--------------------------	----

We pay respect to the Algonquin people, who are the traditional guardians of this land. We acknowledge their longstanding relationship with this territory, which remains unceded. We pay respect to all Indigenous people in this region, from all nations across Canada, who call Ottawa home. We acknowledge the traditional knowledge keepers, both young and old. And we honour their courageous leaders, past, present and future.

THIS IS THE PLACE

Where the world comes to study

We're in that sweet spot — a perfect balance of big-city action and opportunity with an easygoing vibe that remains close to nature. Our picturesque campus in the heart of downtown Ottawa is an ideal setting in which to enjoy a world-class education.

Tap into our renowned reputation

We consistently rank among the top universities in Canada and the world.¹

Embrace bilingualism

We are the world's largest bilingual English-French university. It's what makes us unique. Here, you'll meet people from many different cultures.

Chart your own course

Customize a degree that's as unique as you are from our exciting array of more than 350 undergraduate programs. Consult our program tables on **page 38** to see everything we offer.

Live at the heart of it all

Ottawa consistently ranks as one of the best places in Canada and the world for quality of life. Our downtown campus is within walking distance of concerts, festivals, theatre and art in a vibrant city teeming with high tech, science, health and public sector jobs.

1. Based on Times Higher Education and QS World University rankings.

THIS IS THE PLACE

To become fully bilingual or improve your French

It's totally up to you. You can study entirely in English if you want — two-thirds of our students are enrolled in programs taught in English. Or you can enjoy the unique character, openness and cultural diversity that stems from our bilingual roots and leading role in the Francophone world. Whatever you choose, you'll hear French, English and many other languages on campus.

French Immersion

Boost your earning potential and job prospects through our French Immersion Stream. Bilingual workers earn much more than unilingual English workers — 17% more in Ottawa, 40% more in Montreal and 32% more in Toronto.¹

Write your assignments, lab reports and exams in your choice of English or French in nearly every course.

Receive an extra \$1,000 per year for studying bilingually with the French Studies Bursary.

80+ degree programs offer French Immersion.

Take at least 35% of your courses in French.

50 first-year courses offer special language classes to help you transition to university studies in French.

Pass or fail grades for courses taught in French in your first two years of study (except for science and engineering).

No French test required if you study entirely in English.

¹ – Statistics Canada, 2021 Census.

THIS IS THE PLACE

To add value to your resumé as you study

Get a head start towards your dream job by giving yourself that competitive edge. Take advantage of our many **paid** on-the-job CO-OP **work experiences** and work-study programs, volunteer placements, research activities and more. Gain valuable professional skills while you study.

5th

largest CO-OP program in the country

Get job-ready

Learn it. Know it. Do it. Live it. Enjoy **paid CO-OP** work terms **in your field of study** with our extensive network of more than 4,500 employers in the Ottawa-Gatineau region, elsewhere in Canada and abroad. Gain 16 months of valuable experience as you develop the work-ready skills that employers seek.

Earn
\$35,000 to
\$50,000

Typical sequence of study and CO-OP work terms

Year	Fall	Winter	Summer

5	Study	-	-

Get worldly with an international exchange

Gain valuable insight into our interconnected world by studying abroad for one or two terms. Pay your tuition fees to uOttawa and receive a **mobility scholarship of up to \$2,000**. Expand your horizons as a global citizen.

100+

partner universities

38

countries

THIS IS THE PLACE

Where we invest in you

Our scholarship and bursary program is one of the most generous in the country. We'll do all we can to help you reach your dreams with the lightest financial burden possible.

\$117 million

in scholarships and bursaries awarded in the 2022–2023 academic year to undergraduate students.

Although some types of financial assistance are awarded automatically, you must apply for others through our Online Scholarships and Bursaries portal.

How to apply

You don't have to wait to receive an offer of admission before applying for scholarships or bursaries!

