

Ausome Indy Moms Retreat

The Ausome Indy Moms Retreat is a weekend of sessions designed to create a meaningful space for mothers raising autistic children to rest, connect, learn, and feel less alone. Throughout the retreat, moms will gather for intentional meals, creative activities, peer connection, advocacy conversations, and reflective experiences that honor the realities of autism parenting. Select sessions will also welcome children, with sensory play, crafts, and outdoor activities designed to create a safe and inclusive environment for Ausome kids while moms connect.

Your sponsorship helps make this retreat accessible, thoughtful, and deeply supportive for families who often carry extraordinary caregiving responsibilities with limited opportunities for respite and community. Thank you!
