

New items in italics Items that were normally unpainted have been chemically aged to resemble unpainted lead

NOTE REGARDING PRICES - many items I sell are also available via my ebay account, en-avant.

Any item on this list can be added to ebay if you prefer to purchase that way. However, recent changes to the way that ebay is processing payments and complexities due to Brexit may mean that ebay prices will be higher.

Any item sold as primed can be painted in original finish for a nominal charge.

Items sold fully painted can be supplied in customer specified custom finish, quotes supplied upon request.

Most primed or painted items can be supplied unpainted, prices upon request.

ToD1406	French Dinky Arc-en-ciel	tba	Various colours boxed	Coming soon

Restoration Service

I have been restoring lead and diecast toys for over forty years, mostly for my own pleasure and collection but occasionally for friends. Since 2006 I have been producing 'recreations' of Britains OO/HO Barrage Balloon vehicles using a combination of original parts and white metal/resin castings - usually on a commissioned basis. These include replica boxes. In order to control costs I produce my own parts for these recreations. I am willing to quote for the restoration of similar lead and diecast toys (vehicles, aircraft, figures, etc) using my own parts or commercially available ones, this could include specially cast parts if not available commercially.

Quotes freely provided - just send me some photographs of your restoration project.

Examples of restored vehicles above, Fordson Van finished in 'Britains' livery and Centurion Tank in desert sand (fitted with my replacement barrel) - neither livery was issued by Britains. Replica boxes shown.

TERMS & CONDITIONS

To order items please send an email to retrotoyspares@yahoo.co.uk with a list of your requirements, I will send you an invoice for payment by Bank transfer or PayPal (preferred) with Post & Packing at cost added. Cheque/PO (UK Banks only) accepted also but cheques can take five days to bank and then five days to clear - items posted when cheque cleared.
