Buzy B's Newsletter

Holiday cleaning information and schedule is included in this newsletter.

COVID-19 and 2020!

2020 has given us quite the year. I want to thank each and everyone of you for continuing to support my small business. We also appreciate those who took good care of us during those months that we were closed. Several clients called throughout calling to make payments towards future cleanings, sending payments to be given to the ladies, and even dropping food off for my family. Your kindness can't go without recognition and how much well you are appreciated.

We have a long fall and winter season to get through. We will continue to do our best with notice of schedule times, following safety and sanitary guidelines, and being available to you all. We want you to know if anything happens in regard to COVID-19 you will all be first to know. ~ Becky Hypolite, owner

Website....

We have a website that will link you to the newsletter should you happen to misplace it. Please use the link "newsletter2020" at our website: buzybscleaning.com. This is also where you can refer a friend.

Holidays....

Another Holiday Season is upon us! Below you will find the dates that we are closed due to the holidays to be with families. We have also included reminders about weather and cleaning hazards.

Weather~ During the winter months there is always potential delays due to rain, fog, or just the usual Sacramento traffic.

Every attempt is made to perform your regular cleaning as normal as possible, but the examples listed above sometimes hinders our schedule. If there is ever a problem that delays us more than usual, we will try and contact you. If necessary, we will inform you as soon as possible.

Please do keep in mind we don't give specific times for cleaning. Especially during the months of November, December, and January. We try to work quickly so when you and your family come home, you are not inconvenienced by our presence.

Cleaning Hazards~ Molds are more present in our tubs and showers during the colder months. The ladies here at Buzy B's are not allowed to use straight bleach or Tile-X or any other forms of bleaching products without Becky's permission. There is something you can do to help prevent these molds from growing.

Leave bathroom windows open slightly. Make a spray bottle of 2 parts bleach and 3 parts water, and mist your shower after each use.

Holiday Cleaning Hours for Residential and Commercial

Holiday Cleaning Hours for Residential and Commercial

Thanksgiving – Closed November 26th and 27th

Christmas - Closed December 24th-25th

New Years - Closed December 31st through January 1st.

Normal hours resume January 4th

If you are in need of additional cleaning or to cancel your regularly scheduled cleaning, please reach out to us as early as possible to rearrange as necessary.

Other Services

Some may know that I own a travel agency as well. Its important moving forward to be careful when using online websites for travel needs. Sites like Expedia, Cheap Tickets, Priceline etc are all third party sites with fees and no guarantee of services. And I'll bet you didn't know that these sites are not registered in the United States.

When you're ready to travel again, give me a chance to make your vacation easy, affordable, and worry free. I have 31 years of experience and have own my agency for 11 years now.