You've got to be in it to win it. Don't be shy to apply! We encourage you to browse the complete list of the 1,600+ awards available on our Online Scholarships and Bursaries portal. Pay careful attention to the eligibility criteria.

Scan this code with your phone to see the **[list of available scholarships](#)**.

AUTOMATIC

To be eligible for these scholarships, you must be enrolled **full time for the first time in an undergraduate program** at the University of Ottawa (students transferring from another university are not eligible).

Admission scholarship

based on your admission average

\$1,000 to \$3,000 for your first year at university

95-100%	\$3,000
90-94.9%	\$2,000
85-89.9%	\$1,000

To get an idea of the broad range of scholarships we offer, go to **page 51**.

 For Canadian citizens, permanent residents or those that have protected person status only

 For international students only

French Studies Scholarship

For those who take three courses taught in French each term, or two courses each term if you're in French Immersion.

Value: \$4,000 (\$1,000 per year)

Bursaries for postsecondary studies in French as a second language

For those who completed their secondary school studies in an English-language institution and who are admitted to a French program or to French Immersion.

Number and value: 350 scholarships at \$3,000 each. Application required.

International English Scholarship

For undergraduate international students from specific countries who study in English, we offer automatic admission average-based scholarships.

Value: \$2,500 to \$12,500 (per eligible term), based on the faculty offering the program of study.

Differential Tuition Fee Exemption Scholarship for International Students

For international Francophone and Francophile students enrolled in a bachelor's program given in French or in the French Immersion Stream who take at least three courses taught in French per term.

Value: \$10,200 to \$16,000 (per eligible term), based on the faculty offering the program of study.

THIS IS THE PLACE

To be happy, well and thriving

We're here to help you take care of yourself. Dedicated professionals and fellow students who care about your health and wellness are ready to provide advice and support along your journey.

Health and wellness on campus

As a uOttawa student, you'll benefit from **on-campus access** to physical health, mental health and health education services. The Student Health and Wellness Centre's multidisciplinary team includes physicians, nurses, psychotherapists, psychologists and psychiatrists working together in a shared care model. There's also a dental clinic and a pharmacy on campus.

Academic accommodations

If you're living with a temporary or permanent disability, our **Academic Accommodations Service** offers support. You have access to specialized learning resources, including personal study plans as well as adapted exam transcription and interpretation services. For more information, go to our "Registering for accommodations" web page.

Pet therapy

Spend some time with our friendly pet therapy dogs! Our program, offered in partnership with Ottawa Therapy Dogs and other local groups, offers a great way to ease stress.

Community and culture

Join a supportive community that highly values diversity and inclusion. Here are just a few of many groups on campus:

Mashkawaziwogamig Indigenous Resource Centre

Academic and cultural support for First Nations, Inuit and Métis students.

The University of Ottawa's Students' Union oversees the **Pride Centre**, representing a culture of affirmation for 2SLGBTQIA+ students, and the **Racialized and Indigenous Students Experience Centre**, working towards anti-racism and decolonization.

THIS IS THE PLACE

Where we are all Gee-Gees!

Embrace our school spirit by joining one of our winning varsity or competitive teams, according to your gender identity, or by just showing up and cheering them on. You can also make new friends and stay active by taking part in one of our intramural sports and fitness activities.

THIS IS THE PLACE

To enjoy food, glorious food!

Eat like a gourmet on a student budget. Fuel your body and your brain with our wide selection of outstanding on-campus dining options. Our **award-winning**, all-you-care-to-eat Dining Hall is a student favourite — and your access to it is unlimited with the purchase of a meal plan.

92% overall satisfaction score.

Special events such as guest chef presentations and themed menus.

Sustainability: A key ingredient in every recipe

- 100% compostable zero waste design
- Certified Fair Trade Campus
- First Canadian university with a 3-star Certified Green restaurant

Do you have any dietary preferences or restrictions?
You'll find a wide variety of meal options to suit your needs.

