

Welcome!

Project Background

The City of Independence, Missouri has retained Kimley-Horn and Associates to develop plans for the improvements of **Winner Road between Route 24 and Hedges Avenue**, located immediately west of the Englewood Arts District. This 1.5-mile corridor ranges connects the Englewood Arts District, Van Horn High School, and numerous residential neighborhoods, churches, and businesses.

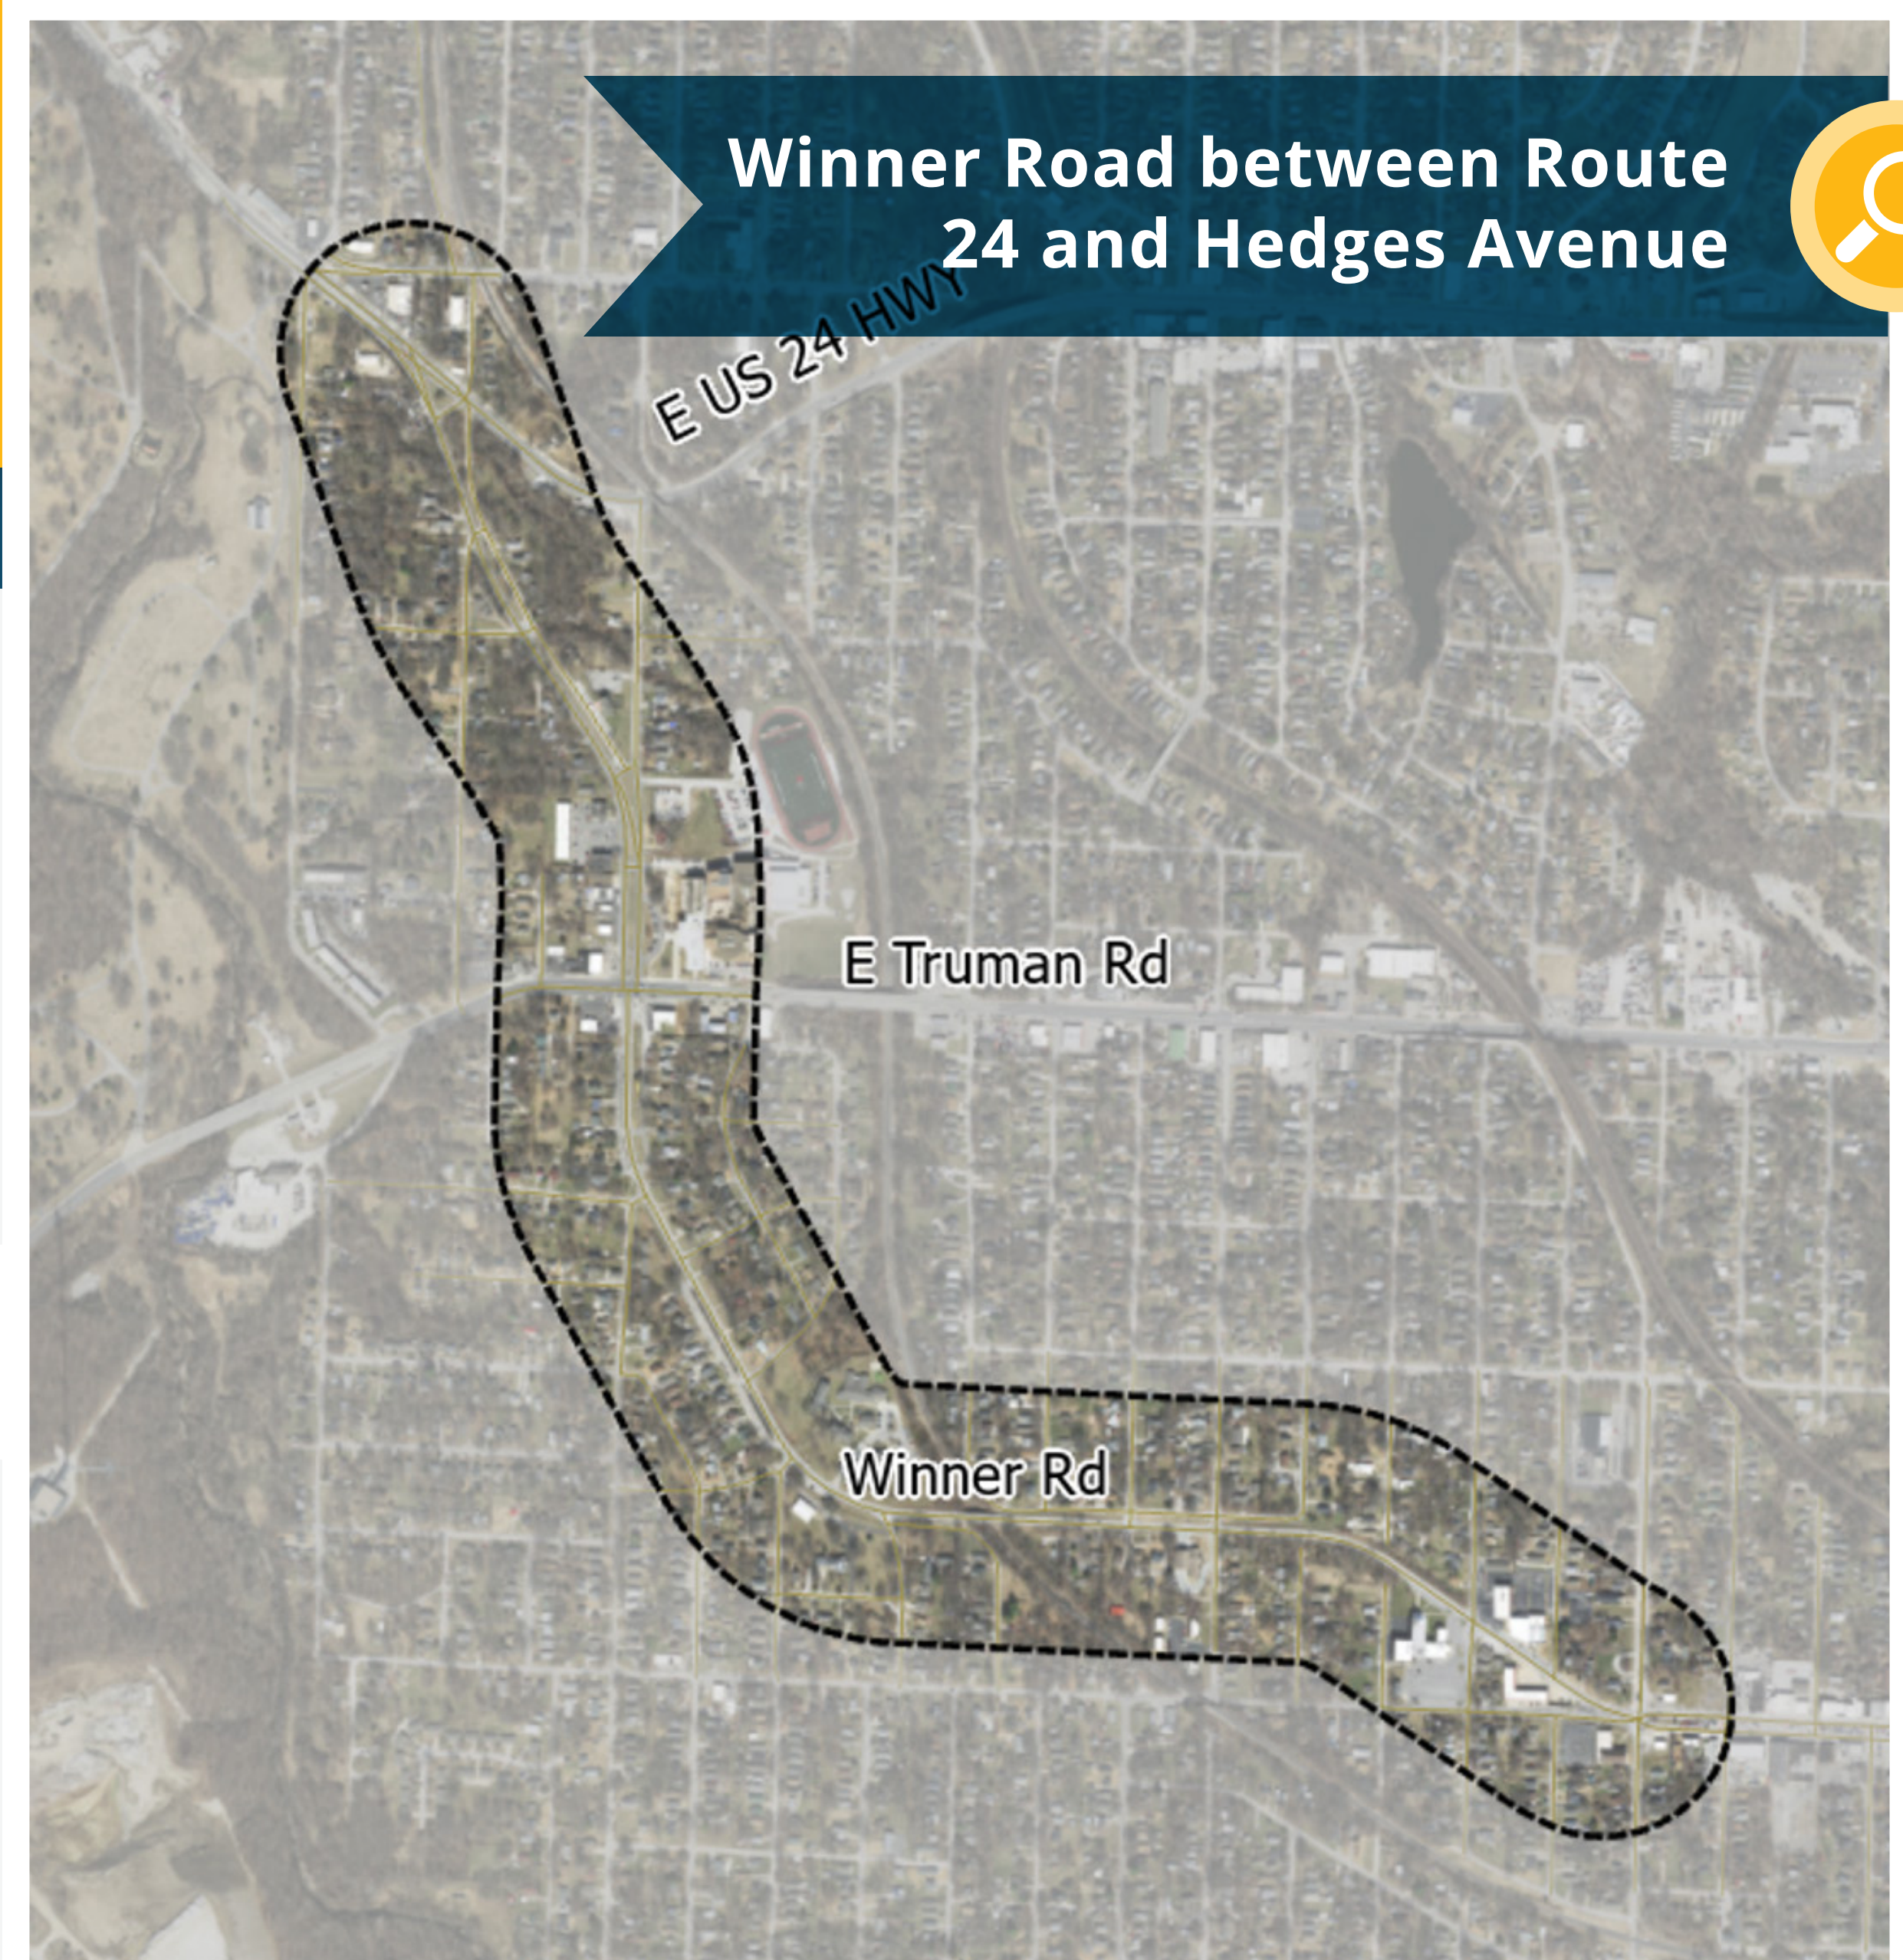

In addition to improving the pavement, this project also contemplates enhanced storm water improvements, sidewalks, street lighting, and a multi-use path to connect the community.

Tonight's Meeting

Background information along the corridor is presented for your information, along with some potential improvements to generate conversation. While a preferred alternative is the eventual outcome of this process, the options shown tonight, and online, are to introduce concepts and generate discussion.

The preferred alternative may be either of the options shown, a combination of the two, or a new concept that arises out of public input.

