choose, Cultured Stone veneers present unlimited opportunities for unique custom looks.

According to a study by an independent research firm, a full Cultured Stone façade increases a home's perceived appraisal value by about 6%*¹ and increases perceived value to the prospective buyer by 10%*².

*Info Group/ORC independent research study February 2010.

¹ 2,000 sq ft, 3 bedroom / 2 bath suburban home, approximately 15 yrs old, on ¾ acre lot with standard shingle roof, wood siding, single car garage and full unfinished basement, in subdivision with low crime and close to good schools.

² 2,000 sq ft, 3 bedroom / 2 bath new construction home, with standard shingle roof, wood siding and \$355,393 base price.

*visit www.culturedstone.com for full warranty details.

Thinking and Building Green

Cultured Stone products meet today's building needs without compromising the world we leave for the future. We have the industry's only GREENGUARD certified products, demonstrating that they meet the indoor air quality standards of the GREENGUARD Environmental Institute. Our products also meet the GREENGUARD Children's & Schools standard, which are the most rigorous building emissions criteria. And, Cultured Stone is also an NAHB Green Approved Product.

INTERIORS

Heighten the Drama

This stunning home uses Country LedgeStone on the interior walls to make an undeniably dramatic statement. It's hard to imagine getting the same effect from a painted wall.

Even in relatively small applications like an accent wall or a fireplace surround, Cultured Stone products can make an otherwise uninteresting room or feature into a show-stopper. The characteristics of Cultured Stone also make it an ideal solution for remodeling projects.

Chardonnay Cobblefield®

Get Creative with Cultured Stone Veneer

One of the great things about working with Cultured Stone is the breadth of the product line. With hundreds of different shapes, sizes, colors and textures to choose from, the options are nearly endless.

Make the Most of Your Extra Space

No matter how spacious your home may be, everyone appreciates a little elbow room. If you're thinking about creating a private hideaway, Cultured Stone and Cultured Brick veneers can up the impact. Just look at the sizzle added to the rooms pictured here, making these spaces something special.

FIREPLACES

Gather 'Round the Hearth

Throughout history, fireplaces have served as the gathering place of our homes. The light and warmth of the fire draw us near, serving as the center of celebrations, the focus of family activities and offering the assurance that we are safely home. Some of our happiest childhood memories are centered here: reading stories aloud, waiting for Santa, snuggling up on cold winter nights to toast marshmallows or play games.

A fireplace clad in Cultured Stone can serve as the heart of your home, bringing friends and family together to share the warmth. The Palermo Del Mare LedgeStone® in these photos was used to create a dramatic wall of stone veneer that becomes the focus of a central gathering place, evoking style and substance in this family room.

Turn up the Texture

As we draw near the hearth, we are intrigued by the texture of the stone veneer, tempted to linger, to touch, to bask in the warmth of the fire. No other material offers the depth, complexity of color and pattern, and tactile distinction of stone. Consider the function of the room, the style of your home and your personal taste as you select the texture that will bring your vision to life.

Summer Stream Stone

Aspen Dressed Fieldstone and Aspen Country LedgeStone Blend

Every Home Needs a Quiet Corner

Given the hustle-bustle of our daily lives, we sometimes need a quiet moment in a cozy corner where we can stop to take a breath. A few minutes of solitude are even sweeter in the warmth of a flickering fire. Consider the craggy comfort of a fireplace clad in Cultured Stone for your sanctuary.

Echo Ridge® Country LedgeStone

So Many Styles, So Little Time

Sometimes all it takes to bring a room into focus is exactly the right stone veneer. No other material has the versatility of Cultured Stone products. Depending on the shape, color and texture of the stone veneer, it's easy to achieve a sleek, modern look or a quaint, country feel, traditional formality or a casual elegance. Any look is possible with the help of stone veneer.

Bucks County Dressed Fieldstone

Vellum Pro-Fit® Modera™ Ledgestone

COMMERCIAL

Dressed for Success

Consumers have more choices than ever before. So it pays for businesses to create a distinctive visual experience inside and out. No other building material can evoke a time and place quite as well as stone veneer. And for commercial applications, it is an excellent tool to have in your design arsenal. Depending on the chosen style, Cultured Stone can create a historical look or one that's purely modern. It can add definition and differentiation to a any retail space, restaurant, or hotel lobby.

Southwest Blend Pro-Fit® Ledgestone

Take it Indoors

The mood established on the exterior can easily be carried into the interior with Cultured Stone. This helps create a cohesive design direction while adding an unexpected sense of drama to the interior aspects of a project.

