BRENT CARE JOURNEYS * BULLETIN 9

A bite size update for November

Team

This month, we are interviewing for a permanent Senior Project Worker and for more care experienced Assistant Project Workers.

Share the opportunity to work for BCJ (Barnardo's) with your young people. The vacancy is still live and available here: <https://weshinebright.co.uk/opportunities>.

We co-created this application process, so it couldn't be easier.

Reasons to celebrate

Here and Now: Youth Led Change

Last year we were asked to enable Brent to codesign the review of the Local Offer to Care Leavers. We jumped at the opportunity to make significant change for young people now and in future.

We engaged some of the least heard groups of care leavers to design an offer which is meaningful to them. We offered bespoke opportunity for care experienced parents, unaccompanied asylum seeking children and those who, post case closure, hold valuable hindsight.

Their recommendations to the Corporate Parenting Committee were rich and challenging, but unanimously accepted. Two particular highlights are the introduction of **free gym membership** to all care leavers and the giving of a **new baby starter pack**, designed by and for care experienced parents.

Our next steps are to work with the Care Leaving, Digital and Design teams to update the content of the offer, transform its presentation and accessibility, in accordance with our mandate from young people.

And don't forget..

Therapart is a thriving and nurturing creative wellbeing space, run by a care leaver for other care leavers.

We meet every **Monday 5pm, Civic Centre**.

Suitable for a range of ages and languages.