Crash History

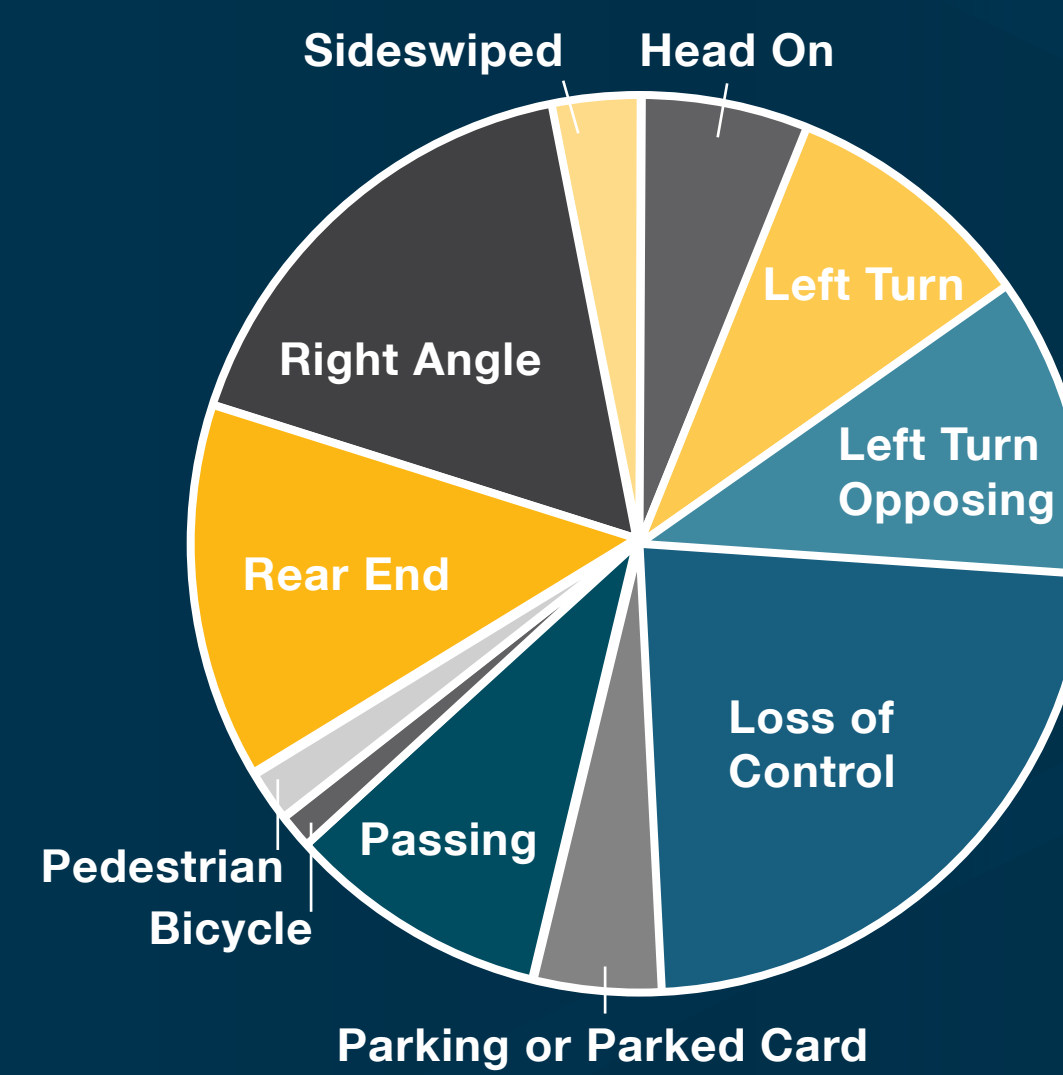

Crashes by Severity per year

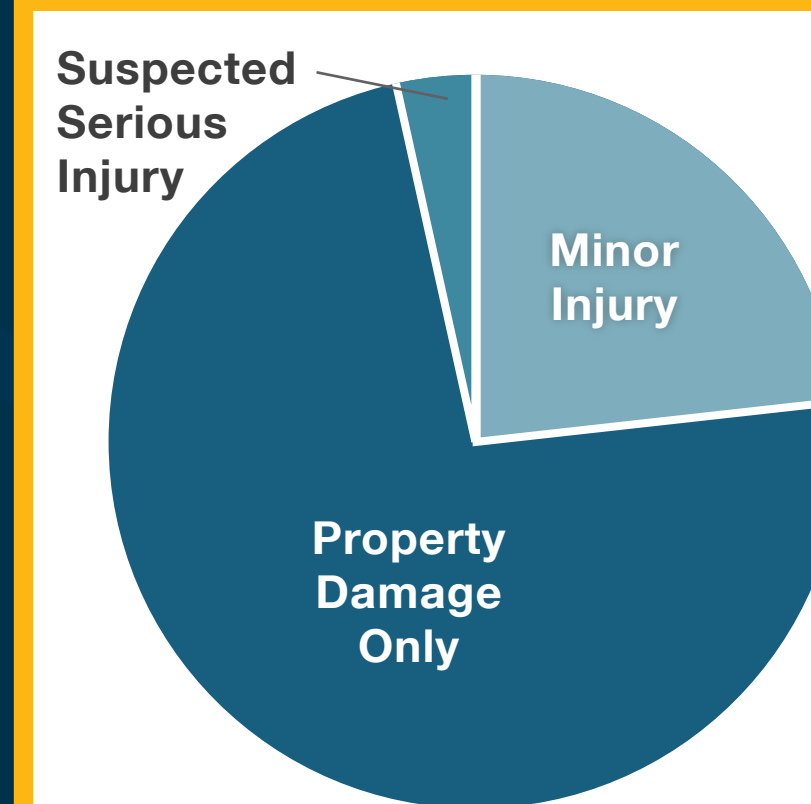

■ Suspected Serious Injury