Chardonnay Pro-Fit® Alpine Ledgestone

GETTING STARTED

Realizing your vision for your home might be easier than you think. Whether you're working with an architect or a designer, hiring an installer, or planning to do it yourself, Cultured Stone manufactured stone veneer is a great way to bring your dreams to life.

Here are some of the things you'll want to consider as you're planning your project:

Style

Consider the style, size and surroundings of your home. With so many options, there's sure to be a Cultured Stone exture and color that's the perfect complement.

Texture

Utilizing different textures can create a dramatic effect indoors or out. That's why there are so many Cultured Stone options to choose from, including:

Ledge	Field
Random Ashlar	Rounded
Ashlar	Brick
Rubble	

Color

Are you looking for neutral or warm? Vibrant or muted? What about a diverse palette? Cultured Stone is available in a stunning variety of colors. You can even blend two or more textures or colorways to create a distinctive result.

Trim

A wide selection of Cultured Stone accessory products are available to put the finishing touch on your project. You can find them in our Product Selection Guide and at www.culturedstone.com.

Grout

The color of the mortar you use can have a big impact on the overall look of the project. It can blend with the stone veneer or complement the colorway and make it stand out. Standard type N or S mortar color varies regionally, and color additives for mortar also are available. Check with your local dealer for the standard mortar color in your area and the color choices that are available.

While some Cultured Stone® veneer stone textures are designed to be installed only with or without the standard 1/2" mortar joint, others may be installed using a variety of techniques for greater design flexibility. Among the most popular installation techniques are dry stacked, tight-fitted stone without a mortar joint; standard 1/2" mortar joint finished in a variety of ways (e.g., raked, full to face, overgrouted, or various forms of weeping joints); and wide joint, usually full to face or overgrouted.

Product Guide

Installation Guide

Design Tools

Our Product Guide has swatch photos of standard Cultured Stone profiles offered nationally.

Our CAD Resources allow architects and designers to import our products to CAD programs. Many Cultured Stone dealers have design studios and product displays where you can see and touch our products. Product samples are available from dealers, as well.

THE CULTURED STONE COLLECTION

Cultured Stone comes in a wide variety of shapes, colors, sizes and textures to satisfy the most exacting tastes. Each texture is cast in the mold of a natural stone and meticulously hand-colored to give it a visual authenticity that can't be matched. Whether a project is interior or exterior, commercial or residential, there's a Cultured Stone veneer solution that's just right.

Stone Veneer Styles

So many different factors can affect the outcome of a design, but none is more fundamental than the shape of the stone veneer. Working with Cultured Stone products means having a broad range of shapes and styles to choose from:

Ledge

Both rugged and precise, rectangular stone veneers are small in scale and low-relief.

Country Ledge
Drystack Ledge
Alpine Pro-Fit®
Ledge Pro-Fit®
Ledge

Rubble

This craggy, informal style is purposely irregular and works well indoors and out.

Southern Ledge
Del Mare Ledge®
Ancient Villa
Ledge™

Random Ashlar

This style is versatile enough to look old fashioned or modern, depending on how it's applied.

Cobblefield®
Rockface
European Castle
Stone Limestone
Coral Stone

Ashlar

Smooth-faced, rectangular blocks are hewn to a consistent size and installed in an organized pattern.

Cast-Fit™

Field

Organic in shape and color, this style creates a rugged, natural look.

Dressed Fieldstone
Old Country
Fieldstone Split Face

Rounded

Smooth, worn and randomly shaped, these stone veneers lend a sense of comfort and timelessness.

Stream Stone
River Rock

Brick

One of the oldest building materials, brick imparts a feeling of warmth and tradition.

Used Brick
Handmade Brick

Echo Ridge® Country Ledge

Country Ledge

The extensive palette of installer-friendly Country Ledge stone veneer differentiates one ledge from another. It also provides a more subtle blend of color. For a bolder, more random look, pair with Dressed Fieldstone stone veneer in matching or complementary colors. 13 standard colors available. Shown: Echo Ridge® Country Ledge

Drystack Ledge

The texture and variation of Drystack Ledge stone veneer capture both light and shadow. Individual stone veneers come in carefully-selected, pre-shaped incremental sizes to accommodate tight-fitted installation. Its rustic color palette blends well with contemporary roofing and wall finishes. Two standard colors available. Shown: Chardonnay Drystack Ledge

Pro-Fit® Alpine Ledge

Pro-Fit® Alpine Ledge stone veneer provides a rustic outdoor look that's easy to install. This precise, rugged ledge texture provides color and shadow creation for a variety of design opportunities. Six standard colors available. Shown: Black Mountain® Pro-Fit® Alpine Ledge