You also have a variety of yummy spots to choose from on campus — Bento Sushi, Paramount, Première Moisson, Starbucks, Tim Hortons and more! Not to mention our **food truck festivals**, **Poutine Week** and **free BeaverTails** during our annual Snow Festival.

Meal plan prices for 2023–2024 (8 months)

5-day plan — \$6,130

7-day plan — \$6,750

Declining balance plan — \$4,500

THIS IS THE PLACE

To make residence your home

Ease into university life and get better grades. Living in residence is a great way to make friends, enhance your student experience, get involved in your community and benefit from academic support.

Living Learning Communities and Themed Communities

Looking to live and connect with others with the same courses and interests as you? Our Living Learning Community and Themed Community residences foster a sense of belonging by placing you in a group based on what you're studying or your common interests.

Communities include:

- Nidjinawendàganag — All My Relations
- Vivre en français
- Many faculty-specific communities

Guaranteed housing for first-year students*

Safety ambassadors in residence

Social activities, theme nights, sports tournaments, local volunteering, talks

*To benefit from the housing guarantee for first-year students, you must be admitted to an undergraduate program starting in the Fall term and reserve your spot by paying a \$700 deposit by June 1, 2024. This guarantee doesn't apply if you've already completed more than five university courses or the equivalent. Students from CEGEP or college admitted in second year can also benefit from the housing guarantee.

You can also consult the program tables on **page 41**.

Choose your academic path

Scan me to know more about **customized degrees**.

The University of Ottawa offers 350 flexible undergraduate programs in English and French that let you create your academic path with customized degrees.

Follow these steps to help you make the best choice.

1

Find what sparks your interest

Go to the faculty pages online for detailed program descriptions. To get there, scan the QR codes on our faculty pages in this brochure.

Want to make sure the program you're considering matches your career plans?

Check out our “What can I do with my studies?” resource.

2

Choose a main discipline

For most programs, you have to choose a main discipline when you apply. Depending on the discipline you choose, you'll be admitted to one of the following:

H Honours	4 years
JH Joint honours	
M Honours with major (with second discipline)	
 Dual fast-track degree	5 + years
B Bachelor's	3 or 4 years

3

Explore possible combinations

To better understand the various discipline combinations available for your academic path, see pages 38 to 41.

4

Consider CO-OP

71 undergraduate disciplines allow you to combine paid work placements with courses for an honours degree. To see what disciplines offer CO-OP, look for the  symbol.

5

Consider studying in French

Our French Immersion Stream allows students coming from English-language schools to include courses taught in French in their program and receive a mention of French Immersion on their diploma. To see what disciplines it's offered in, look for the  symbol.

6

Find out more

We've set up a range of events designed to help you get to know us better, including open houses, campus tours and virtual information sessions.

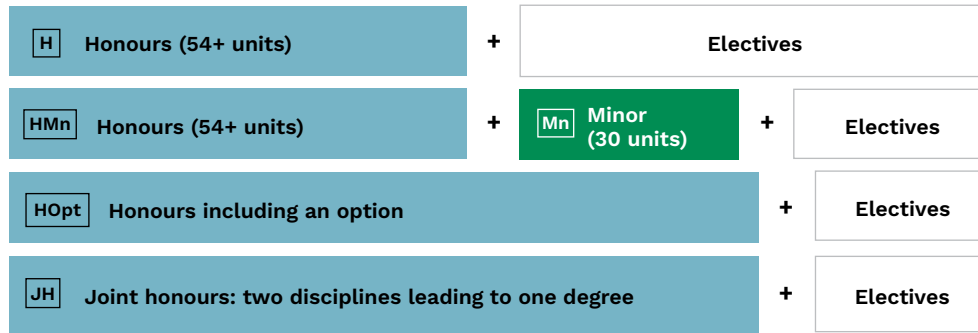

Visit our Canadian admissions events web page for details.

If you have any questions about which program to choose, email the Liaison Office at

liaison@uOttawa.ca.