■ Property Damage Only (PDO)
■ Minor Injury

*Represents partial year only

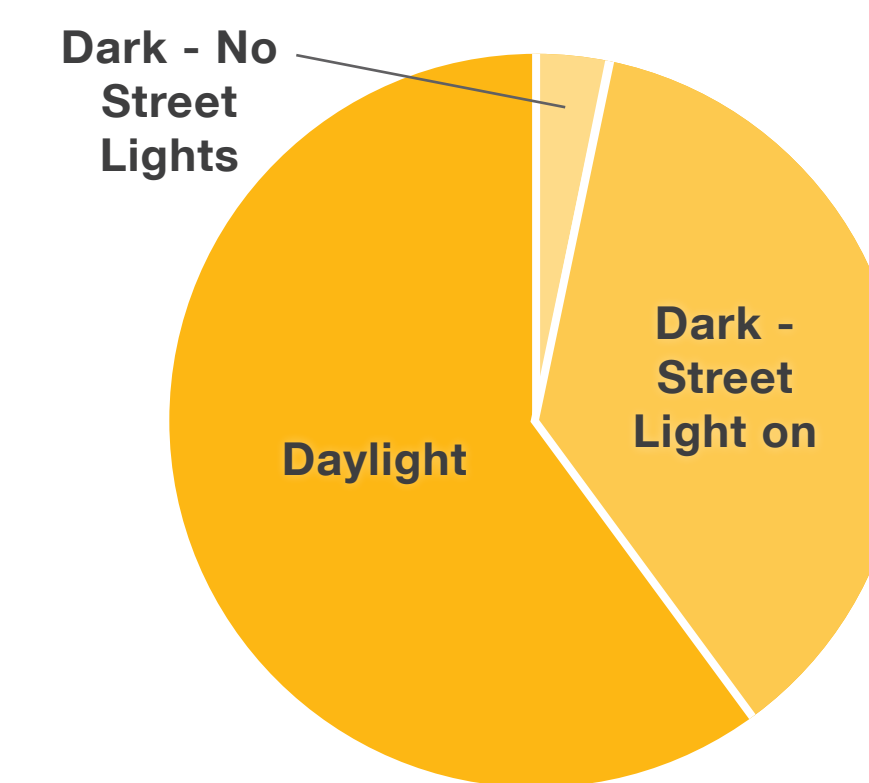

Crash Types
All Crashes

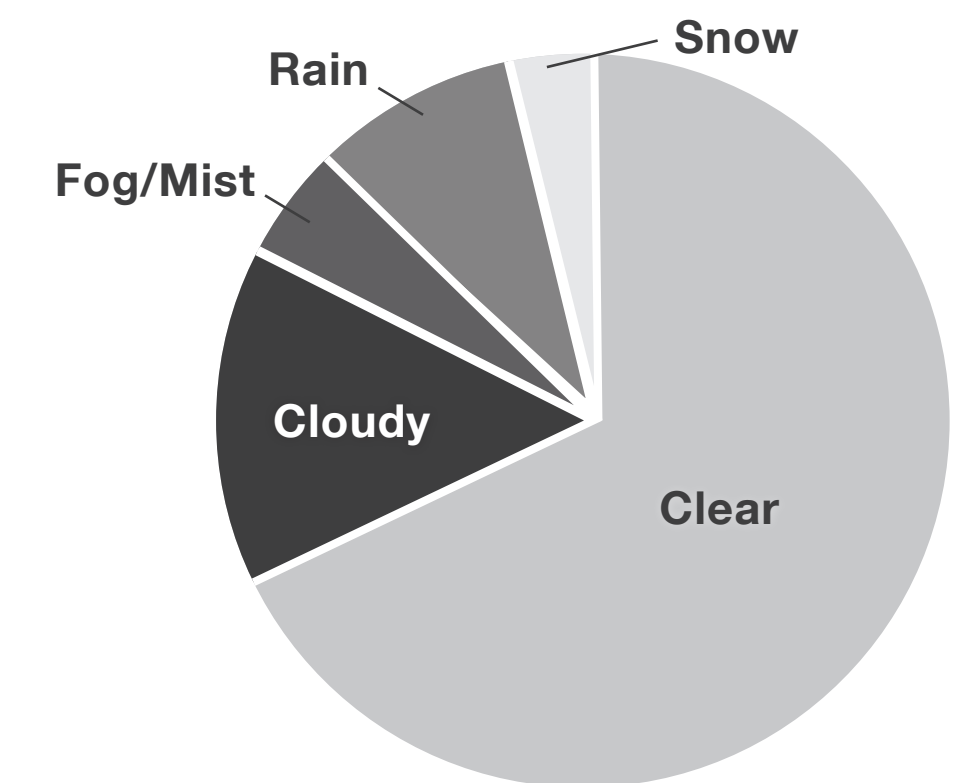