Pro-Fit® Ledge

Pro-Fit® Ledge stone veneer is a practical way to achieve a custom look. Small-scale, low-relief stone veneers are meticulously bundled together to form modular components of equal heights. The component pieces feature a patented interlocking mortar groove for a secure adhesion without grouted joints. Six standard colors available. Shown: Mojave Pro-Fit® Ledge

Southern Ledge

Southern Ledge stone veneer offers a rugged and informal appeal with its rough texture and deliberate irregularity. Tight-fitted or mortared, Southern Ledge can be used to achieve a number of unique treatments. Ten standard colors available. Shown: Aspen Southern Ledge

Del Mare Ledge®

It's as if the combined forces of earth, wind and sea over thousands of years created Del Mare Ledge® stone veneer. Inspired by stones found along the Mediterranean and Pacific island coasts, the appeal of its intricate textures and rich colors is timeless. Seven standard colors available. Shown: Black Isle™ Del Mare Ledge®

Cobblefield®

The distinctive look of Cobblefield® stone veneer is designed to emulate the architecture of rural 19th-century America. Its rugged refinement makes it equally at home in residential or commercial settings. Five standard colors available. Shown: Chardonnay Cobblefield®

European Castle Stone

Beauty that's timeless and installation that's easy. European Castle Stone stone veneer is as elegant as it is practical. Its patented interlocking mortar grooves create a precise, groutless appearance fit for stately exteriors and grand interiors alike. Two standard colors available. Shown: Chardonnay European Castle Stone

Dressed Fieldstone

The rugged look of Dressed Fieldstone stone veneer complements any natural environment. Its rich texture and range of color enhance a multitude of architectural designs. Four standard colors available. Shown: Wolf Creek® Dressed Fieldstone

Hewn Stone™

Hewn Stone brings the chic solemnity of castle-work to modern architecture with rough textures and smooth colors. Inspirational patterns and five unique sizes offer ultimate customization in design.

Rockface

Highly versatile Rockface stone veneer is a perfect fit for two of today's hottest looks: contemporary and Old World. Rockface not only lends itself to varying styles, but also to various applications including homes, signage, landscaping and commercial environments. One standard color available. Shown: Bucks County Rockface

Limestone

Molded from limestone quarried in the upper Midwest, Limestone stone veneer replicates this popular building material to a T. The rough, hand-split surface in a variety of colors lends itself to any number of possibilities. Five standard colors available. Shown: Bucks County Limestone

Old Country Fieldstone

Old Country Fieldstone stone veneer brings country charm to the 21st century with a wide variety of looks. Use a wide, overgrouted joint to deliver a random Tuscan look or a sturdy rural appeal. A tightly-horizontal emphasis provides a more formal look. Five standard colors available. Shown: Romana Old Country Fieldstonedstone

Cultured Brick® Veneer Used Brick

Used Brick veneer looks like full thickness brick, but is only 1/2" thick and can be installed anywhere. Two standard colors available. Shown: High Desert Used Brick

Cast-Fit®

New from Cultured Stone®, Cast-Fit™ stone veneer is reminiscent of venerable European architectural materials. This versatile product is available in two sizes and two subtle colors, and may be further customized with complimentary or contrasting complimentary mortar. Shown: French Gray™ Cast-Fit™

Ancient Villa Ledgestone™

Ancient Villa Ledgestone™ stone veneer speaks to a time when homes and other buildings were crafted from stones close at hand. A design that has remained virtually unchanged throughout the ages, its blend of regular and irregular shapes epitomizes rustic charm. Six standard colors available. Shown: Sevilla™ Ancient Villa Ledgestone™

Stream Stone

Stream Stone stone veneer has a smooth, rounded texture that convincingly reproduces the look of worn stones found in rippling streams. It provides realistic color blends and can be used as an accent or to adorn an entire wall. Two standard colors available. Shown: Spring Stream Stone

Cultured Brick® Veneer Handmade Brick

Handmade Brick veneer looks like full thickness brick, but is only 3/4" thick and can be utilized on both exteriors and interiors. Two standard colors available. Shown: Rustic Manor Handmade Brick

Coral Stone

The delicate fossil patterns and unique surface characteristics of Coral Stone stone veneer complement contemporary architecture and design beautifully. It can be installed as a random ashlar or in a repeating pattern. One standard color available. Shown: Fossil Reef Coral Stone

Span Hewn Stone™

River Rock

Randomly shaped River Rock stone veneer has the warm and inviting look of stones rounded by years of tumbling in a northern forest riverbed. Comfortable and timeless, River Rock can be used to accentuate a variety of interior and exterior designs. Four standard colors available. Shown: Earth Blend River Rock

