Since 1958, the Lexington Woman's Club has worked to improve the quality of life for the citizens of our community. Some of these endeavors include providing shelter for veterans and broken families, increasing breast cancer awareness, assisting with construction projects at Lexington County Public Library, in addition to providing yearly scholarships for deserving Lexington School District One Students for over 25 years.

This year's LWC's 38th Annual Charity Golf Tournament will benefit the Lexington County Police Department's Training Complex. Proceeds will also continue to support our annual college scholarships for two qualifying seniors enrolled in Lexington School District One and one graduate of the Lexington One Adult Education Program.
