Vine - Wisteria	5-9	30' tall		☀		W		Fast	Purple	X		
Weigelia	4-9	5'	5'	☀				Avg	Red	X	X	

BEE ATTRACTANTS:

- Bees are attracted to blue, white, purple, and yellow flowers. Single-petal flowers are better than multiple petal flowers.

BIRD & BUTTERFLY

ATTRACTANT TIP:

- Plant an assorted variety to encourage birds and butterflies to stay most of the year.

(D) Deer Dislike:

- These plants are least likely to be eaten by deer, but if a deer is hungry enough, they will eat any plant.

(W) Water-Wise Plants:

- Establishing water-wise (Drought Tolerant) plants will initially require frequent water every few days. Once established (2 yrs), it will need to be watered at least every 2 weeks.

(N) Indicates Native to

Rocky Mountain Area

All Trees and Shrubs:

Prune back shrubs by cutting branches down to the desired shape and size always cut to an outward facing bud/leaf. Do not cut more than 1/3 of the plant when pruning.

Fertilize: Apply Mar- Sept. once a month. follow label water after application.

Planting can be done any

time of year. Just water according to the season. Dig hole same depth and twice as wide, mix in mulch.

Leave ring around to retain water. **Give Water**

consistently, plant is living.

Shade and Flowering Trees (deciduous trees will loose leaves each winter)

Flowering Cherry - Weeping	5-9	15'	8'	☀				Fast	Pink	X		
Flowering Crabapple	4-9	15'	15'	☀				Avg	Red	X		
Flowering Hawthorn	4-9	25'	25'	☀		W		Avg	Red	X		
Flowering Pear	5-9	40'	35'	☀	D	W		Fast	White	X		
Flowering Plum	4-9	15'	15'	☀				Slow	Pink/white	X		
Locust, Purple Robe	4-9	35'	25'	☀		W		Avg	Purple	X		
Flowering Redbud	5-9	25'	20'	☀				Avg	Pink	X		
Flowering Lilac Tree	4-9	6'-15'	10'	☀	D			Avg	Pink	X