Sculpted Ashlar

Sculpted Ashlar is the modern touch on classic charm. Mixed stone sizes bring natural warmth to interiors and exteriors, while precise lines keep it an appropriate choice for sleeker spaces. Shown: Ferrous Sculpted Ashlar

Pro-Fit® Modera™ LedgeStone

Pro-Fit Modera LedgeStone is classic contemporary. Create a tailored look with easily installed, meticulously bundled modular components of equal height. Shown: Carbon Pro-Fit® Modera™ LedgeStone

Pro-Fit® Terrain™ LedgeStone

Pro-Fit Terrain LedgeStone is a modern-inclined, clean design that adds sleek, textural interest to any project. The slim, equal-height pieces are expertly bundled by our masons to ensure ease of use. Shown: Arctic Pro-Fit® Terrain™ LedgeStone

Accessory Products

For 50 Years. Hundreds of Combinations. Endless Possibilities.

There are many ways to make a house a home. But none can match Cultured Stone for style, versatility and quality. Since 1962, the trademark CSV (Cultured Stone Veneer) stamp has appeared on each and every piece of stone and brick veneer we craft, guaranteeing that you're getting the original, proven and preferred brand. Our vast selection of colors and textures combine to produce effects that transcend all design styles, indoors and out. Explore the endless possibilities of building with Cultured Stone. For more detailed information, please visit our website or call 1-800-255-1727 to find a dealer near you. www.culturedstone.com

Only genuine Cultured Stone brand products have a CSV® indicia embossed on the edge.

BUILDING FOR THE FUTURE

Cultured Stone strives to meet today's building needs without compromising the world we leave for the future. Sustainability is at the heart of how we do business. This commitment to thinking and building green is evident in our product design, manufacturing processes and people.

With a minimum of 58% pre-consumer waste stream material in all Cultured Stone products, they stay beautiful and are capable of 50+ years of service. Superior quality control measures, quality raw materials, and industry-leading testing provide the confidence to offer a 50-year limited warranty*. We meet or exceed the most stringent building code testing requirements in the industry, including the ICC AC-51. Once installed, our products don't require painting, coating or sealing.

Our manufacturing facilities protect the health of our employees and the environment. And we encourage our employees and retirees to give back to the communities in which we operate.

**See www.culturedstone.com for actual warranty details, limitations and exclusions.*

This National Association of Home Builders (NAHB) mark indicates third-party approval that a building product contributes to specified green practices for the National Green Building Certification Standard™. Cultured Stone® is the first masonry veneer manufacturer to receive this approval, which helps builders and designers select products that can earn points toward this green standard.

UL Environment's Environmental Claims Validation (ECV) has been the trusted leader in standards development, testing and compliance for more than a century. Products submitted to the lab are tested by this independent, third-party to validate environmental claims.

ICC-Evaluation Service ESR-1364

Of the more than 100 manufacturers of stone veneer, the Cultured Stone® veneer product is among the 25% that have universal building code approval or AC-51 approval as reported by the ICC Evaluation Service, a third party reporting agency. AC-51 is one of the most stringent sets of criteria in the manufactured stone veneer industry. Cultured Stone® veneer products meet more than a dozen specific requirements.

Boral Stone Products LLC is the first manufactured stone veneer maker to qualify for the GREENGUARD Indoor Air Quality Certified® and the even more stringent GREENGUARD Children & Schools™ product emission standards. This third-party validation means that our products are on the cutting edge of green technology and meet the strictest guidelines for indoor air quality.

Underwriters Laboratories

Around the globe, Underwriters Laboratories (UL) is the trusted resource for product safety certification and compliance solutions. UL has been testing products for public safety for more than a century, benefiting customers from manufacturers and consumers to regulatory bodies and code officials.

 CULTURED STONE.

ORIGINALITY

NEVER GOES OUT OF STYLE.

From cast to model, the entire Cultured Stone veneer production process is very much hands-on—down to the trademark CSV® (Cultured Stone Veneer) stamp that has been hand-applied since 1962, to each and every stone we craft. Only genuine Cultured Stone products have a CSV® indicia embossed on the edge, guaranteeing that you're getting the original, proven and preferred brand. After all, a master's touch is all in the detail.

Explore the endless possibilities of building with Cultured Stone veneer products by visiting our website at www.culturedstone.com. For more detailed information, please call **1.800.255.1727**.

The product colors you see are as accurate as current photography and printing techniques allow. We suggest you look at product samples before you select colors.
