

EV8000

Powered assistance for both upward and downward evacuation

The easier way to evacuate. Our powered solution uses Power-Climb technology to make negotiating stairwells that bit more less stressful. Capable of both one and two person operation.

FEATURES

- 1. Anti-slip height adjustable handle**
For ease of deployment, operation and compact storage
- 2. Easy to use control panel**
With on/off power and ascent and descent buttons
- 3. Additional operator handles**
For added stability when employing additional operators
- 4. Quick release 4-point harness**
4 point harness for increased passenger welfare
- 5. Rechargeable lithium ion battery pack**
Charging time 8 hours (When fully charged is the equivalent to going up and down a 5 storey building flight of stairs 30 times)
- 6. High strength aluminium frame**
Increased strength and robustness for continued use
- 7. Adjustable self braking tracks**
Reinforced adjustable tracks control speed of descent on all types of stairways
- 8. Industrial locking rear wheels**
For application in situations where the chair needs stay in a stationary position

DIMENSIONS

| Height | Width | Depth | Weight | Weight Capacity |
|-----------------|----------------|----------------|------------------|------------------|
| 116cms 43.3" | 57cms 22.4" | 32cms 12.6" | 33kgs 72.7lbs | 220kgs 440lbs |

BENEFITS

- Weight carrying capacity up to 220kg (440lbs)
- Easy to open, ready to operate in seconds
- Simple to operate
- Single person operation
- Lightweight construction
- Provides a rapid solution for safe emergency evacuation
- Minimal moving and handling required
- Allows small operators to transport passengers larger than their size
- Foldable for easy storage
- Fire retardant material
- Wall mountable • Low maintenance

INCLUDES

- Battery Charger (UK/EU/US)
- Rechargeable Battery
- 2 Keys • User Guide
- Passenger Headrest
- 4 Point Passenger Harness
- Way Finding Wall Sign
- Wall Mounting Hooks • Protective Cover
- Manufacturers Warranty
