"CHaSE-ing" Dreams!

This past March, members of the Inspired 24 participated in spaceflight training at the Center for Human Space Exploration (CHaSE), located at the University of Arizona's Biosphere 2.

Participants of this 2-day program gained practical hands-on experience with donning (putting on), doffing (taking off) and pressurizing spacesuits safely and efficiently. The learning was a combination of classroom and hands-on activities.

On day one, they learned how to pressurize their suits and underwent smoke and fire training. Day two was pool day! In full spacesuit gear, our members practiced spacecraft egress at the University of Arizona's swimming pool.

Everyone had a great time challenging themselves in pursuit of their spaceflight dreams. Congratulations to all!

**Join the next CHaSE
spacesuit training,
November 16-17, 2024!!**

Member Spotlight!

Jyoti (Lady Light) KC

In March, on International Women's Day, KC embraced an exciting opportunity to advance her passion for space education.

With nearly six years of involvement in the space community, she champions diversity and self-reliance, emphasizing the importance of celebrating differences. Despite inquiries about her supporters, KC boldly asserts her independence and determination, reflecting the solitary yet empowering nature of her journey.