Honours bachelor academic paths

120 UNITS* = 4 YEARS *Each successfully completed one-term course is worth 3 units towards your degree.

Honours degree | Double major | Major and minor

Dual fast-track degrees

129 to 189 units = 5 years or more

Honours double degree — Integrated path leading to two undergraduate degrees

Integrated path leading to an honours and master's in less time

Other academic paths

Professional studies (2 years or more)

To be admitted to Civil Law, Common Law, Education or Medicine, you must have prior postsecondary studies.

Graduate studies (1 year or more)

To be admitted for graduate studies, you must have successfully completed a four-year honours bachelor degree.

Certificate (1 year)

To be admitted, you might require professional or academic experience.

Choosing your academic path

Creating your own unique educational path can be a little overwhelming. We're here to help!

The most important thing you need to do as you enter your first year of university is to **choose your main discipline**. You won't have to start making other choices until your second year but it's always good to look ahead.

Our academic paths offer a range of choices, from specializing in one or two main disciplines to taking a multidisciplinary approach with greater freedom to mix three or more disciplines.

Some courses in your program are compulsory. Electives, on the other hand, are courses you're free to choose. They allow you to discover a new passion. They can include sets of courses in one field, called **microprograms** or **options** that you add to your main program.

If you strive for excellence and thrive on challenges, consider our integrated and combined dual fast-track degrees. Our streamlined approach means you get the same high-quality qualifications in one or two fewer terms of study.

To see everything we offer, check out the tables on pages 38 to 41.

Academic paths by faculty

for programs not requiring prior university studies

H Honours	 Dual fast-track degree — integrated path leading to two degrees
HOpt Honours including an option	LLL Civil Law
HMn Honours with minor	JD Common Law

Apply for admission — Step-by-step

1

Select a program

Select the faculty and discipline for your application.

Undergraduate
studies

2

Fill out your application

Apply online via the Ontario Universities' Application Centre (OUAC) at ouac.on.ca. Information about the admission process, deadlines, required documents and prerequisites is available on the University of Ottawa website. You can apply starting September 21, 2023.

Applying for co-operative education (CO-OP)

If you want to apply for CO-OP, be sure to select the CO-OP box on your OUAC admission form. You must have an average of at least 80% (or at least 75% if you've completed two years of CEGEP) to be eligible for admission to CO-OP. If you aren't admitted with CO-OP, you can try again at the beginning of your second year.

Applying for French Immersion

You can apply for French Immersion if you've studied French as a second language or core French. You must also pass the University of Ottawa's French Immersion Entry Test.

To apply for French Immersion, select "YES" for French Immersion when submitting your application through OUAC. French immersion is available only in programs offered in English to non-Francophone students.

3

Submit documentation

If you're studying at a high school in Ontario or British Columbia or at a CEGEP, your official transcript will be sent to us automatically through OUAC. If you're studying elsewhere, you must submit your transcript on your own through uoDoc, in uoZone, the uOttawa student portal.

Complete a Declaration of Personal Experience

Admission to the University of Ottawa is not just based on your average. If you've faced challenges that have affected your progress and grades but have helped you develop other skills and aspects of your life, tell us about your journey. You can find a link to the form in your admission file, in uoZone. You aren't required to complete the form. This form can only be submitted by Canadian citizens, permanent residents or those with refugee status.

4

Receive our decision

We begin sending out offers of admission in November after we've received all required documentation. Your admission offer can be viewed in your admission file in uoZone.

5

Accept your offer before the deadline!

If you've been admitted, be sure to accept your offer of admission on the OUAC website before the deadline. You'll find this information in your offer of admission in your admission file, in uoZone.

For a list of important dates and specific details on how to apply for admission at the University of Ottawa, go to uOttawa.ca/study/undergraduate-studies.

Ontario

Applying for admission from an Ontario high school?

Scan me for in-depth details about how we evaluate your file, how we calculate your admission average and more.

