

**Job Title:** Licensed Mechanical Contractor (CMC Full License Holder)

**Job Type:** On-site, Exempt, Salary

**Job Location:** Clarksville, TN

**Job Description:**

We are seeking a skilled and licensed Mechanical Contractor with a valid CMC Full Mechanical License in the state of Tennessee to lead and support mechanical construction activities across various project sites. This individual will be responsible for overseeing HVAC and plumbing installations, ensuring regulatory compliance, and supporting project execution alongside our internal teams and external partners.

**Your duties will include:**

- Oversee mechanical construction projects (HVAC, heating/cooling systems, plumbing, etc.)
- Handle permit applications and inspections using the CMC Full license
- Interpret blueprints and specifications, manage work plans and schedules
- Ensure quality control, site safety, and code compliance
- Coordinate with project managers, engineers, and clients

**Your qualifications are as follows:**

- **Valid Tennessee CMC Full Mechanical Contractor License (required)**
- 5+ years of relevant field experience preferred
- Experience with both commercial and residential systems is a plus
- Ability to communicate in English or Korean
- Strong leadership, problem-solving, and organizational skills
