A vertical photograph of a sunset over rolling hills. The sun is a bright, glowing orb on the horizon, casting a warm orange and yellow light across the sky and the landscape. The hills are silhouetted against the bright light, creating a layered effect of ridges and valleys. The sky transitions from a pale blue at the top to a deep orange near the horizon.

Maya Angelou

The important thing is not to be bitter over life's disappointments. Learn to let go of the past. And recognize that every day won't be sunny, and when you find yourself lost in the darkness and despair, remember it's only in the black of night you see the stars. And those stars will lead you back home.
