RELIEF EFFORTS TO REBUILDING  
WNC

# CABINS<sub>4</sub>CHRIST

## The Response.....

When my wife and I delivered the first camper to Swannanoa, North Carolina three days after Hurricane Helene destroyed numerous small communities, we both agreed we could not return to our home in Central Virginia.

After seeing firsthand the devastation caused by rushing waters that tore through small communities that swept loved ones out of the hands of family

members as they held onto them with all their strength until the powers of the water littered with debris swept their loved ones away.

These same waters destroyed over 100,000 homes, taking memories and dreams, and personal belongings downstream and burying them in feet of mud and silt.

While watching this tragedy unfold, I asked The Lord what could we do? It was then He "The Lord" provided a vision to begin building 8 x 16 Cabins that we named "Cabins4Christ"

With tear filled eyes my wife, my daughters, and some really close friends set out to build 26 Cabins, after meeting with a number of leaders in the community we quickly realized 26 Cabins would hardly make a dent in the need.

We increased our number to 75 which we knew if the Lord led us to it, He would lead us through it.

I am so humbled to report to you that in 10 short weeks Cabins 4 Christ has delivered over 175 Campers and Cabins throughout Western North Carolina. During this same timeframe, Cabins 4 Christ led by my wife has delivered over 10 semi loads of buddy heaters, canned foods, dried goods, produce, propane, blankets, new clothing, diapers, wipes, feminine products, adult incontinence products, 3 semi loads of bottled water, energy drinks, and many emergency items were distributed throughout the affected areas.

Additionally, Cabins 4 Christ fed over 2500 hot meals over the course of 10 weeks to individuals and families.

Because of faithful ministry partners like you, our family has committed to staying in Western North Carolina throughout 2025 rebuilding and repairing storm damaged homes.

Our focus will be on the elderly and shut-ins first.

We understand many elderly folks can't get mortgage loans to buy a new home or even do the needed repairs to return into their family homes. Their only hope to rebuilding is from volunteers and donors like you.

I would like to personally thank you for your giving, but most of all your continued prayers for the people of Western North Carolina, our faithful volunteers as well as our family.

We are honored beyond words to have you as a partner in this ministry.

Until His Nets are Full, or Until He Calls Us Home.
