Be sure to install these products only after reading the manufacturers installation guide. Head to our website and download them today.

Charm Natural Oak Herringbone Hybrid Textured

The future in Hybrid Flooring, with a dense and durable stone-based polymer core.

### 1. Multi Layer Protective Coating

An easy to clean and maintain surface with high durability and extra protection against heavy foot traffic, scuffs and stains featuring added PureCoat anti-microbial, anti-glare, UV resistant finish.

### 2. Deep Structured Decorative Layer

Giving your room the look and feel of hardwood.

### 3. SPcore Technology

A limestone-based core that is water resistant, stable, rigid, dent resistant and ortho-phthalates free. It's thermally stable and doesn't expand or contract significantly with environmental changes enhancing the floor's overall stability.

### 4. Fast & Easy DIY Install

A tight lock (angle-drop click) system allows for fast, easy and clean installation. Minimum subfloor preparation required for a seamless large area installation up to 400m<sup>2</sup> without transition strips.

### 5. Pre-Attached Sound Absorbing Pad

For extra protection, sound absorption and extra soft underfoot.

\* Not recommended for use in direct sunlight, if unavoidable the use of curtains, blinds, netting or window tinting is recommended. Please read manufacturer's warranty and installation guide. Hard flooring range not suitable for use in bathrooms, shower cubicles, laundries or toilets.