Crash Severity

Light Conditions

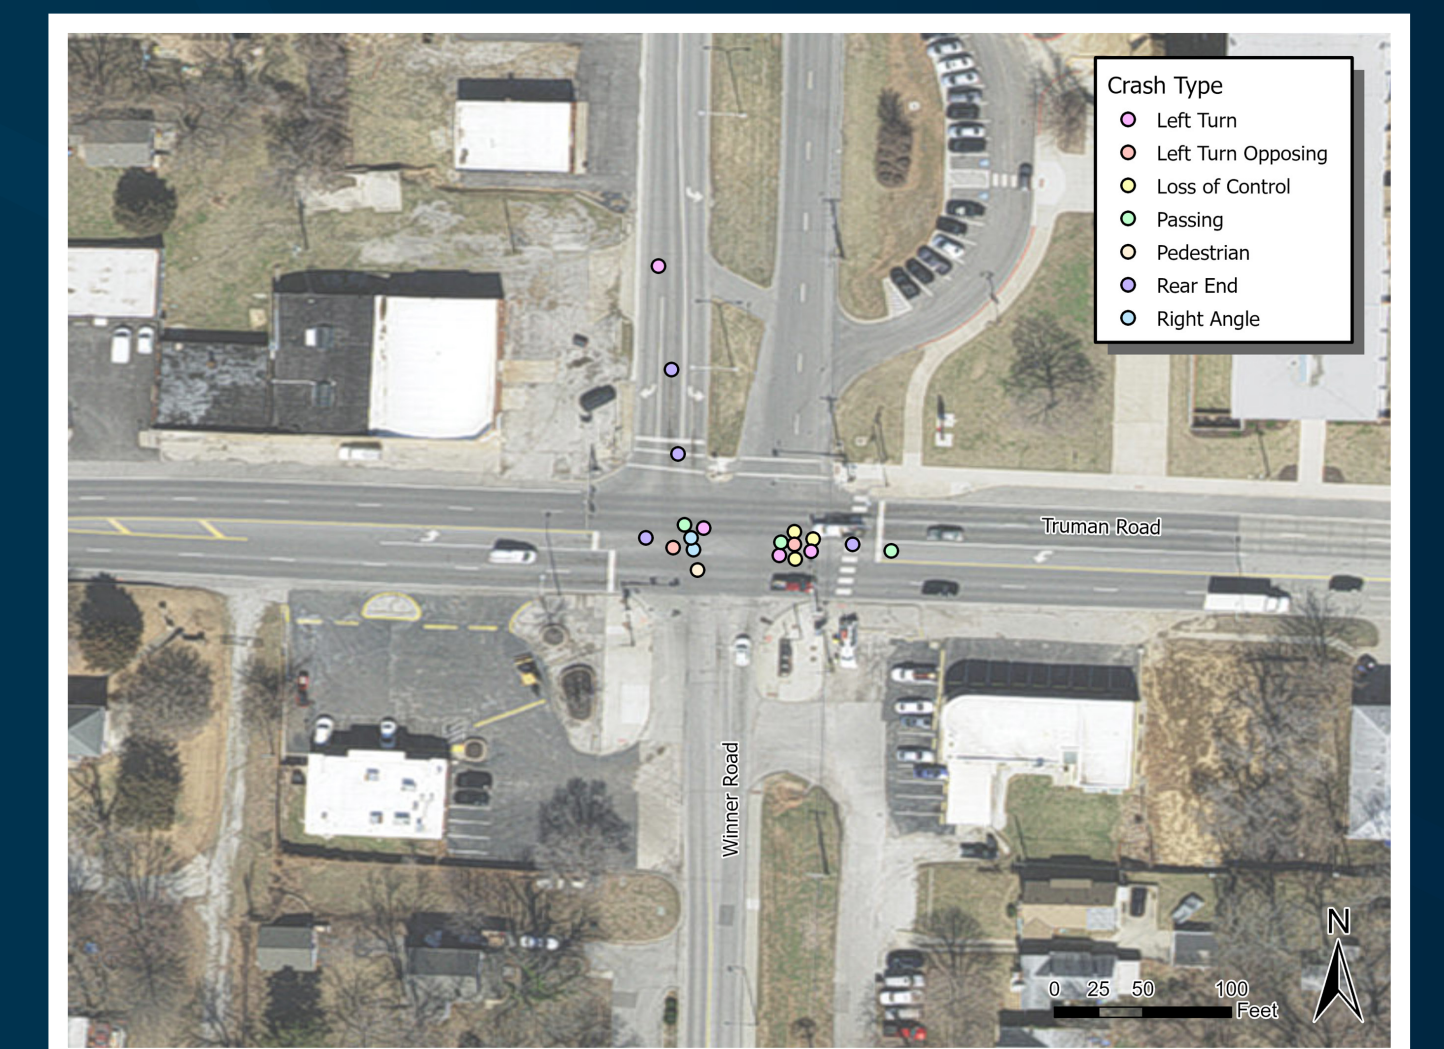

Weather Conditions

U.S. 24 & WINNER ROAD

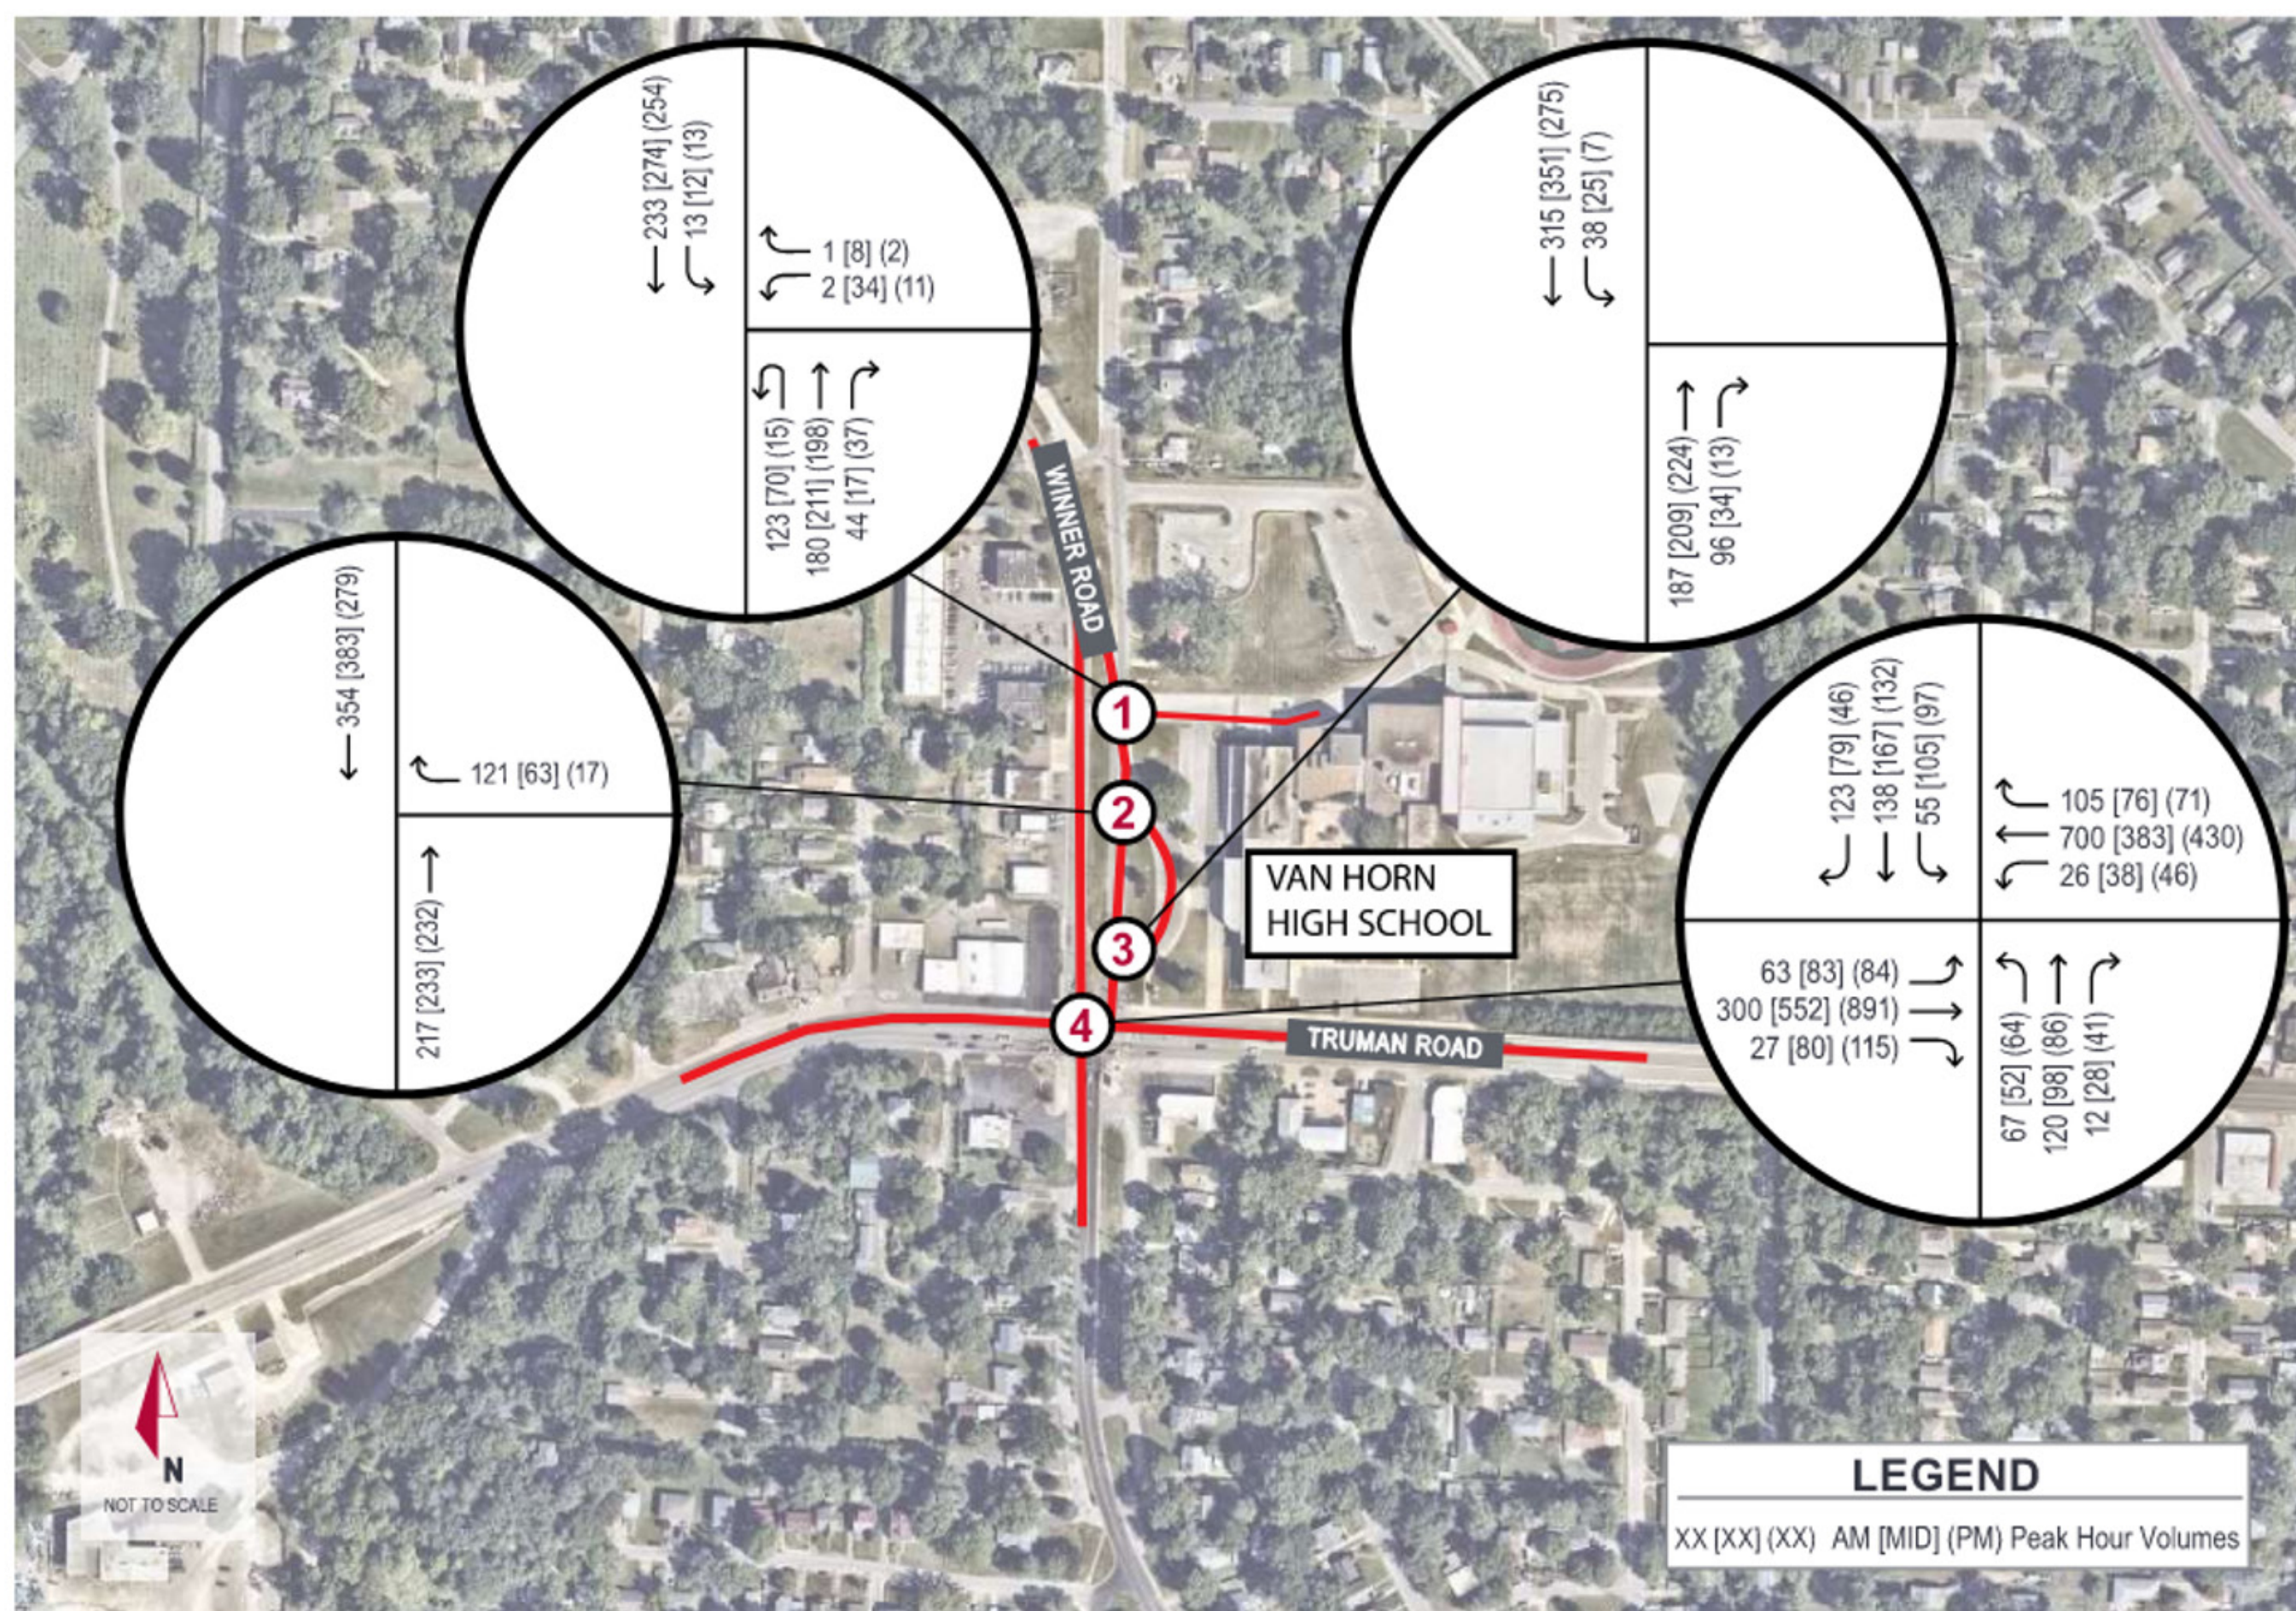

15 Total Crashes
 3-Head On
 3-Loss of Control
 2-Parking or Parked Car
 2-Passing
 2-Rear End
 1-Left Turn
 1-Right Angle
 1-Sideswipe
 2-Minor Injury
 13-PDO