You can be in the process of obtaining the following when you apply, but you'll need:

- Ontario high school diploma
- 4U-level program prerequisites
- Six 4U-, 4M- or DU-level courses
- Required minimum average*

3 rounds of offers for most programs!

*Based on your six best interim or final grades in 4U, 4M or DU courses, including the prerequisites for your chosen program. This is also used to determine your eligibility for admission scholarships.

Admission requirements for Canadian high schools — a snapshot

Students in Canadian high schools must have or be in the process of getting a diploma from their province or territory and meet the minimum requirements shown here. Get a head start! If you're a Grade 12 student who has received your first-term final or mid-term grades, upload your transcripts using the uoDoc application (accessible via uoZone, the uOttawa student portal) to be considered for early admission.

Required admission averages for all provinces and territories except Quebec are the same as for Ontario.

Courses equivalent to the Ontario mathematics prerequisites

	Both Calculus and Vectors 4U AND Functions 4U	Advanced Functions 4U OR 4U Mathematics course
British Columbia, Nova Scotia, Yukon	Calculus 12	Mathematics 12
Alberta, Northwest Territories, Nunavut	Mathematics 30-1	Mathematics 30-2
Saskatchewan	Calculus 30	Mathematics 30
Manitoba	Calculus 45S	Mathematics 40S
New Brunswick	Pre-Calculus B120 or Calculus 120	Pre-Calculus A120
Prince Edward Island	Mathematics 611	Mathematics 621
Newfoundland and Labrador	Calculus 3208	3000-level Mathematics

All program-specific prerequisites must be Grade 12 courses, unless otherwise indicated. For complete admission requirements, visit our [undergraduate studies](#) website.

Admission with advanced standing

International Baccalaureate: You can receive advanced standing for higher-level subjects you've passed with a score of 5 or more.

Advanced Placement program: You can receive advanced standing for subjects you've passed with a minimum score of 4.

The amount of advanced standing you receive depends on the program to which you're admitted.

Quebec

You can apply and be admitted straight from Secondary V or after you've passed some or all of your CEGEP courses.

Over

5,800

students come from Quebec

If you've passed 12 or more CEGEP courses, you could jump ahead in your university studies thanks to the advanced standing we offer. This means you could receive advanced standing for five to 10 university courses, depending on the CEGEP courses you've passed, the grades you've achieved and the program to which you're admitted.

You have three pathways for admission if you're from Quebec:

1 Secondary V

You can be in the process of obtaining the following when you apply, but you'll need:

- Quebec high school diploma
- Five Secondary V courses
- 82% to 87% minimum average for most programs (based on your five best interim or final grades, including the prerequisites for your chosen program)

Scan me for **in-depth details about how we evaluate your file as an applicant from Secondary V, how we calculate your minimum average and more.**

2 CEGEP (12 to 16 courses)

You can be in the process of obtaining the following when you apply, but you'll need:

- 12 to 16 CEGEP courses, excluding make-up courses
- 73% to 87% minimum average and prerequisites

3 CEGEP (17 or more courses or with a DCS)

You can be in the process of obtaining the following when you apply, but you'll need:

- 17 or more CEGEP courses or DCS, excluding make-up courses
- 63% to 82% minimum average and prerequisites

Scan me for **in-depth details about how we evaluate your file as an applicant from CEGEP, how we calculate your minimum average and more.**

Good to know

- For programs with a mathematics prerequisite, students admitted based on their mathematics grades from Secondary V may be required to take up to two mathematics make-up courses at the University (or an equivalent course from another institution) either the summer before their first term or during their first year.
- A minimum average by course or a combined minimum average may be required for prerequisite courses in science and in mathematics.
- If you're missing a CEGEP prerequisite but have completed its Secondary V equivalent, you must have a grade of 80% in this course and provide us with your official Achievement Record.

