- \$240, checks made out to Lovin' Mama Farm.

I understand that by paying up front for my flowers at the start of the season, I am taking on a similar risk as the farmers for crop failures based on weather events or other unpredictable events. I understand that it is my responsibility to pick up my bouquet each week, or have a friend or family member do so in my absence. I will not be able to double up on following weeks to make up for my absence.