WINNER ROAD & TRUMAN ROAD

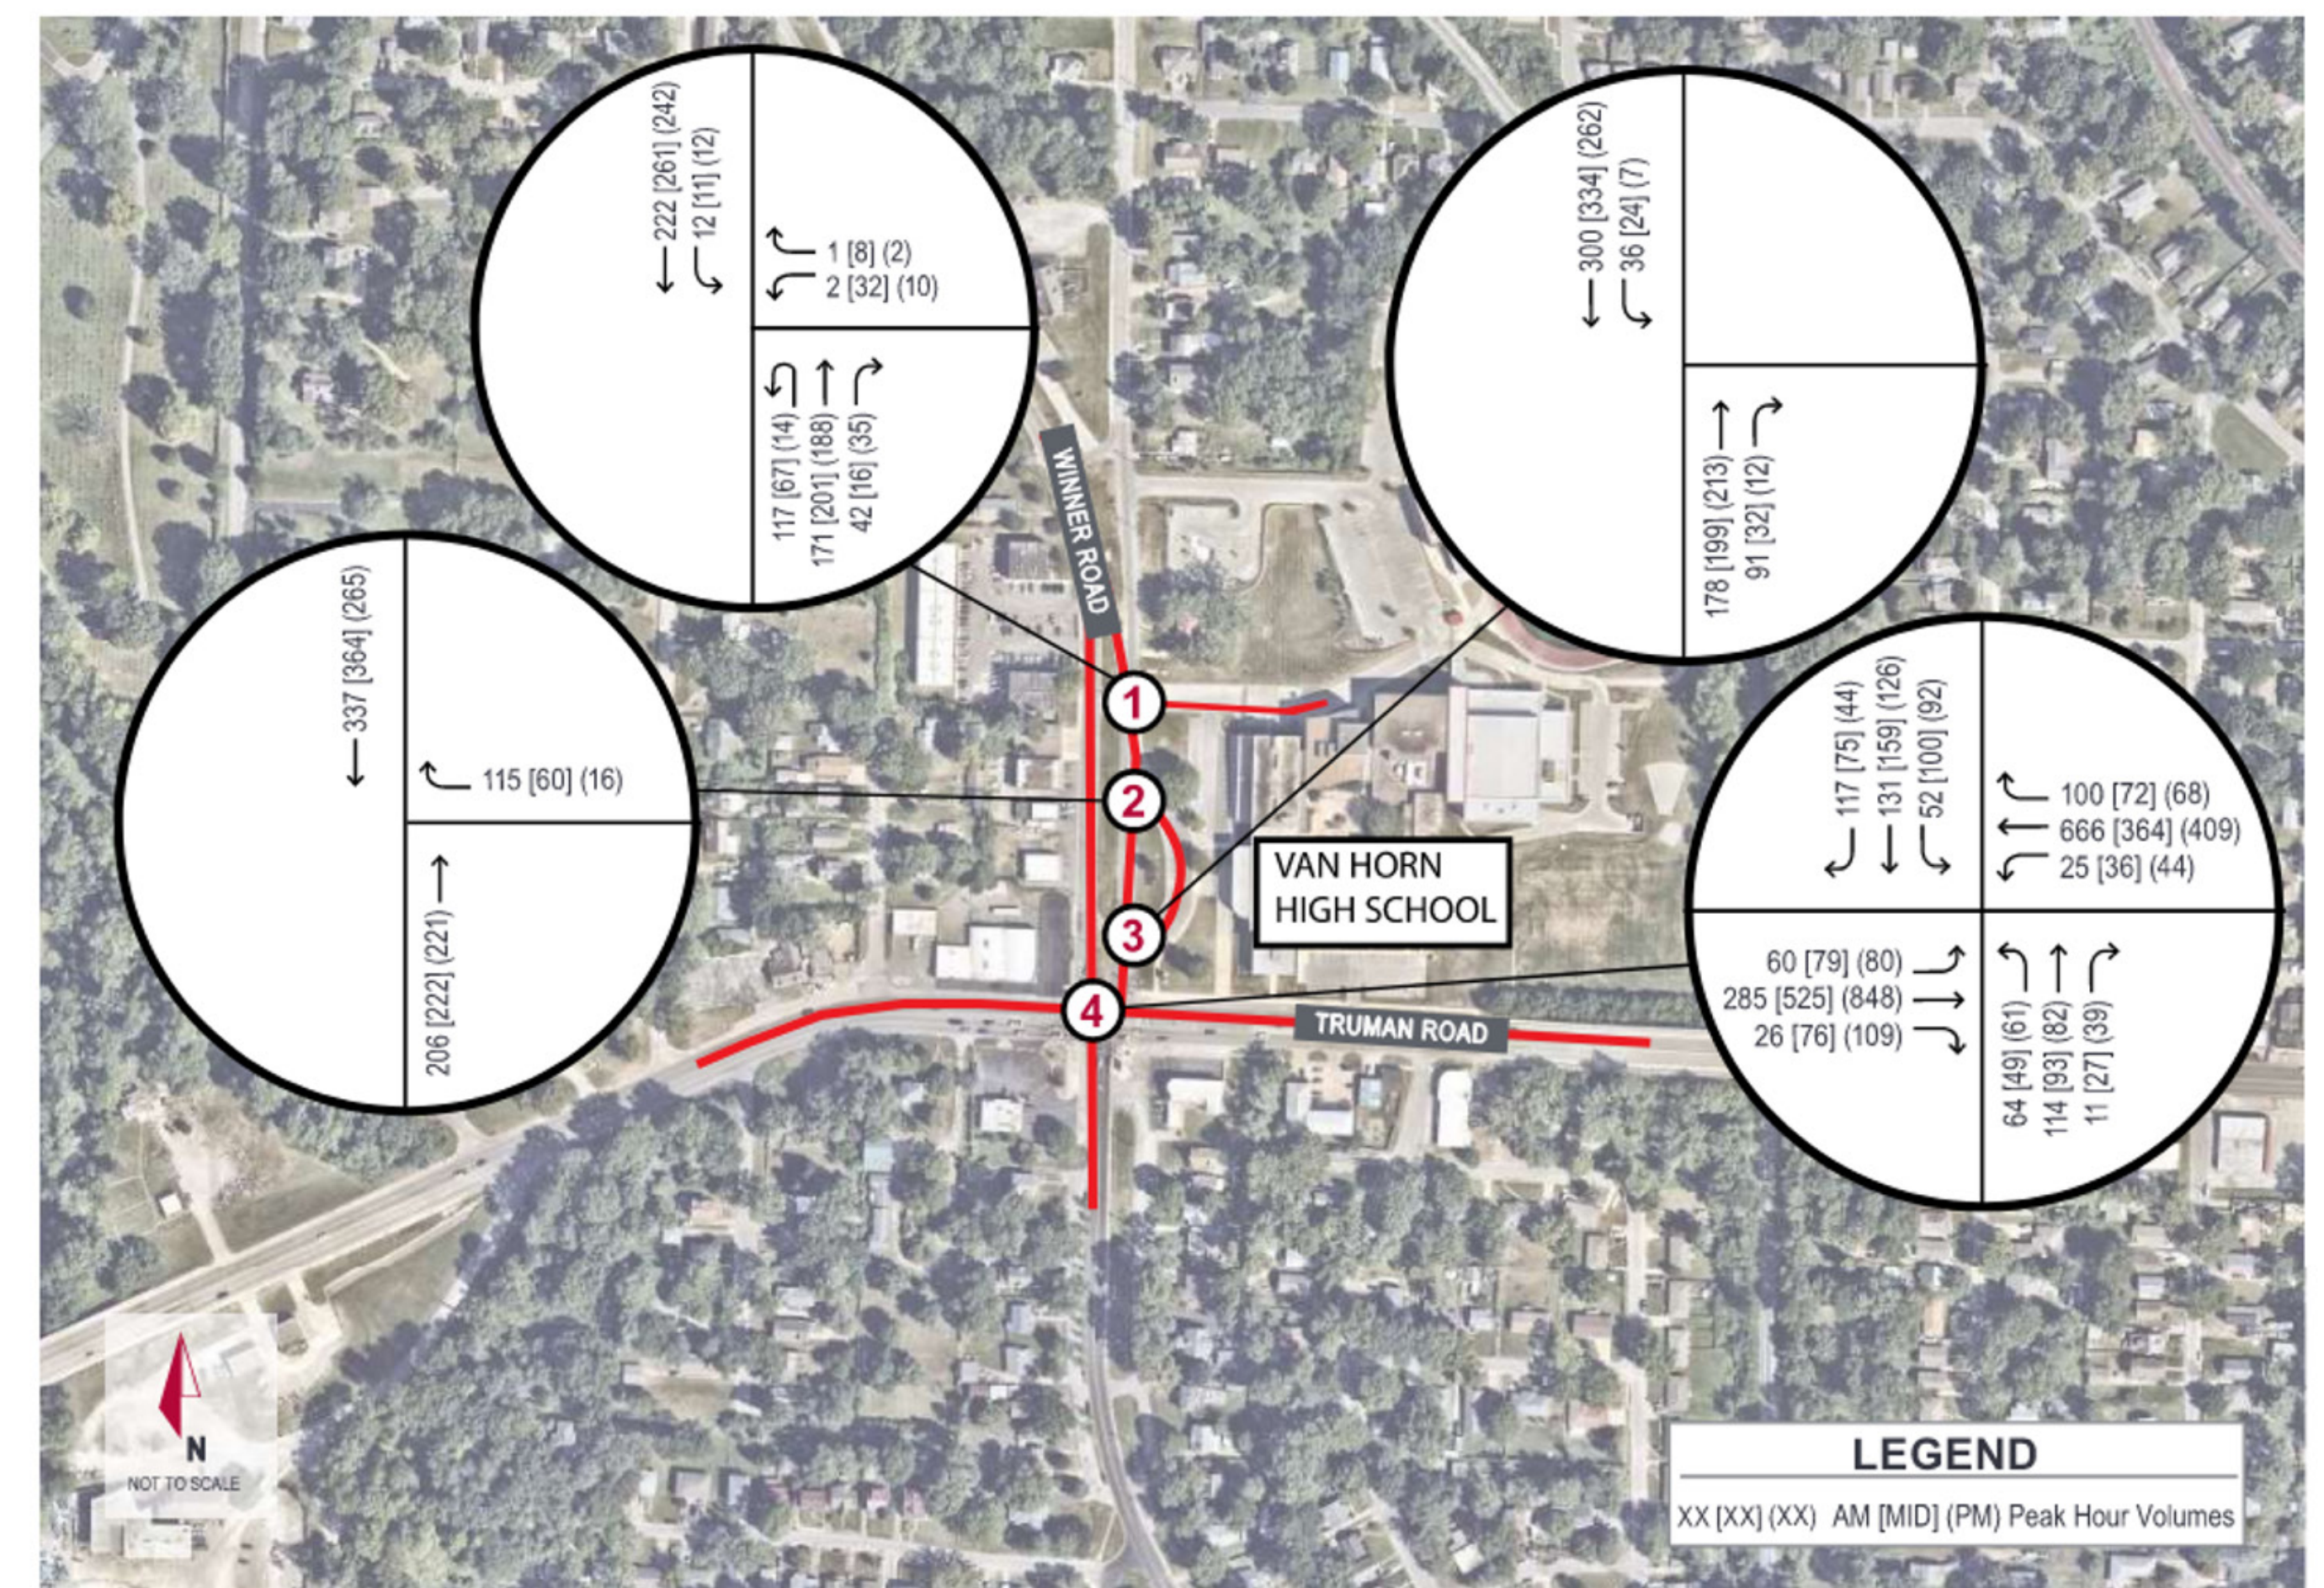

19 Total Crashes
 4-Left Turn
 4-Rear End
 3-Loss of Control
 3-Passing
 2-Left Turn Opposing
 2-Right Angle
 1-Pedestrian
 1-Suspected Serious Injury
 4-Minor Injury
 14-PDO

Next Steps

Comments Open Until April 15, 2024

We want to hear from you! We are accepting comments through April 15 via the project website.

- The public comments received at the Concept Public Meeting will help to inform the development of the preliminary engineering plans, with work on those anticipated to begin in the summer of 2024.
- A Design Public Meeting will be held when the preliminary plans are complete to provide the public another opportunity for input. That meeting will likely occur in late 2024 or early 2025.