Overview of prerequisites

Faculty of Arts	Secondary V	CEGEP (12 to 16 courses)	CEGEP (17+ courses or DCS)
Average	82 to 84%	73% +	63% +

Average	N/A	N/A	80 %
Prerequisites	N/A	N/A	Have or be in the process of obtaining a Diploma of College Studies (DCS)

Information for international students

uOttawa's international profile

The University of Ottawa offers a warm welcome and a wide range of support services to international students to help you succeed. Our International Mentoring Centre features a student Buddy Program as well as eight student mentors from around the world who are ready to help.

English language requirements

If you're applying for an English-language program and haven't completed at least three years of full-time study at an institution where English is the only language of instruction (excluding language courses) in a country where English is an official language, you must submit your official score on one of the language tests below. Even if you achieve the required score, we reserve the right to ask you to take language courses if we feel that your knowledge of one of Canada's two official languages isn't satisfactory. The English 4U course, or its equivalent, is still a program prerequisite.

Admission isn't guaranteed. If you retake a test, we'll use your most recent score. The test centre must send us the official results directly online.

For the latest information and instructions, see our website: uOttawa.ca/study/undergraduate-studies/language-requirements

What if my language test score isn't high enough?

Depending on your scores, you could be admitted with language conditions. If your score is below the required score, you could be conditionally admitted to your academic program so long as you enrol in one or two English as a second language courses during first year or undertake to complete the English Intensive Program (EIP). If you pass the most advanced EIP course (ESL 0140) with a final grade of B or better, you don't have to take a language test.

olbi.uOttawa.ca/cll/eip

Test required	Minimum score	Minimum score for conditional admission with enrolment in the English Intensive Program
TOEFL Internet based	Overall score of 86 and writing score of 22	Overall score of 60 and writing score of 20 Or overall score of 70 and writing score of 16
IELTS	Overall score of 6.5 and writing score of 6.5	Overall score of 4.5 and writing score of 5 Or overall score of 5 and writing score of 4.5
DUOLINGO	Overall score of 120 and literacy score of 120	Overall score of 80 and literacy score of 80

Other scholarships and bursaries

The scholarships and bursaries we offer reflect the diverse community we serve. We reward and nurture excellence, but we also lift up promising students from all backgrounds.

For outstanding students

We're proud partners with generous benefactors who grant up to \$220,000 annually for tomorrow's leaders. Ask your guidance counsellor for details.

Schulich Leader Scholarship

For two entrepreneurial-minded leaders interested in pursuing a career in technology, engineering or applied scientific research.

Value: \$100,000 to \$120,000

Deadline: January 2024

Loran Award

For students who demonstrate character and believe in pushing boundaries by questioning the status quo, while showing a commitment to positive change.

Value: Up to \$100,000

Deadline: October 2023

Indigenous Leadership Scholarship

For an Indigenous person who shows leadership and engagement in both studies and extracurricular activities.

Value: \$26,000 (\$6,500 per year)* or \$19,500 (\$6,500 per year) if you're in Civil Law

Deadline: March 31, 2024

* Finalists in second, third and fourth places receive a one-time \$1,500 award.

If you need a helping hand

Father Roger Guindon Student Assistance Fund

For those who've overcome or are dealing with significant, long-term life challenges.

Value: Maximum \$20,000

Deadline: March 31, 2024

University Of Ottawa Personal Experience Admission Scholarship

For students admitted with a Declaration of Personal Experience, helping them to ease the adjustment between high school and university and encouraging their university studies. No application required.

Value: Minimum \$1,000

Admission Scholarship For Elite Student-Athletes

For athletes on a varsity team who meet the U Sports criteria. No application is required.

Number: Variable

Value: Maximum of \$5,000

Browse the 1,600 scholarships we offer.

For details on our automatic entrance scholarships, go to **page 9**.

Tuition and ancillary fees — two terms (2023–2024)

Faculty	Ontario	Canadians outside Ontario	International
Arts, Health Sciences and Social Sciences	\$6,088	\$6,712	\$43,335
Science	\$6,088 to \$9,105	\$6,712 to \$9,560	\$43,335 to \$55,683
